# DX INFORMATION

## FOUR NEW DXCC ENTITIES ANNOUNCED

The dissolution of the Netherland Antilles has caused changes to the DXCC List. As per the DXCC rules, the two Netherland Antilles DXCC entities will be deleted and moved to the Deleted Entities List. Four new entities will be added to the DXCC List: (1) **Curacao**; (2) **Sint Maarten**; (3) **Saba and Sint Eustatius**, and (4) **Bonaire**. The event date and time for these changes will be 0400 UTC, October, 10 2010. Confirmations for these new entities will be accepted for credit starting January 1, 2011. Other administrative changes and actions will be announced as they are finalized. [www.arrl.org, 13 October 2010]

## NEW IOTA GROUP ANNOUNCED

Following today's ARRL announcement of four new DXCC entities in the former Netherlands Antilles we can now announce IOTA's position. **Curacao** will, in accordance with IOTA rule E.5.5 (Island DXCC entity group), become a new IOTA group with the reference number **SA-099**, operative from 0400 UTC, 10 October 2010. Contacts made prior to that time/date will continue to count for SA-006. Bonaire remains as a valid island within SA-006, so its IOTA status will not change. There will also be no IOTA group number change to Sint Maarten NA-105 or Saba and Sint Eustatius NA-145, islands split from each other long ago in accordance with IOTA rules. [TNX G3KMA, RSGB IOTA Manager, 13 October 2010]

**3B8** - Gerd, DG5MMW will be active as 3B8/DG5MMW from Mauritius Island (AF-049) from 30 October to 6 November. He will operate holiday style on 40-15 metres mainly SSB and PSK31. QSL via home call. [TNX DG5MMW]

**3D2** - Eddie, VK4AN will be active as 3D2A (QSL via home call) from Viti Levu Island (OC-016) between 27 October and 14 November. He will operate SSB, CW and digital modes on 160-10 metres, and will take part in the CQ WW DX SSB Contest as a Multi-Single entry along with 3D2AA. [TNX OPDX Bulletin]

**3Y\_ant** - Lars, SM4TUV will be working at the Norwegian Polar Research Station "Troll", Queen Maud Land (Antarctica) from November until December 2011 and will be active as 3Y8XSA. QSL via home call. [TNX DX World]

**4J** - 4J5A, 4J5T, RA6FPL (4K3FPL) and RL3KT (4K3QQA) will be active as 4J0WFF from Lake Gey-Gel Nature Reserve on 22-25 October. They plan to operate CW and SSB on 40-12 metres. QSL via 4J5T (c/o Parvana Hasanova Fornati, 12584 Eden Court, Apple Valley MN 55124, USA). [TNX 4J5T]

**4X** - The Holyland DX Group will be active with two stations (CW and SSB) as 4X0WFF from Qumran National Park on 8-9 October. Another mobile station will operate as 4X0WFF/m on 14265 kHz from Gedi National Reserve. QSLs via 4X4JU. [TNX 4X1VF]

**5X** - Rudi, DK7PE will be active as 5X0CW from Kampala, Uganda from 27 October to 3 November. He will use a jumper beam for 40-10 metres: "I'll stay in downtown Kampala and expect some local QRM", he says, but he will give 80 and 160 metres a try. QSL via DK7PE. [TNX DK7PE]

**5X** - Alan, G3XAQ will be visiting Kampala, Uganda from 14 November to 1 December. He will operate CW only on the HF bands as 5X1XA, with 100W and a small beam. He will participate in the CQ WW DX CW Contest as a single band entrant, probably on 20 metres. QSL via G3SWH. [TNX G3XAQ]

**6W** - Luc, F5RAV will be active as 6V7T from Senegal from 25 October to 1 November. He will operate SSB and PSK31 on 160-10 metres and will participate in the CQ

WW DX SSB Contest. QSL via F5RAV, direct only. [TNX NG3K]

**8Q** - Jim, G3VDB will be active again as 8Q7EJ from the Maldives (AS-013) from 24 October for two weeks. "Subject to hotel permission", he says, "I hope to be active for intermittent holiday operation during that period mostly on 20m CW". QSL via home call, direct or bureau. [TNX DX World]

**9L** - Karl-Heinz, DK2WV and Heino, DJ9AF will be active as 9LOW from the Banana Islands (AF-037) between 4 and 18 November. They plan to operate CW, SSB and RTTY on 160-6 metres. QSL via DK2WV. [TNX [www.rsgbiota.org](http://www.rsgbiota.org)]

**9M2** - Rich, 9M2MRS (PAORRS) is back to Penang Island (AS-015) and will remain there until April 2011. He operates 99.9% CW. QSL via PAORRS, whose new address is: Richard Smeets, Constance Gerlingsstraat 60, 5121 ZR Rijen, The Netherlands. [TNX 9M2MRS]

**9Q** - 9Q6CC is the new callsign issued to Christian, CX2CC for his activity from Goma, Democratic Republic of the Congo. He will remain there for one year with activity on 80-10 metres SSB, digital modes and QRS CW. QSL via home call (Christian Cardarello, Avenida Italia 3319, 11600 Montevideo, Uruguay). Cards will be replied "after February 2012".

**9Q** - Celebrating the 50th anniversary of the independence of the Democratic Republic of the Congo, Patrick ON4HIL, Theo ON4ATW, Marc ON6CC, Luc ON4IA, Wim ON4CIT and Ronald PA3EWP will be active as 9Q50ON on 3-13 December. They will operate SSB and CW on 160-10 metres. QSL via ON4BR, direct or bureau. Further information can be found at [www.9q50on.be](http://www.9q50on.be) [TNX NG3K]

**C3** - A team of operators from Andorra, Spain and France will participate in the CQ WW DX SSB Contest as C37N from Naturlandia, the Theme Park in the Pyrenees. QSL via EA4URE. Further information at [www.gdgdxc.net/c37n/](http://www.gdgdxc.net/c37n/) [TNX EA5BZ]

**C5** - Filip, ON4TA will be active as C56FR from The Gambia from 21 October to 11 November. He will operate SSB on 17 and 20 metres with 100 watts and simple wire antennas, but he also plans to give 6m, 2m

and 70cm a try using Yagi antennas. QSL via ON4TA, bureau preferred.

**C6** - Rick, NE8Z will be active as C6AEZ from Nassau (NA-001), Bahamas on 11-16 October. He plans to operate CW and SSB on 80-10 metres. QSL via home call. [TNX NE8Z]

**CT7** - The Associacao de Radioamadores do Litoral Alentejano will be active as CS2FCS from the lighthouse at Cape Sines (ARLHS POR-008) from 9 UTC to 19 UTC on 9 October. Look for activity on 80, 40, 20, 15, 10 metres CW and SSB, as well as on 6m, 2m, 70cm and 23cm. QSL via eQSL or direct to A.R.L.A., Rua do Parque 10, 7540-172 Santiago do Cacem, Portugal. [TNX

Southgate ARC]

**CT7** - The CR5WFF team reports they will be active from the Serra de Montejuento Protected Landscape on 23-24 October. QSL via CT1EJB.

**CT9** - Darren, G0TSM will be active holiday style as CT9/G0TSM from Madeira (AF-014) from 25 October to 1 November, including some search & pounce during the CQ WW DX SSB Contest. As the station will only be 100W and a mobile whip antenna, he expects his signals to be "quite poor". QSL via home call and LoTW (bureau cards can be requested by e-mail). [TNX G0TSM]

**CY0** - Licensed since July 2010, Alan, VE1AWW is a government employee currently working at the Sable Island station until "more or less" 29 December. He is QRV during his spare time on SSB as CY0/VE1AWW, with 100 watts into a vertical antenna. "I am not on the air between 11 and 19z (12-20z once Canada switches from daylight savings to standard time)", he says, but "I will do my best to operate at different times on the weekends so as many different areas as possible get an opportunity". QSL via home call, direct or bureau.

