ARRL INTERNATIONAL DX CONTEST (SSB) ---> Object of the contest is for W/VE amateurs to work as many stations in as many DXCC countries as possible on 160, 80, 40, 20, 15, and 10 metre bands, while foreign amateurs (also including KH6, KL7, CY9 and CY0) work as many W/VE stations in as many of the 48 contiguous states and provinces as possible (full rules can be found at <http://www.arrl.org/contests/rules/2009/intldx.html>). This year's event will run from from 00.00 UTC on 7 March through 24.00 UTC on the 8th. Do

not forget to give a look at the Announced Operations listing maintained by Bill, NG3K at <http://www.ng3k.com/Misc/adxs2009.html> - good contest to you all!

DXCC NEWS ---> At its last meeting the ARRL Programs and Services Committee decided that administratively the concept of "deleted entities" should be returned to the DXCC programme. The concepts for deleting an entity do not change. If an entity is deleted it will be added to the Deleted Entities List and the statistical records for DXCC participants will be adjusted accordingly, just as they had been in the years prior to 2000 (when the change from "deleting entities" to "removing entities" was introduced). Read Bill Moore's, NC1L full release on the Century Club Awards Weblog at <http://www.arrl.org/blog/Century%20Club%20Awards>

FH/G3SWH ---> Phil (G3SWH) and Dick (G3RWL) arrived back from their trip to Mayotte with over 10,000 QSOs in the log. "Looking at the DX Summit spot database", Phil says, "we appear to have been the victim of some piracy". Please note that there was neither activity by FH/G3RWL (both operators used FH/G3SWH) nor SSB activity whatsoever.

K5D POSTLOGUE ---> "The K5D DXpedition (12-26 February 2009) netted 115,783 QSOs, including one QSO with the International Space Station. The DXpedition ranks #7th for all-time number of QSOs, and the #1 DXpedition with the most 30m contacts. More importantly, we are confident that thousands of radio amateurs worldwide now have a QSO with Desecheo for an all-time new one - our overall #1 goal!

Desecheo was #2 Most Wanted in Asia and #3 Most Wanted in Europe. We are happy to report that 40% of our contacts were with Asia and Europe - another important goal achieved!

The QSL card is in the final stages of design and will be available in the next few weeks. You may QSL directly to N200, but online QSL requests are available and highly recommended (details at <http://www.kp5.us/qsls.htm>). Logs will be uploaded to LoTW early next year. The Desecheo 2009 team wants to thank everyone for working us and helping to make this DXpedition such a success!" [TNX K4UEE and W0GJ]

QSL GALLERY ---> The large collection of QSL cards on Les Nouvelles DX's web site has been updated. Twelve different galleries include cards for the ten Most Wanted DXCC Entities (301 QSLs), the 58 deleted DXCC entities (939 QSLs), obsolete prefixes (2547 QSLs), stations from Magrebh from 1947 to 1962 (304 QSLs), Antarctic bases (723 QSLs) & TAAF (Terres Australes and Antarctiques Francaises, 246 QSLs), the various French DXCC island Entities in the Pacific Ocean (245 QSLs) & the Indian Ocean (95 QSLs), pre-1945 countries (533 QSLs), French Departments (522 QSLs) and USA (50 QSLs) plus a gallery for cards not accepted by DXCC (105 QSLs). Please note that QSOs confirmed through LoTW or included in on-line logs are eligible for listing. Send send your scores, as well as any request for further information, to Erminio Pandocchi, I2EOW (i2eow@fastwebnet.it)
