- 3Y - Three new team members - namely Mel/W8MV, Don/N6JRL and Mike/FM5CD - have joined the 3Y0X DXpedition to Peter I. There are still a couple of team slots available and they are especially keen to find a team physician; if you have an interest please contact Bob, K4UEE (mallphin@aol.com). The team should depart Punta Arenas (Chile) around 27 January and return around 25 February. This will allow about sixteen days on the island, depending on weather and other factors. Please visit [www.peterone.com](http://www.peterone.com) and if possible make a contribution toward the significant expenses of this DXpedition.
- 4X - Dov, 4Z4DX and Alex, 4Z5KJ plan to operate SSB and CW as homecall/p and/or 4X0AI from Akhziv Island (AS-100) on 27-28 August, from 15 UTC through 15 UTC. Amateurs in Europe and the Near East are requested to be patient while the operators try to work other areas. They plan to look for the Far East, OC, AF and NA on 20 metres starting around 15 UTC on 27 August; in their evening they will look for AS, OC, AF and NA on 40m. In the early morning of the 28th, there should be good conditions on 40m for NA and SA until around 4 UTC. Around 03.30 UTC they will try to work the West Coast on 20m, as well as NA, SA, OC and AS. From 05:00 they will work all.  
[TNX 4Z4DX]
- 4X - 4X1VF, 4X6HP, 4Z1UF, 4Z4KX, 4Z5LA and 4Z5LI will be active as 4X7AZ from Akhziv Island (AS-100) from 30 September to 1 October. They plan to operate on 10-80 metres CW and SSB with three stations. QSL via 4Z5LA (Ruslan Bunyat-Zade, P.O. Box 345 D.N.Efraim, Barqan 44820, Israel). [TNX 4X1VF]

CTC ---> The Croatian Telegraphy Club (Franjevačka 5, 42220 Novi Marof, Croatia) was founded on 12 December 2001 and gathers members from all over the world. For further information please e-mail [ctc@hamradio.hr](mailto:ctc@hamradio.hr) or visit [www.qsl.net/ctc](http://www.qsl.net/ctc) [TNX 9A3FO]

NORTH KOREA ---> The following is an excerpt from a press release sent by Tom Anderson, WW5L (WW5L@gte.net), Vice President and Information Director of the Lone Star DX Association (<http://www.dxer.org/lstdxa>). The full press release will be published in the August issue of the 425 DX News Magazine.

Apparent internal miscommunications within the North Korean government's Committee for Cultural Relations with Foreign Countries and the Ministry of

Telecommunications and Posts over the approval of an operating permit to Dr. David Borenstein, KA2HTV, led the government to halt his recent P5 DXpedition before it could even begin.

The miscommunications developed when a DPRK Cultural Relations official issued the operating permit, while the government's Telecommunications and Posts officials, had not formally processed KA2HTV's request for a permit to operate. Both agencies are part of the North Korean government.

When he arrived (9 August) all of KA2HTV's radio equipment was processed through North Korean customs without problem. Later the Telecommunications and Posts ministry officials asked to inspect some of his equipment. They kept part of it for a week before ministry officials told him he would not be allowed to operate.

When first planning the DXpedition, Dr. Borenstein said, negotiations had centered on the donation of amateur radio equipment to the DPRK as a measure of friendship. When the DPRK government took the equipment for inspection, they apparently thought this was the same equipment that was to be "donated". The "donated" equipment taken for inspection includes KA2HTV's own personal Icom 735 transceiver, a Hexbeam antenna, a High Sierra tripod, coax, a Yaesu rotator, and a dual voltage power supply. A receipt thanking Dr. Borenstein for the "donated" equipment was issued by the DPRK's Committee for Cultural Relations with Foreign Countries.

KA2HTV does not consider this a failure, but rather a chance to open doors to North Korea for possible future amateur radio operations. "Although I didn't get a chance to operate from P5, I believe the equipment donations and my visit planted the seeds for amateur radio operations in the future," he said.

NOT THE MANAGER ---> Jerzy, SP9FUU is not the QSL manager for V8NOW, please refrain from sending cards to him [TNX NG3K]

NOT THE MANAGER ---> Bill, W9OL is still receiving bureau cards for ZA/Z35M, a station for which he is not the QSL manager. Please note that cards should be sent to Z35M (Vladimir Kovaceski, P.O. Box 10, 6330 Struga, Macedonia).

QSL TA3J ---> Berkin, TA3J reports that YL2GP is not his QSL manager. Cards should be sent to TA3YJ, direct (Nilay Mine Aydogmus, P.O. Box 876, 35214 Izmir, Turkey) or via the bureau.

+ SILENT KEY + Ambrogio Fogar, I2NSF passed away on 24 August at 64 years of age. In 1973-74 he was the first Italian to circumnavigate the globe on an a solo voyage via Cape Horn.