**DL** - Look for DJ1JB/p, DJ4EL/p and DM4DX/p to operate from Helgoland-Duene (EU-127) on 8-11 October. Planned activity on 40, 20, 17, 15 and 10m. QSL via home calls, direct or bureau. [TNX rgsbiota.org]

**DU** - Vincent, F4BKV will be active holiday style as DU1/F4BKV from **Mindoro Island (OC-244)** on 4-7 November. He will operate SSB and PSK31 with 100 watts, home made dipoles for 15 and 20 metres and a vertical for 40m. Expect him to be QRV mainly during his evening hours. QSL via F4BKV, direct or bureau, and LoTW. An Online QSL Request System for bureau cards can be found at [www.f4bkv.net](http://www.f4bkv.net) [TNX DX World]

**E5\_sc**- Bill, N7OU will be active again as E51NOU from Rarotonga (OC-013), South Cook Islands between 18 October and 13 November. He will be QRV on 40-10 metres during his spare time. QSL via N7OU. [TNX The Daily DX]

**EA8** - Look for EA8/DJ9DW, EA8/DK1EG, EA8/DL3FCG and EA8/DL8MG to be active from Tenerife, Canary Islands (AF-004) on 6-20 October. They will operate SSB, CW, RTTY and PSK on 80-10 metres, and will participate in the WAG (Worked All Germany) Contest on 16-17 October. QSL via home calls, direct or bureau. [TNX [www.rsgbiota.org](http://www.rsgbiota.org)]

**EA8** - The Grupo DX Teide (<http://ea8arg.ure.es/>) will be active as EG8FPT from the lighthouse at Punta de Teno on Tenerife Island on 23-24 October. EA8AM, EA8ARG, EA8AY,

Bill, N7OU/E51NOU

EEA8BFH, EA8BRW and EA8IH will operate SSB, CW and digital modes on the HF bands, as well as on VHF and UHF. QSL via EA8NQ, direct or bureau. [TNX EA8NQ]

**EA8** - Jean, ON5JV and Georgette, ON6AK will be active as EA8/homecall from Tijoco Bajo, Tenerife Island between 26 November and 23 February 2011. Activity will be on 40-10 metres SSB and CW. QSL via home calls, bureau preferred. [TNX ON5JV]

**ER** - Special station ER8C will be active until 14 October during the festivities for Chisinau Day. QSL via ER1DA. [TNX ER1DA]

**F** - The Association des Radioamateurs de la Cote d'Emeraude will be active as TMORDR from 22 October to 2 November for the ninth Route du Rhum, the 3000-mile single-handed transatlantic yacht race between St-Malo (France) and Pointe-a-Pitre (Guadeloupe). Plans are to operate SSB, CW and digital modes on all bands with three stations. QSL via F4FJH. [TNX F8REF]

**FJ** - Nick, VE3EY will be active as TO3A from Saint Barthelemy (NA-146) on 22-30 November. He will operate CW, SSB and RTTY on 160-10 metres, and will take part in the CQ WW DX CW Contest. QSL via home call. [TNX VE3EY]

**FM** - Andy, DL3GA is active as TO3GA from Martinique (NA-107) until 20 October, including an entry in the Worked All Germany CW Contest this weekend. QSL via DL3GA. [TNX NG3K]

**FM** - Dim, UT5UGR will be active as as FM/KL7WA from Martinique (NA-107) from 26 October to 3 November. He

will participate in the CQ WW DX SSB Contest as TO7A. QSL via UT5UGR. [TNX UT5UGR]

**FP** - Eric, KV1J will be active as FP/KV1J from Miquelon Island (NA-032) from 26 October to 2 November, including a SOAB HP entry in the CQ WW DX SSB Contest. He plans to operate SSB and RTTY, with some CW and PSK31, on 160-6 metres. QSL via KV1J, direct or bureau, and LoTW. Further information at [www.kv1j.com/fp/october10.html](http://www.kv1j.com/fp/october10.html) [TNX NG3K]

**G** - In order to promote interest in CW the First Class CW Operators Club has arranged that the call MORSE can be used from time to time for Morse related events in the United Kingdom (such as Samuel F.B.Morse anniversaries, CW demonstrations, Straight Key events, QSO parties, etc. but not contests). Look for MORSE to be aired on 7 October (by G5LP for the FOC Activity Day), 23 October (by G3PJT for the FOC QSO Party) and 1-2 January (by G3VTT for the FOC Straight Key Night). QSL via G3SWH and LoTW. [TNX [www.m0rse.org](http://www.m0rse.org)]

**GU** - Dave, G1OCN (M3IOP) and his wife Carol, 2E1DQZ will be active as GU1OCN (MU3IOP) and 2U1DQZ from the island of Alderney, Guernsey (EU-114) between 29 October and 5 November. Activity will be holiday style on 80, 40, 20, 17, 10 and 6 metres SSB and digital modes. QSL direct only to G1OCN. [TNX NG3K]

**H40** - The 7-22 October DXpedition to Pigeon Island, Temotu Province by Jacek, SP5DRH (H40KJ) and Jerzy, SP3BQ (H40BQ) [425DXN 991] has been cancelled because "a dramatic plane delay" has messed up their trip plans. "Under these circumstances, we feel obliged to refund the donations that we received", SP5DRH says. "However, we have suffered substantial financial loss, we suggest to transfer these funds for the expedition to come

(T30RH/T30AQ, 1-17 March 2011). Should any of donators disagree with our suggestion, please email us and we will try to refund his donation as soon as possible".

**H40** - Peter, DG1FK (H40FK) and Sigi, DK9FN (H40FN) will operate CW, PSK and RTTY from Nendo Island (OC-100) Temotu from 21 December to 3 January. They will have two stations with amplifiers, a wire pyramid for 160, 80 and 40m and a 2-element beam for 30-10m. QSL H40FK via DG1FK, QSL H40FN via HA8FW.

**HBO** - A Rhein Ruhr DX Association group of operators (DF7EF, DG3EX, DJ2YE, DL6EAQ, DL6KAC, DL8DAW, DL8EAQ, DO2RE, HB9DOD and HB9LCW) will be active Triesenberg, Liechtenstein from 27 October to 4 November. They will participate in the CQ WW DX SSB Contest as HB0/HB9AON (Multi-Multi), with a target of 7,000 QSOs and 10 million points. [TNX DK8EY]

**HI** - Jose, EA3GUO will be active as HI3/EA3GUO from Hispaniola (NA-096) and HI9/EA3GUO from Cayo Levantado (NA-122) between 9 and 23 October. QSL via home call. [TNX DX World]

**HL** - The Busan DX Club will be active as 6M0V/5 from Suu-do (AS-081) on 23-24 October. QSL to 6M0V, direct or bureau. [TNX NG3K]

**HL** - Special callsign D7G20 will be active between 29 October and 28 November to celebrate the G20 Summit that will be held in Seoul. Expect activity on 80-6 metres CW, SSB and RTTY. [TNX DX World]

**I** - Alfredo, IK7JWX will be active as IR7WFF from several national parks and reserves in Puglia region between now and 31 December. Look for activity on 20 and 40 metres SSB and CW. QSL via IK7JWX.

