>>> 425 DX NEWS * MAILING LIST PROBLEMS <<<

Owing to the growing number of subscribers, the 425 DX News Mailing Lists are having serious problems beyond our control, and there is a fairly high risk that they simply stops working. We are now working on widening the number of volunteers involved in the time consuming mailing list and web site administration, in order to provide the reliable service our readers used to enjoy. At all events, 425 DX News continues being compiled and made available on the PacketCluster and via the DX Mailing Lists. Thank you for being patient during this period of transition, and please pass the word on to 425DXN subscribers.

- A6 - Don, N1DG will be active from the QTH of Saeed, A61AD on 15-21 November. He plans to operate in his spare time on 40-10 metres mainly CW, RTTY and PSK. QSL via N1DG. [TNX The Daily DX]
- F - Special event call TM6OSA will be aired on all bands and modes on 14-28 November to celebrate the 60th anniversary of the liberation of the town of Saverne (30 kilometres from Strasbourg). QSL via F6GXL. [TNX F5NQL]
- FH - Gerard, F6BEG has had to postpone his 1-12 November activity from Mayotte [425DXN 704]. However Maurice, FH/F6AIG is currently active and will remain on the island until March 2005. [TNX F6BEG]
- HP - Wil, DJ7AA and Tina, DL6MYL will operate from Contadora Island (NA-072) from 19 November to 7 December. They will concentrate on the low bands (look for Wil on 1625.5 from around 03.00 to EU sunrise) and on 30 metres, plus some CW/RTTY activity on the WARC bands. Wil will participate in the CQ WW DX CW (Single Band) and ARRL 160 Meter Contests. QSL via DL6MYL. [TNX DJ7AA]
- HS - HS72B [425DXN 675] will be activated from the SEANET Convention Hotel in Bangkok on 19-21 November. Starting from 23 November, expect more activity on the low and WARC bands, as a group of experienced LF DXpeditioners has offered to bring equipment and antenna hardware to help launch several intensive LF and WARC operations together with Thai operators. On 23-28 November look for activity on 10, 15, 20, 40, 80 and 160 metres, with an emphasis on the LF bands. HS72B will participate in the CQ WW DX CW Contest as a Multi-Multi entry, while the period from 29 November to 12 December will be dedicated to LF and WARC band operation by the visiting DXpedition team (namely DL3DXX, DL5LYM, WA6CDR, N5IA and G4ODV). QSL via E20NTS. [TNX The Daily DX]
- I - Look for special station I11TPG (www.i11tpg.it) to be aired again on 3-5 December. This will be the official amateur radio station for
