They will operate SSB, CW and RTTY on 160-10 metres, with two stations and a focus on the lower bands. There may be some 6m activity as well. QSL via M0OXO's OQRS (www.m0oxo.com/oqrs/). [TNX M0OXO]

GOOD TO KNOW

425 DX NEWS MAGAZINE • The January 2017 issue is now available for download at www.425dxn.org/monthly/index.html. [TNX IZ3EBA]

ANTARCTIC ACTIVITY WEEK • The Worldwide Antarctic Program has announced that the 14th Antarctic Activity Week will be held on 20-26 February. The aim of this annual event is to promote worldwide interest in the Antarctic continent. Special callsigns (QSL via operator's instructions) are expected to be aired during this year's AAW from the following countries:

Australia	VK2ANT
Austria	OE88WAP, OE89ANT, OE90AAW
Canada	CF7AAW/1
England	GB0ANT
France	TM14AAW, TM14WAP
Italy	II1MNA, II2ANT, II3MNA, II8POLE, IR1ANT, IR2XIR, IR4ANT, IR8AAW
Netherlands	PA6ANT, PH17ANT
Poland	HF0A
Spain	AO1WAP, AO3ANT, AO4HAG, AO5ANT, AO5WAP, EG1WAP, EG5ANT, EG5WAP, EH5ANT, EH5WAP
USA	K4A

Complete information on the AAW can be found at www.waponline.it.

ARRL DX CW CONTEST • Object of the contest is for W/VE amateurs to work as many stations in as many DXCC Entities as possible on the 160, 80, 40, 20, 15, and 10 metre bands, while DX stations (also including KH6, KL7, CY9 and CY0) work as many W/VE amateurs in as many of the 48 contiguous states and provinces as possible (see www.arrl.org/arrl-dx for complete rules). This year's event will run from 00.00 UTC on 18 February through 23.59 UTC on the 19th. Do not forget to give a look at the Announced Operations listing maintained by Bill, NG3K at www.ng3k.com/Misc/adxc2017.html - good contest to you all!

CLUB LOG'S MOST WANTED LIST • The latest Most Wanted List, generated on 31 January, is available at <https://secure.clublog.org/mostwanted.php>. The information is derived from QSOs uploaded to Club Log (currently 407 million log entries available for analysis) and, to improve quality, only QSOs that have QSLs confirmed are considered to be worked. The most wanted charts are rebuilt once per month, on average.

E51PT • After being QRT since 1984, Pia Taraeka ("Papa Pia"), E51PT is back on the air from Manihiki (OC-014), North Cook Islands "thanks to the generosity of members of the Western Washington DX Club". He can operate CW and SSB on 80-10 metres "running 100 watts into an all band dipole". QSL via N7BX, direct only (no LoTW). [TNX The Daily DX]

HAMALERT • Created by Manuel Kasper (HB9DQM), HamAlert "is a system that allows you to get notifications when a desired station appears on the Reverse Beacon Network, SOTAwatch or the DX cluster". You can receive alerts via Email, Push notification, SMS or URL GET/POST; spots can be filtered and the number of alerts can be limited. See <https://hamalert.org/about> for complete information.

INDEXA NEWSLETTER • The Winter 2017 edition of the International DX Association's Newsletter (INDEXA) is now available for download at www.indexa.org/newsletters.html. This issue contains the story of CY9C (St. Paul Island 2016). [TNX K8YC]

IOTA DINNER • The 22nd Annual Islands On The Air (IOTA) Dinner will be held on 21 April at the Visalia Conference Center in conjunction with the 68th International DX Convention. As the IOTA Dinner is not included in the main Convention registration, there will be a separate registration and fee for it. See www.dxconvention.com/pages/dinners-iota.html or contact Will, WC6DX ([wc6dx@\[s\]bcglobal.net](mailto:wc6dx@[s]bcglobal.net)) for information. [TNX WC6DX]

LIGHTHOUSE WEEKEND • The 9th South American Lighthouses Weekend will be held on 17-19 February. Details, including a listing of participating stations, can be found at <http://www.grupodxb.com.ar/>.

QSL 5A1AL & 5A1A • Abubaker (5A1AL) has announced that "the QSL process for both call signs 5A1AL and 5A1A will be taken over by myself starting from 11th of February 2017". Abubaker is going to upload his log to Club Log and enable the OQRS. W5UE will forward to Abubaker all direct QSL requests received after 10 February.