**I** - Special callsign IR9CIRM will be in use from 16 October to 7 November to celebrate the 75th anniversary of the Centro Internazionale Radio Medico (International Radio Medical Centre, the oldest organisation providing radio-medical assistance in the world). QSL via IQ9TP, direct or bureau. [TNX IT9MRM]

**I** - IK2SNG, IK3AES, IK4ALM, IK4RQJ, IK4XCL, IZ4AMS and IZ4BBF will be active on all bands and modes as I14PI from Scanno di Piallazza (EU-155) on 21-24 October. QSL via IK4ALM. [TNX IZ4BBF]

**I** - IT9ATF, IT9NPR, IT9PPG and IT9WDC will be active as IF9A from Favignana Island (EU-054) on 27-31 October, including an entry in the CQ WW DX SSB Contest. QSL via IT9ATF, direct or bureau. [TNX

[www.rsgbiota.org](http://www.rsgbiota.org)]

**I** - Special station I11IANS will be active during the Science Festival to be held in Genova from 29 October to 9 November. Operations will take place from the museum submarine "Nazario Sauro", with main activity on 30-31 October and 6-7 November. QSL via eQSL or through <http://eurobureauqsl.org/> [TNX IW1PRT]

**J3** - Wade, AA8LL will be active as J3/AA8LL between 28 October and 5 November, including an entry in the CQ WW DX SSB Contest. Outside the contest he will operate holiday style mainly on 30, 17 and 12 metres CW and RTTY. His main QTH will be the island of Grenada (NA-024), but after the contest he plans to visit Carriacou (NA-147) for a possible small activation or a scouting

visit for a future operation. QSL via AA8LL, direct or bureau and LoTW. [TNX AA8LL]

**JA** - Hiro, J11JKW will be active as FO/J11JKW from Tikehau Atoll (OC-066), French Polynesia on 9-13 October. He will operate SSB and CW on 40-6 metres, with main activity on 20 metres. QSL via home call, direct or bureau. [TNX JE1LFX]

**JA** - A group of operators (JH6TKW, JR0UIU, JH5UPS and JA2WBE) from the Sony Kyushu ARC will be active as JF6ZNT from the **Danjo Islands (AS-056)** on 5-7 November. They will operate SSB, CW and RTTY on 80-10 metres. QSL direct or bureau. [TNX DX World]

**KG4** - Tip N4SIA (KG4AS), Quint K4CQW (KG4QW), Stu K4MIL (KG4SS) and Bill W4WV (KG4WV) will be active from Guantanamo Bay on 5-19 October. They will operate CW, RTTY, and SSB on 160-6 metres. QSL via the operator's home call. [TNX The Daily DX]

**KL** - Rich, N0HJZ will operate as KL7/N0HJZ from Alaska on 28-31 October, including a Multi-Single entry in the CQ WW DX SSB Contest with AL1G. QSL via home call, direct or bureau. [TNX N0HJZ]

**LA** - Bjorn, LA5UKA and Trond, LA9VDA will be active as LA6Q from Spjaeroy (EU-061) on 9-10 October. They plan to operate CW, RTTY and SSB on 40-17 metres. QSL via LA9VDA. [TNX DX World]

**OJO** - Pertti, OH2PM and Ilmo, OH2BO plan to be active as OJOB from Market Reef (EU-053)

between 2 and 11 October, depending on weather. They will operate mainly CW on 160-10 metres, with SSB activity during the Scandinavian Activity Contest. QSL via OH2BH. [TNX The Daily DX]

**OK** - The Czech DIG Club (OK1KIG) will operate as OL5DIG on 1-31 October. Activity will take place from various locations and on various bands, only on digital modes (especially BPSK). QSL via OK1AR. [TNX OK1WCF]

**OX** - The IOTA expedition to **Tasiilaq/Ammassalik (NA-151)**, Greenland [425DXN 993] is confirmed to take place on 20-30 October. Gabi DF9TM, Heiko DL1RTL, Frank DL2SWW and Ric DL2VFR will be active as OX/homecall on 160-10 metres CW, SSB and RTTY with two high power stations. QSL OX/DF9TM and OX/DL2SWW via DL2SWW, QSL OX/DL1RTL via DL1RTL, QSL OX/DL2VFR via DL2VFR (direct, bureau and LoTW). Further information can be found at [www.na-151.de](http://www.na-151.de) [TNX DX World]

**OZ** - Mic, DG5LAC will be active as OZ/DG5LAC from Vendsyssel-Thy (EU-171) on 9-15 October. He will operate holiday style on 80-10 metres SSB. QSL via home call, bureau preferred. [TNX [www.rsgbiota.org](http://www.rsgbiota.org)]

**OZ** - Michael, DL4ABO will be active as OZ/DL4ABO from Romo Island (EU-125) on 9-16 October. He will operate holiday style mostly on 30 and 40 metres, CW only. QSL via home call, bureau preferred. [TNX [www.rsgbiota.org](http://www.rsgbiota.org)]

**PA** - Celebrating its 30th anniversary, Radio Club Kennemerland (PI4RCK) will be active as PA30RCK on all bands and modes until 5 November, including activity during the CQ WW DX SSB Contest. QSL via PI4RCK or LoTW. [TNX PA1CW]

**PJ2** - Look for PJ2/K2TQC, PJ2/N2MF, PJ2/W1NG and PJ2/K2NV to be active from Curacao (SA-099) on 4-11 November. They plan to emphasize RTTY and the low bands. QSL via home calls. [TNX The Daily DX]

**PJ4** - As of 8 October, the following callsigns had been issued to Team Bonaire for their 10-22 October operations: PJ4N op. DJ8NK (QSL via DJ8NK); PJ4B ops. PA3GVI, PA8A and PA8F (QSL via PA8A); PJ4I op. DL9USA (QSL via DL9USA); PJ4D ops. K6AM, NOVD, PE2KY, PE2MC, PG4M, PJ4NX, W0LSD, W4PA (QSL via W3HMK); PJ4W (all team members from Radio Netherlands' premises, QSL via W3HMK).

**PJ4** - Andy, W9NJY will be active as PJ4/W9NJY from Bonaire (SA-006) on 16-29 October. He will operate all modes on 40-10 metres. QSL via WD9DZV. The log will be uploaded to LoTW on 1 January 2011. [TNX The Daily DX]

**PJ5** - Paul, K1XM [425DXN 1011] will be active as PJ5/K1XM from St. Eustatius (NA-145) until 17 October. He will operate SSB, CW and RTTY on 160-10 metres. QSL via KQ1F. [TNX DX World]

**PJ5** - The website for PJ5/SP6IXF and PJ5/SP6EQZ (St. Eustatius, 18 November-3 December) [425DXN 1009] is at <http://pj5-2010.dxing.pl/index.html>.

Janusz and Wlodek will have Internet access and they will upload their logs on a daily basis. QSL via home calls.

**PJ6** - PJ6A is the callsign issued to the upcoming expedition to Saba [425DXN 1008]. Two teams, comprised mostly of members of the Southeastern DX Club (SEDXC) and K5D team members, will operate over a two-week period beginning on 10 October and ceasing operations the evening of the 22nd. Regular updates will be posted to [www.saba2010.com](http://www.saba2010.com); logs will be uploaded twice a day. The team will upload their log to LoTW on 1 January 2011. If you want a traditional QSL card, an Online QSL Request System (OQRS) will be available on the expedition's website and you will be able to request your QSLs one of three ways: OQRS Direct, OQRS Bureau, direct mail to N4NX. [TNX K4UEE]

**PJ7** - The PJ7E [425DXN 1011] team members expected to reach Sint Maarten on 7 October. "Tropical storm Otto has pounded the island hard with high winds, rain, and massive flooding", W8GEX reported on 7 October. "Our radio equipment has not arrived yet. The cargo manager said he can only take 3-5 ft. waves for the ship to dock safely and when we were there this morning, the waves were about 15 ft. It could be a few days before the vessel can dock. At this point, we have no idea when we have the full setup on the air but will keep DXers updated on Facebook and Twitter. Parts of the island are without power and most stores and restaurants are closed. K4SV does have a CW station set up. The SSB site has nothing on the air yet but we are working to get that done in the next day or so". Bookmark [www.pj7e.com](http://www.pj7e.com) for on-

line logs (to be uploaded twice a day) and updates, which will be posted also on the PJ7E Facebook and Twitter accounts ("we encourage you to communicate with us via these links").

