- VP6 - Kan, JA1BK and Jacky, F2CW/ZL3CW were active as VP6BK and VP6CW from Pitcairn (OC-044) last weekend. It is worth visiting Kan's web pages (<http://www.iijnet.or.jp/JA1BK/index2.html>) and reading what he wrote on 7 March, as it seems he has found a potential new Entity for the DXCC programme. Kan does not give the name, but it should be Ducie Island (OC-182). "Pitcairn will apply for membership into the International Amateur Radio Union (IARU)", The Daily DX reports. "If Pitcairn were to become a Geopolitical DXCC Entity it looks as if Ducie would clearly make the distance, thus becoming a new one. This C shaped island is 540 kilometers east of Pitcairn, but more importantly it is approximately 377 kilometers east of Henderson Island, which is the closest island. It will take a minimum of 6 months to become a member of the IARU and possibly as long as 12 months".
- VP8_ant - Mike, GM0HCQ is currently active as VP8ROT from Rothera Base on Adelaide Island (AN-001). He is expected to be in Antarctica for one month. QSL via home call.