V63DX • Sho, JA7HMZ has cancelled his 17-24 February [425DXN 1341] operation from Pohnpei, Micronesia. He was expected to be QRV as V63DX and V6A during the ARRL DX CW Contest. [TNX NG3K]

WRTC 2018 IS COMING • Often the WRTC is rightly referred to as the Olympic Games of Radio Sport. "Olympiad" originally meant the period between the actual Olympic Games. There are now (27 February 2017) just 500 days in our "Olympiad" until the opening ceremony. A lot has already happened - but there is still a lot left to be done and time flies. Current facts and figures:

- 60% of needed funds have been raised
- 11 ham fairs have been visited
- 94 presentations given in clubs and at meetings
- >40 articles published in magazines and newspapers
- 80 conference calls have taken place
- >1,000 WWQR Awards issued
- 58,000 QSOs with D*0WRTC have taken place
- Several major sponsoring contracts are in place
- 23 international ambassadors have been assigned
- 14 national ambassadors have been assigned
- 40 Tents have been Sponsored
- 3 Teams have been Sponsored
- The qualification process is finished
- The competition rules are drafted
- 160 possible sites have been evaluated
- Antennas, masts and rotators have been selected and tested
- The first large test session has been completed

Several of the component projects are approaching a stable state however some projects are requiring more work than expected. We are on schedule and are proud to be the host. A great number of volunteers support the organisation of the WRTC and dedicate many hours of their time for this very special event. See www.wrtc2018.de for complete information.

WRTC 2022 • Italy is stepping forward as a potential candidate country to host the World Radiosport Team Championship 2022: <http://wrtc2022.it>. The petition has gathered 350+ signatures from 25 different countries so far.

IREF

The Island Radio Expedition Foundation, (IREF), was founded in 1999 for the sole purpose of providing financial assistance for expeditions to rare IOTA islands. The organization was formed by AD5A, N5UR, AB5EB and NI5DX after activating NA-209, H75A, for the first time. /We could find no sponsors for our trip. No independent, IOTA only, expedition funding organization existed before IREF nor does one exists today. Many clubs and organizations contribute to IOTA expeditions, but none contribute to IOTA expeditions exclusively. IREF has provided ~ \$75,000 in funding since it's inception. IREF is a 501(c)(3), US based organization which means that contributions for US Citizens are tax deductible.

The organization is truly international in scope and a seven person Board decides on grants, I don't even get a vote:-). That Board consists of N5UR, NI5DX, W9DC, K9AJ, G3NUG, CT1EEB and JA9IFF. AB5EB is VP and WB2YQH is Secretary.

The purpose of this email is ask for your support. IREF hasn't had to solicit contributions in over a decade, thanks to some large contributions in the first few years, but the contribution landscape seems to be changing. IREF has recently had to reduce our grant amounts because of a shrinking treasury. With the advent of OQRS it is much easier for individuals to direct their dollars specifically to expeditions they work. So there is a question of whether or not financing organizations, like IREF, still have a role in the expedition funding realm. I think they do, but it is getting harder. So, why should you contribute to IREF when you can support expeditions through personal contributions?

Here are some reasons to give:

- IREF only contributes to rare expeditions, that is, confirmed by 15% or less of chasers, so you know your money will go toward rare ones.
- IREF has no expenses, all the money goes to expeditions
- When using OQRS, you only support expeditions you work, contributing to IREF who supports rare expeditions might provide enough support for expeditioners to go to that next one you need.
- For USA contributors, you contributions are tax deductible.
- For all contributors you have the satisfaction of helping pave the way for continued activations and the good of the IOTA community.
- Also, perhaps your club, in support of its members who are IOTA chasers, could make an annual contribution.

How to contribute:

- Go to the IREF website, www.islandradio.org and click on the 'Join' tab, there you can contribute via PayPal.
- Send a check, made out to IREF, to 709 Coveney Trail, Boerne, TX 78006

IREF is also in need of a Webmaster. We don't really possess the expertise to maintain a vibrant website and we are behind posting our sponsored expeditions. So if you are so inclined and have the expertise, please contact myself, AD5A, via email or AB5EB.

Thanks for taking the time to read this.

73,

Mike Crownover, AD5A
President, IREF Inc.