**PJ7** - Charlie, K4UWH will operate as PJ7/K4UWH from Sint Maarten (NA-105) between 23 October to 5 November. Expect him to be QRV on 40-10 metres CW only, mainly during his evening hours. QSL via home call, direct or bureau and LoTW. [TNX The Daily DX]

**PJ7** - Masayuki, K1GI will be active as PJ7/K1GI from Sint Maarten (NA-105) on 20-23 November. He plans to operate on 80-10 metres CW, digital modes and SSB. QSL via JG2BRI, direct or bureau. [TNX K1GI]

**S7** - David G3NKC, Fred G4BWP, Martin G4XUM and Mike G7VJR will be active from Mahe (AF-024), Seychelles from 26 October to 2 November, including an entry in the CQ WW DX SSB Contest as S79K (QSL via G3NKC).

**S7** - Luca, I5IHE will be active again as S79LC from Praslin Island (AF-024), Seychelles from 26 October to 5 November. He will participate in the CQ WW DX SSB Contest on 15 metres; before and after the contest he will operate holiday style. QSL direct to I5IHE.

**S7** - Davide, IW0HLG will be active as S79AD from Mahe (AF-024), Seychelles from 26 October to 4 November. He will operate holiday style on the HF bands and 6 metres, SSB and digital modes. QSL via home call, direct or bureau.

**SM** - ON4ACA and ON6UQ will be active from S19AM (King Chulalongkorn Memorial Amateur Radio Society, [www.si9am.se](http://www.si9am.se)) in Ragunda from 28 October to 2 November, including an entry in the CQ WW DX SSB Contest. QSL via SM3CVM, direct or via bureau. [TNX ON6UQ]

**SM** - Stephan, SM5YRA will be active as SM1YRA from Faro Island (EU-020) and lighthouse on 7-19 November. He will operate holiday style on digital modes and SSB with 100 watts and dipoles. QSL via home call (bureau preferred) and eQSL via SM1YRA/L. [TNX SM5YRA]

**SU** - Special event station SU8JOTA will be activated by the Egyptian Radio Amateurs Society for Development (ERASD) at the Cairo International Scout Center during the 53rd Jamboree On The Air (16-17 October). Activity will be on all amateurs bands, 160 metres included, CW, SSB, RTTY and PSK31. QSL direct to SM5AQD. [TNX Southgate ARC]

**SV** - Special event stations SX2500M, SX2500M/p (from Marathon) and SX2500M/m (on the route from Marathon and Thessaloniki) will be active on 30-31 October to celebrate the 2500th anniversary of the Battle of Marathon. Expect activity on the HF bands SSB, CW and digital modes. All of the QSOs will be confirmed automatically via the bureau. Further information can be found at <http://sx2500m.blogspot.com/>

**SV5** - Martin ON4PO (J45PO) and Michel

*Curaçao, PJ2 (SA-099)*

*The PJ4B team on Bonaire*

*Sint Eustatius, PJ5*

*Saba, PJ6*

*The PJ7E SSB site on Sint Maarten*

ON4MW (J45MW) will be active from Rhodes (EU-001) from 27 October to 2 November. QSL via home calls. They will operate SSB on 80-10 metres, and will take part in the CQ WW DX SSB Contest with the SX5P contest team. [TNX ON4MW]

**T30** - The two Jaceks (SP5EAO and SP5DRH) will be active as T30AQ and T30RH respectively from Tarawa (OC-017), West Kiribati on 1-17 March 2011. T30RH will focus on 160 metres and 30 metres RTTY, with some activity also on 80 metres, while T30AQ will take care of the other bands (SSB only). They will try to have two stations with amplifiers operating at the same time. QSL via home calls, direct or bureau. Further information and log search at [www.sp5drh.com/t30/](http://www.sp5drh.com/t30/) [TNX SP5DRH]

**T31** - An international team will activate Kanton Island (Central Kiribati, OC-043) for nine days in mid April 2011. An additional day may be added depending on the sailing time to the island. Transportation has been arranged, all licenses are assigned and the permit is in its final stage of processing. There will be six stations, 160 through 10 (SSB, CW and RTTY). There are a few berths available on the boat. For those interested in joining the team, please contact W2IJ at [kanton@t31a.com](mailto:kanton@t31a.com) for details. A website is under construction at [www.t31a.com](http://www.t31a.com) [TNX NG3K]

**T32** - The Five Star DXers Association of 9M0C, D68C, 3B9C and 3B7C fame will conduct a major DXpedition to Kiritimati (Christmas Island, OC-024), Eastern Kiribati in September-October 2011. A very large group of experienced operators from 13 different DXCC entities will be active as T32C (requested callsign) on all bands and modes, with up to 16 stations on the air, using amplifiers along with monoband beams and vertical dipole arrays, 24 hours a day, for almost four weeks, including four weekends. The primary objective is to give as many DXers as possible a first contact with this rare DXCC entity and, as a secondary objective, to give as many band-slots as possible. At this time the organizers are seeking contributions from sponsors to help defray the very significant logistics costs of this DXpedition. Details on how to donate and further information can be found at [www.t32c.com](http://www.t32c.com) [TNX G3XTT]

**T6** - Paul Ewing, N6PSE has been issued the call sign of T6PSE by the Afghanistan Ministry of Telecom, and is planning a multi-national DXpedition to take place over ten days in May 2011. A multi-national team of nine operators (AH6HY, K1LZ, K3LP, N6PSE, WOUC, W5KD, WO1S, Y11UNH and YT1AD) will be active on 160-10 metres CW, SSB and RTTY with up

to five stations at the same time on different bands and modes. QSL via W3HNC, direct or bureau, and LoTW. Further information can be found at [www.intrepid-dx.com/t6pse](http://www.intrepid-dx.com/t6pse)

**T7** - Antonio, EA5RM and other six operators (F5CWU, IN3ZNR, IZ4AKS, UA9KGH, UT7CR and UY7CW) will participate in the CQ WW DX SSB Contest as T70A from the radio club of San Marino's IARU Society. QSL via T70A and logsearch at [www.dxfriends.com](http://www.dxfriends.com) [TNX EA5RM]

**T8** - Tom, DL2OBO ([www.dl2obo.com](http://www.dl2obo.com)) will be active holiday style as T88DL from Koror (OC-009), Palau from 24 October to 1 November. He will operate CW and SSB (including activity during the CQ WW DX Contest) during his evening/night hours using the equipment at the Palau Pacific Resort complemented with new verticals he will build, "since the hotel only has low dipoles for 80m and 160m". QSL via DL2OBO. [TNX DL2OBO]

**T8** - Nob, JA1FMZ will be active as T88OM from Palau (OC-009) from 27 October to 1 November. He will operate holiday style on 20-10 metres SSB, with activity during the CQ WW DX SSB Contest. QSL via home call (direct) and LoTW. [TNX DX World]

**TA** - The TC Special Wireless Activity Team ([www.tcsawat.org](http://www.tcsawat.org)) and the Giresun Amateur Radio Club will operate as TC7YLH from the lighthouse at Cape Yozoz (ARLHS TUR-010) on 9-10 October. Main activity will be on 40 and 20 metres. QSL via TA1HZ (but all of the QSOs will be confirmed automatically via the bureau). [TNX TA1HZ]

