AO-51 & ASIAN DISASTER ---> The following message is from Mike Kingery, KE4AZN, Echo Command Team Amsat VP Operations.

"In an effort to lend any assistance possible to the Earthquake/Tsunami disaster area, we will configure and open AO-51 for use as a store and forward message satellite for those in the disaster area. Therefore at this time we will cancel the current schedule for AO-51. The planned mode change to the FM Repeater in high power will not occur.

AO-51 will be reconfigured at approximately 0305 utc on 30 December to operate as a Store and Forward PBBS. The PBBS will still be open to general amateur use, but amateur operators should be ready to cease BBS operations at any moment, when we start to receive message traffic. We ask that all unattended PBBS operation stop until further notice. AO-51 PBBS users may be requested to help download and forward messages. More information about how

amateur operators can help will be forthcoming.

The FM repeater (Downlink 435.300 Mhz, Uplink 145.920 MHz) will be turned off to allow maximum power to be used on the PBBS downlink.

The configuration for AO-51 PBBS will be or normal setup: Downlink: 435.150 MHz, FM 9600 baud PacSat BroadCast Protocol (PBBS) Unlink: 145.860 MHz FM, 9600 baud PacSat BroadCast Protocol (PBBS)

Anyone that can help contact those in the disaster area and inform them of the Satellite resource is encouraged to do so".

CQ MAGAZINE ANNIVERSARY ---> CQ Amateur Radio magazine will celebrate its 60th anniversary in 2005 and celebrations will include a "CQ Gang" activity to be held from 1 January to 1 March - all those who have ever had an association with CQ magazine may sign "/60" (six zero) after their callsign. Complete rules for the "CQ/60" Operating Activity and the relevant "CQ Gang Award" are at <http://www.cq-amateur-radio.com/CQ60> Award Dec04.pdf

PIRATE ---> Your Editor (I1JQJ) has been repeatedly pirated on the packet cluster - is there any need to say that in my limited spare time I like chasing DX and compiling 425 DX News better than posting stupid and nasty announces? Many thanks to all those who have expressed their sympathy to me.

QSL VK4UC ---> The newly printed QSL cards have been received and Kim Larson, daughter of N3SL, has processed just over 400 cards (about 50 of those were direct, the rest went to the ARRL outbound bureau). At the moment the 2002 WPX CW, Oceania Contest and CQWW CW logs are missing. [TNX N3SL]

QSL VK9LA & VK9LW ---> Bill, VK4FW reports that all direct cards received up to 30 December have been answered. A reminder to all: "overseas postage here has increased to \$1.80", Bill says, "a single USD no longer covers return postage".

THE SCOTTISH HAM PORTAL TROPHY ---> The Scottish HAM Portal (<http://www.scotham.net>) introduces a new trophy for Scottish amateur radio stations. The objective of this trophy is to highlight the most active Scottish amateur radio station in the outgoing year. Please send your vote to nominate the most active Scottish amateur radio station in 2004 of your choice via mm0dfv@scotham.net (deadline is 15 January 2005). Everyone is eligible to vote.