**TA** - Pavel TA2ZAF (OK1MU), Dan OK1HRA and Honza OK2ZAW will operate CW and SSB as TC03W from Giresun Island (AS-154) on 14-18 October. QSL via OK2GZ, direct or bureau. Further information can be found at [www.okdxf.eu/expedice/en/tc03w/www/](http://www.okdxf.eu/expedice/en/tc03w/www/) [TNX DX World]

Further information can be found at [www.okdxf.eu/expedice/en/tc03w/www/](http://www.okdxf.eu/expedice/en/tc03w/www/) [TNX DX World]

**TA** - The TC Special Wireless Activity Team will operate as TC87TC on 29-31 October to celebrate the 87th anniversary of the proclamation of the Republic of Turkey (Turkiye Cumhuriyeti). Expect activity during the CQ WW DX SSB Contest. QSL via TA1HZ (but all of the QSOs will be confirmed automatically via the bureau). [TNX TA1HZ]

**TA** - IRESC (International Radio Emergency Support Coalition) Turkiye will be active with five stations during the CQ WW DX SSB Contest: TA2I, TC3I, TC4I, TC5I, TC8I. Further information can be found at [www.irescturkiye.org](http://www.irescturkiye.org) [TNX TA0U]

**TY** - Mario, DL2UX, is active as TY1JB from Benin until 28 October. He has been spotted mainly on 15 metres, but he has antennas for 40-10m. QSL via home call, direct or via bureau. [TNX DX World]

**V2** - Bud, AA3B, will be active as V26K from Antigua (NA-100) on 24-29 November, including a SOAB Low Power entry in the CQ WW DX CW Contest. This will be an all CW operation on the contest HF bands only. QSL via home call. [TNX AA3B]

**V3** - Mike, W7ASF and Tom, KB7JAL will be active as V31MH and V31TS from Belize from 27 October to 4 November, CQ WW DX SSB Contest included. They will operate mostly SSB and PSK on 80-20 metres. [TNX DX World]

**V5** - Klaus, DJ4SO will be active again as V5/DJ4SO from Namibia from 3 November to 1 December. He plans to operate CW, RTTY, PSK31 and some SSB on 160-6 metres, and to take part in the WAEDC RTTY (13-14 November) and CQ WW DX CW Contests. QSL via DJ4SO, direct or bureau, and LoTW. [TNX The Daily DX]

**V6** - Miki, JJ2CJB will be active as V63CJB from Chuuk (OC-011), Micronesia between 29 October and 2 November. He will concentrate operations during the CQ WW DX SSB Contest; outside the contest he will operate holiday style on 80, 40, 20, 15 and 10 metres CW and SSB. QSL via home call, direct or bureau, and LoTW. [TNX OPDX Bulletin]

**V6** - JA7HMZ (V63DX), JA7GYP (V63T) and JA7EPO (V63EPO) will be active from Pohnpei (OC-010), Micronesia from 29 October to 4 November. QSL via home calls. They will participate in the CQ WW DX SSB Contest as V6B (QSL via JA7HMZ). [TNX NG3K]

**V7** - N3QQ's operation plans for his IOTA expedition to the Marshall Islands [425DXN 1012] are as follows:

7-8 October V73QQ Majuro (OC-029)

12-14 October V73QQ **Enewetak Atoll (OC-087)**

The dates may change, as they are subject to transportation availability and weather. He will operate SSB and CW with 600 watts, full size vertical dipoles for 20/15/10m and a 1/4 wave vertical for 40m. The 15-19 October V73RRC expedition to **Ujelang Atoll (OC-278)** has been postponed. Yuri, N3QQ says he will leave amplifier, generator and antennas on Enewetak in anticipation of a new attempt, to take place possibly in late November or early December. QSL via N7RO, direct or bureau. The web site for the expedition is at <http://oc-278.ucoz.com>

**VE** - Jay, VY1JA became active as VY0JA [425DXN 1011] on 13 October. He operates CW only from CFS Alert on Ellesmere Island (NA-008). On weekdays normal hours of operation are 22.00-01.00 UTC, with more activity planned during the weekends. Operations are expected to end on 17 November (early UTC hours) at the latest. QSL via N3SL (Japanese stations can go via JA3JM).

**VE** - Rob, VE7RSV will be active as VE7RSV/p from Broughton Island (NA-091) during the W/VE Islands QSO Party (from 16 UTC on 23 October through 23.59 UTC on the 24th). QSL direct to home call. Complete information on the QSO Party can be found at [www.usislands.org](http://www.usislands.org) [TNX VA3RJ]

**VE** - Celebrating the 65th anniversary of the United Nations and UNESCO, the Westcumb Amateur Radio Club (VE1WRC) will operate special event station VC2J on 24 October. They will operate from the Joggins Fossil Cliffs (Nova Scotia), which became a UNESCO World Heritage Site in 2009. [TNX Southgate ARC]

**VE** - Noel, VE2BR and Gregg, VE3ZZ will participate in the CQ WW DX SSB Contest as VC2Z (Multi-Single) from Mercier, Quebec (Zone 5). QSL via VE2BR. [TNX VE3ZZ]

**VE** - Special event station CG3MUG will be active throughout November to celebrate the 100th anniversary of Thunder Bay MCTS Centre (Canadian Coast Guard Radio Station). MUG was the callsign of the original marine station, built in 1910 by the Canadian Marconi Company at Port Arthur. Further information can be found at <http://my.tbaytel.net/va3rom> [TNX Southgate ARC]

**VK** - Craig, VK4LXD will be active as VK4LXD/p from **Fitzroy Island (OC-172)** on 16-22 October. He will operate holiday style on 40, 20 and 15 metres SSB, PSK31 and RTTY. QSL via home call, direct or bureau. Further information can be found at <http://vk4ldxoc172.blogspot.com/> [TNX The Daily DX]

**VK** - Ray, K9LUK plans to be active sporadically as K9LUK/VK4 from North Stradbroke Island (OC-137) on 8-16 October. Look for him on or around 14260 kHz. QSL via home call, direct only. [TNX DX World]

**VK9\_c** - Phil, G3SWH and Jim, G3RTE will be active as VK9C/G6AY from the Cocos (Keeling) Islands (OC-003) between 22 February and 5 March 2011. They will operate CW only on 80-10 metres. Propagation permitting, they plan to have two stations on the air for as many hours every day as possible. QSL via G3SWH, direct or bureau. "We are happy to meet the costs of transport to and from the islands", Phil says, "but are seeking sponsorship and donations from individuals, DX clubs and organisations towards our living expenses on the island, printing QSLs and the like". Further information can be found at [www.q3swh.org.uk/vk9c-g6ay.html](http://www.q3swh.org.uk/vk9c-g6ay.html) [TNX G3SWH]

**VP2M** - George, K2DM will be active on 160-6 metres as VP2MDG from Montserrat (NA-103) from 27 October to 2 November, CQ WW DX SSB Contest included. QSL via K2DM. [TNX NG3K]

**VP8\_ant** - A few days ago Mike Glostein, GM0HCQ (VP8CMH) left again for Antarctica onboard the RRS James Clark Ross. Most of his amateur radio operations take place from the ship, as VP8CMH/mm whilst in Antarctic and Falkland Islands waters and a GM0HCQ/mm at all other times. "It does not look like there will be time to operate from South Georgia", he says, "and there are no longer facilities at Signy base (South Orkneys, Ed.)". He might be able to operate as VP8ROT from Rothera Base on Adelaide island (AN-001), but he "won't know until the ship arrives there" in late November. QSL via GM0HCQ (direct only), eQSL and LoTW. Regular updates and daily pictures are posted to [www.gm0hcq.com](http://www.gm0hcq.com)

**VU** - VU2JHM, VU2UR, VU2LX and VU2LU will be active as VU0WFF from the Daroji Sloth Bear Sanctuary on 1-10 October. They will operate mainly CW with a multi-band dipole and 30-40 watts. QSL via VU2JHM. [TNX VU2UR]

**W** - Rick, K8GI will be active as K8GI/3 from Middle Hooper Island (NA-140) on 3 October, between approximately 13 and 22.30 UTC. He plans to operate SSB and PSK63 on 17 metres, and SSB, PSK63 and RTTY on 20 metres. QSL via home call, direct or bureau, and LoTW. [TNX K8GI]

**W** - On 18 October 1910 the crew of airship America (callsign W) was rescued by the steamship Trent (callsign RNR) while attempting at making the first aerial crossing of the Atlantic Ocean. This was the first time that a wireless station was installed in and operated from an airship. To commemorate those events, the Marconi Radio Club (W1AA) will operate CW and SSB as W1AA/W and W1AA/RNR on 16 October. Further information and QSLing instructions at qrz.com under W1AA. [TNX K1VV]

**XU** - Look for XU7KOH to be active on all bands and modes from Koh Russei (AS-133) on 6-9 November. The operators will be XU7ACY, XU7ADV, XU7AJV and XU7KOH. QSL via ON7PP. [TNX ON7PP]

**YN** - Jeff, N6GQ will be active as YN2AA from Nicaragua from 27 October to 1 November, including a SOAB HP entry in the CQ WW DX SSB Contest. QSL via NN3W. [TNX N6GQ]

**Fitzroy Island (OC-172)**

**YS** - Special event station YS0IARU will be active from El Salvador during the IARU Region 2 General Assembly on 4-8 October. All delegates will be

allowed to operate from the station, which will be running 100 watts into dipoles on 40 and 20 metres. QSL via YS1GMV. [TNX The Daily DX]

**YS** - YS1YS, HU1YS and special event callsign YS1FRACAP will be used during the FRACAP (Federacion de Radio Aficionados de Centro America y Panama) Convention that will be held on 5-7 November in San Salvador. QSLs via YS1GMV. [TNX The Daily DX]

**YV** - Vladimir, UY5ZZ will be active as YV7/UY5ZZ from Margarita Island (SA-012) from 26 October to 7 November, including participation in the CQ WW DX SSB and Ukrainian DX Contests. QSL via home call. [TNX UY5ZZ]

**ZD8** - Tom, K7ZZ/ZD8ZZ had an overbooking problem with his flight to Ascension Island and will not be able to get there until 12 October. However, he will stay until the 26th. QSL via LoTW or direct to K7ZZ. [TNX The Daily DX]

**ZD9** - Ulli, DL2AH has been on Tristan da Cunha (AF-029) for a few days and will start activity as ZD9AH from around 10 October until 6 December. This is not a DXpedition and he plans to operate mainly SSB on 40, 20, 17, 12 and 10 metres, with some RTTY activity during the last two weeks of November. He will be working "barefoot" with a simple Windom antenna. QSL via DL2AH, direct or bureau. [TNX NG3K]

**ZL7** - Toshi, JE1SYN and Hiro, JF1OCQ

will be active as ZL7/W1SY and ZL1WY/ZL7 from the Chatham Islands (OC-038) on 2-9 December. They plan to operate on 160-6 metres CW, SSB, RTTY, PSK and FM. QSL ZL7/W1SY via JE1SYN, QSL ZL1WY/ZL7 via JF1OCQ. Further information can be found at <http://w1vx.net/pedition/zl7/2010ZL7.htm> [TNX JE1SYN]

**ZS8** - Pierre, ZS8M is now QRT until he can install the equipment at the new base. At the moment it has been removed from the old base and is in storage at the new site. [TNX G3SVD]

**CHANNEL ISLANDS** ● Kazik, DL2SBY will be active as MJ/DL2SBY from Jersey (EU-013) on 7-9 October and as MU/DL2SBY from Guernsey (EU-114) on 9-16 October. He plans to operate SSB, CW and RTTY on 80-2m. QSL via DL2SBY. [TNX DL2SBY]

**CARIBBEAN TOUR** ● Cory, N1WON will be active as KP2/N1WON (QSL via home call) from the US Virgin Islands (NA-106) until 19 October, and as VP5/N1WON (QSL via home call) from Providenciales, Caicos Islands (NA-002) from 21 October to 3 November. He will participate in the CQ WW DX SSB Contest with the VP5DX team (QSL via NU4Y).

Tristan da Cunha (AF-029)

### CQ WW DX SSB CONTEST

The following stations have announced their participation in this year's event (30-31October):

Do not forget to give a look at the Announced Operations listing maintained by Bill, NG3K at [www.ng3k.com/Misc/cqs2010.html](http://www.ng3k.com/Misc/cqs2010.html) - good contest to you all!

# DXODX Spratly Islands 2011

## Going to plan: The Spratlys DXpedition 6 January to 1 Feb 2011

A recent meeting chaired by the DXODX DXpedition Team Leader, Chris Dimitrijevic VK3FY & DU8/VK3FY reviewed progress achieved so far with only 60 days to go until special DX entity The Spratlys (IOTA AS-051) hits the amateur bands.

The meeting was attended by the DXODX Co-Leader and Webmaster Peter Dernikos VK3FGRC, Public Affairs Officer Jim Linton VK3PC, and team members Keith Proctor VK3FT, Lee Moyle VK3GK and Nik Dimitrijevic VK3FNIK.

It heard that the pre-assembly, erection and tuning of eight HF yagi antennas in Fontana California went extremely well with the antennas tuned as per instructions to their allotted bands.

The antennas are three TW-33-XL 30-17-12m band 3-element tri-banders, three TA-33-M 20-15-10m 3-element tri-banders, and two 4-element mono-banders for 20m.

Each was then partly disassembled breaking down into four parts for allow for quick installation once they reach the island. Masts, rotators, masts and cabling have all been finalised.

Other main equipment includes ten ICOM IC7600 transceivers (four each for CW and SSB, plus two on digital modes), an IC9100 (6m, 2m, 70cm & 23cm), eight generators with associated electromagnetic interference (EMI) filters, 11 laptop computers, four SteppIR Verticals, 1x 2 element SteppIR Yagi, 2x 80m 4sq's, 2x 40m 4sq's, 6x OM Power OM3500HF amplifiers, 3x ACOM1000 amplifiers, 1x OM Power OM2006 6m amplifier, 1x ACOM 1010 Amplifier, 2x Thamway amplifiers, 1x Commander 144MHz Amplifier, headsets, foot switches and interfaces.

Chris VK3FY & DU8/VK3FY said, "Well done to the Station & Planning Co-ordinator David Collingham K3LP for organising and attending the Pre-Assembly Gathering and also DXpedition logistics coordinator Charles Spetnagel W6KK for his understanding in having all the equipment dispatched to his QTH and also being part of the Pre-Assembly Gathering."

Special thanks for their hands-on contribution in this important phase of the exercise goes to DXODX Team Leader Chris Dimitrijevic VK3FY, Nik Dimitrijevic VK3FNIK, Arnie Shatz N6HC, Bob Grimmick N6OX, West Coast Pilot Milt Garb W6QE, Dennis Juniper N7DDU, Byron Hunsaker NF6T and Richard Briano, who all attended the Pre-Assembly and Container loading gathering in Fontana, California over the weekend of 30-31 October.

The Philippine Amateur Radio Association (PARA) has appointed DXODX team member, Dindo Garcia DV1UD, as the PARA liaison person to handle all in coming equipment shipments, and liaise with the Bureau of Customs in respect of all equipment for the DXpedition.

Chris VK3FY & DU8/VK3FY said, "A new high tide photographic survey commissioned by the DXpedition has confirmed that the island's coastline and available

beach has dramatically changed from what was previously known, due to rising sea levels and sea erosion.

"This has meant a change in some aspects of the location of antennas and operating camps, but being fully aware in advance has enabled David Collingham K3LP the Station Layout Coordinator and other DXODX Team members to ensure it does not have a significant impact of the DXpedition plans."

The four operating camps will use hand-held VHF/UHF transceivers, kindly provided by ICOM Amateur, for intercommunication.

The meeting also had its lighter moments in discussing the island's resident goats and whether they could take a liking to coax cable, and if a diet high in vitamin B12-rich Marmite might ward off mosquitoes.

In recent hours Chris VK3FY & DU8/VK3FY has been informed that the boat hired to transport the team and its supplies to Thitu Island is now in need of extensive repair following damage sustained in very rough weather.

"The official advice received is that it is doubtful repairs can be made before the team is due on the island. While this is a disappointment, with it occurring two months out from the DXpedition sufficient time remains to source a replacement vessel," he said.

The excitement continues about this major DXpedition that will see more than 37 radio amateurs from 15 Nations, who have made their individual substantial financial commitment to be part of the DXODX operating team over the four weeks. As part of a humanitarian

contribution, two doctors, Josette Docherty VK2FXGR and Edward Soriano 4F1OZ are also to provide medical checks to the island's residents.

In another development, Chris VK3FY & DU8/VK3FY said that the DXpedition is to be extended to accommodate the CQ World Wide 160m CW Contest. The Municipality of Kalayaan has agreed to the time extension.

He said, while DXODX was to go QRT on 24 January, a couple of individual and keen members have asked if they could stay on air for that contest when ends at 2200 UTC Sunday 30 January. **This will now extend DXODX activation to 1 Feb 2011.**

"This limited extension was carefully considered and agreed in light of strong interest from Top Band contesters and the 160m band being the highest sought after in the DXODX website online survey."

The generous corporate sponsorship that makes the DXpedition possible by providing equipment and other needs, plus funding support from DX groups, clubs, and individual radio amateurs which is still being received. All are gratefully acknowledged on the DXODX website.

Jim Linton VK3PC,  
Public Affairs DXODX

4 November 2010

# VP8ORK

## Press Release #3: The Low-Band Plan

Many have been asking about our low-band plans for the upcoming VP8ORK South Orkney DXpedition in January 2011. With antennas to cover 75, 80 and 160m simultaneously from sunset to sunrise, dedicated receive systems and top-of-the-line radios, we will be active on all these bands, every night, for almost two solid weeks. Rest assured that we're giving the low-bands a top priority.

Of course this doesn't mean we're ignoring 40m and up. It just means we're putting in a bigger effort than usual on those bands where the need is greatest.

We realize that lone operators at remote polar science stations often have limited time and equipment to make an effort on every band, let alone 80 or 160. This is why the big Antarctic DXpeditions are there to fill in the gaps. These expeditions offer experienced DXers a chance at working some new band-modes, and newcomers a chance at climbing the honor-roll.

Here is a listing of our low-band arsenal.

### ANTENNAS

- |                |  |
|----------------|--|
| 160 transmit   | The Battle Creek Special (160 main)<br>85 foot vertical wire supported by Spiderbeam telescoping pole (160 backup)   |
| 80 transmit    | SteppIR vertical with 80 meter coil (CW) (80m)<br>60 foot vertical wire supported by Spiderbeam telescoping pole (75m)<br>60 foot vertical wire supported by second Spiderbeam telescoping pole (backup) |
| 160/80 receive | DX Engineering 4 square with DX Engineering preamp and DX Engineering splitters to feed 3 low band radios.<br>Two RX beverages as an option to 4 square dependant on circumstances encountered on site.  |

### RADIOS

- 7 x K3 transceivers (sponsored by Elecraft)
- 3 x Acom 1010 amplifiers (sponsored by Acom)
- 2 x Acom 1000 amplifiers (sponsored by Acom)

### TEAM

EY8MM, K9ZO, ND2T, 9V1YC, K0IR, N1DG, W3WL, K6AW, N6MZ, N4GRN, WB9Z, W7EW, and VE3EJ

I'm sure most of you recognize these calls. This team brings with it an unprecedented amount of experience in Antarctic DXpeditioning, contesting and low-band knowledge to ensure that all bands are covered from start to finish.

But, even with a great plan, the best equipment and experienced operators, activating the remote entities of the Southern Ocean is still one of the most challenging aspects of amateur radio. These islands are some of the windiest, coldest and roughest places on earth to survive, and just reaching them is an achievement in itself. Its no secret that private, non-governmental Antarctic expeditions come at an astronomical cost, and without support from everyone within the DX community these trips would simply not happen.

We're extremely grateful to have major DX foundations such as the NCDXF, INDEXA and the ARRL funding us with large donations. We're also thankful to have support from many worldwide DX clubs and commercial equipment sponsors such as Elecraft, Acom, DX Engineering and SteppIR. But even with all that, and each team member contributing over \$12,000, it still doesn't even come close to covering the massive expense of a polar expedition. We need financial support from all of you.

If you haven't sent in a donation yet we hope you will consider joining those who have already stepped up to help. Our website [www.vp8o.com](http://www.vp8o.com) gives full details of our trip, and is where you can contribute at whatever level you feel comfortable.

We look forward to working you on all bands!

73,

James Brooks, 9V1YC  
The Microlite Penguins DXpedition Team  
VP8ORK South Orkney 2011  
3 November 2010

# GOOD TO KNOW

**FORMER NETHERLANDS ANTILLES AND CQ AWARDS & CONTESTS** ● "With several groups operating this week from the 'new' DX entities created by the breakup of the Netherlands Antilles", Richard Moseson (W2VU) says, "questions have arisen regarding their status for CQ DX awards and contests".

- **CQ DX AWARDS:** The previous entities of the Leeward Islands (PJ2/PJ4) and Windward Islands (PJ5/PJ6/PJ7) were deleted as of 9 October, and four new entities became active on 10 October. Confirmations for contacts made with the new entities - Curacao (PJ2), St. Maarten (PJ7), Bonaire (PJ4) and Saba/St. Eustatius (PJ5/6) - will be accepted for CQ award credit effective immediately.
- **NEW MULTIPLIERS IN THE CQWW:** The country multiplier list for the CQ World Wide DX Contest (SSB on 30-31 October and CW on 27-28 November) is based on a combination of the ARRL's DXCC list and the DARC's WAE (Worked All Europe) list. The four newly born DXCC Entities will each count as separate country multipliers in the CQWW.
- **DX MARATHON:** Competitors in the 2010 CQ DX Marathon who worked any of the islands before 10/10/10, get credit for either the Windward or Leeward Islands, as appropriate. Hams who work them again on or after 10/10/10 will get additional credit for the new entities, providing a maximum of six country credits for working the islands in 2010.

**K6VVA/VE7** ● Rick, K6VVA was expected to operate from Quadra Island (NA-091) on 27-30 September [425DXN 1009]. However, the trip has been rescheduled for 2-5 June 2011, "for hopefully better propagation to Europe". Updates will be posted to [www.k6vva.com/iota/na091/](http://www.k6vva.com/iota/na091/)

**LOG IG9/IV3TMM** ● A logsearch for Francesco's activity from Lampedusa Island (15-19 August) is available at <http://dx.gsl.net/logs/index.html>. The cards have been printed and the QSOs will be confirmed through the bureau. [TNX IV3TMM]

**NWRW 2010** ● The National Wildlife Refuge Week (9-17 October) combines Amateur Radio communication capabilities with enjoyment of the outdoors to help others learn about the National Wildlife Refuge System. Amateur radio stations are operating from a number of wildlife refuges this week under guidelines established in cooperation with the U.S. Fish & Wildlife Service. Information on this special event, including details on the relevant certificate, can be found at [www.nwrweek-radio.info](http://www.nwrweek-radio.info)

**PACIFIC DXERS** ● Pacific DXers (<http://pacific-dxers.com>) was formed in September 2010 for anyone interested in Pacific DXing or DXing in the Pacific. "We already have a well stocked 'DXpedition Kit' available for members to use", Eddie, VK4AN says. It will be made available on a booking basis for DXpeditions in the South Pacific area from 2011 onwards. They have also "negotiated a big reduction in price at a ham-friendly resort in Fiji for members staying at least a week, and are continuing negotiations with other resorts around the Pacific."

**PJ2T** ● A simple website for the PJ2T Curacao 10-10-10 Celebration operation, including an online log look-up capability and information on operating frequencies, can be found at [www.k8nd.com/Curacao-2010.html](http://www.k8nd.com/Curacao-2010.html). Jeff, K8ND and Bill, W9VA will operate as PJ2T starting at 4 UTC on 10 October for the next eight days. "This operation will be low-key compared to the operations on the other islands of the former Netherlands Antilles", they say. "We will not be on the bands 24/7 during our stay", but "in the two months following our operation there will be many more opportunities for The Deserving to work Curacao for DXCC credit before ARRL will begin accepting submissions for the new DXCC Entity". QSL for PJ2T via N9AG and LoTW. [TNX K8ND]

**SABLE ISLAND CANCELLED** ● Bad weather conditions prevented AA4VK, AI5P, N0TG and VE1RGB from flying to Sable Island on 21 October. "Today, prior to our planned departure to Sable Island on Saturday, a major safety issue was discovered with the charter aircraft that requires repair before we can fly", N0TG reported on 22 October. "It is estimated that acquiring parts and completing the repairs will extend as much as three weeks or longer". The team had no choice but to return home. They hope they will be able to reschedule the DXpedition, but for the time being they cannot even say if it will be possible. All of the donations received so far will be refunded. Updates will be posted to [www.cy0dxpedition.com](http://www.cy0dxpedition.com)

**TOP LISTS** ● The latest Topband, Topmode and Toplist listings are now available at [www.425dxn.org/awards/toplist/index.html](http://www.425dxn.org/awards/toplist/index.html). QSOs confirmed through LoTW or included in on-line logs are eligible for listing. Send send your scores, as well as any request for further information, to Erminio Pandocchi, I2EOW ([i2eow@fastwebnet.it](mailto:i2eow@fastwebnet.it))

**VHF-DATABASE** ● The latest issue of the VHF-DATABASE (3.10-10/2010) is now available to private users as well as DX-Cluster Sysops on Make More Miles on VHF ([www.mmmonvhf.de](http://www.mmmonvhf.de)), the VHF-DX-Portal. [TNX DL8EBW]

## DXCC NEWS

The following operations have been approved for DXCC credit:

- **9Q50AR** (Democratic Republic of the Congo, Club Station all operations)
- **9Q500N** (Democratic Republic of the Congo, 2010 operation)
- **9U1KI**, **9U1RSI**, **9U1VO** and **9U4T** (Burundi, 2010 operations)
- **A51A** (Bhutan, 2010 operation)
- **T6MB** (Afghanistan, 2010 operation)

If you have had credits rejected for these operations, please send a note to [dxcc@arri.org](mailto:dxcc@arri.org) [TNX NC1L]

## QSL

**9J2CA** ● Phil, G3SWH says he is no longer the QSL manager for 9J2CA or 9I40CA, and he has no blank cards left.

**PJ2A** ● Effective immediately Jerry, N5UCF will be serving as QSL manager for PJ2A. He will have logs for all PJ2A contacts, will be answer direct and bureau requests. "QSL cards are ordered and in queue to be printed", he says, "so please be patient for a return QSL over the next several months or so".

**PJ7E** ● An Online QSL Request System is available on the expedition's website ([www.pj7e.com](http://www.pj7e.com)) and you will be able to request your QSLs one of three ways: OQRS Direct, OQRS Bureau, traditional direct mail to Sint Maarten 2010, Box 333, Bethlehem, Georgia 30620-9989, USA. The logs will be uploaded to LoTW six months after the conclusion of the DXpedition.

**VIA RU6UR** ● QSL cards for DQ10KDR, EM10KDR, ER10KDR, LY10KDR and R10KDR (December 2007) should be sent direct to RU6UR (Yury V. Kamenski, ul. Nemova d. 12A kv. 13, Astrakhan, 414028, Russia). [TNX RU6UR]

**UAOFUA** ● The cards have been printed and the QSL manager (IK2QPR) has started processing the requests received so far. UAOFUA operates from Iturup Island, AS-025.

**VK8NSB** ● Owing to the passing of VK6NE, the new QSL route for Stuart is via M0URX (an on-line form for bureau requests can be found at [www.m0urx.com](http://www.m0urx.com)). [TNX VK8NSB]

## RADIO ARCALA &...

**SCANDINAVIAN ACTIVITY CONTEST** Radio Arcala ([www.radioarcala.com](http://www.radioarcala.com)) will deploy four SOAB stations in the Scandinavian Activity Contest (SSB) to be held on 9-10 October: OH8X from Northern Finland operated by OH2UA, OJOB from Market Reef operated by OH2PM, OH0B from the Aland Islands operated by OH2BH and OH2BH from Southern Finland operated by OH1WZ. QSL OH8X via OH2UA, others via OH2BH. [TNX OH2BN]

**CQWW SSB CONTEST** Radio Arcala will deploy four stations in this year's event: OH8X from Northern Finland operated by OH2UA (SOAB), OH0B from the Aland Islands operated by OH2UA (SOAB), CR2X from the Azores operated by N5TJ, 5R8X from Madagascar operated by OH2BH, OH2PM, OH6KN, OH7EA and OH8NC (Multi-Single). QSL OH8X via OH2UA, others via OH2BH. [TNX OH2BN]

Marcel Dehonin (**ON4QM**) passed away a few weeks ago after a long illness. He will be remembered mainly for his operations from the Pacific, such as A35DM, FW5XX, H44QM, ZK1DM, ZK2XX, ZK3DM and FO0DEH from several rare IOTA groups in French Polynesia and the Austral Islands.

Robert "Bob" Earhardt (**YS9RVE**) passed away on 21 September of a heart attack. He was 70 years old and was very active on the DX scene from El Salvador between 1975-1990.

Neil Penfold (**VK6NE**) passed away on 27 September, just a month short of his 77th birthday. A few months ago the Northern Corridor Radio Group's (VK6ANC and VK6NC) club rooms changed their name to The Neil Penfold State Amateur Radio Centre, in recognition of the major effort that he played not only in the construction of those premises, but also during his long association with amateur radio, as a past president of WIA, Western Australia Councillor and QSL manager.

Other recently reported Silent Keys include Gerhard Schwarz (**DK2UA**), Antoine Baldeck (**F6FNU**), Japan Amateur Radio League's former Vice President Makoto Inami (**JA6AV**), Chick Urquhart (**GM3JUD**), HF antenna pioneer A.J.F. "Frank" Clement (**W6KPC**), Clifton D. Swigard (**W7NA**), Ken Schang (**W8LU**, ex-K8LUU), Eric Cohen (**Z21BC**) and Robert Thiery (**F6CRT**), who passed away in late August. He was active as 5A1FB from Lybia (1954-57), FQ8HO and TT8AF from Chad (1958-61) and 6W8DI from Senegal (1961-63).
