DX INFORMATION

Owing to the ongoing and fluid nature of the COVID-19 situation globally, announced activities might be postponed or cancelled at any time and without notice.

3D2/R - Tony, 3D2AG will be active again as 3D2AG/p from Rotuma Island (OC-060). Departure is scheduled for 12 December, and return sometime around 10 January. The primary purpose of this trip is

to set up the tombstone memorial for his son Rehanisi (2009-2020), who lost his life during Tony's latest visit in January. QSLing instructions can be found on <https://www.qrz.com/db/3D2AG/P>.

4S - Amateur radio operators from Sri Lanka have been authorized to append /70 to their callsigns (e.g. 4S7VK/70) during the month of December to mark the 70th anniversary since the founding of the Radio Society of Sri Lanka (formerly known as the Radio Society of Ceylon). [TNX DX World]

4X - Members of the Holy Land DX Group will be active as 4X7T from the UNESCO World Heritage site of Tel Be'er Sheva

(square F23BS for the Holyland Award) on 25-26 December. They will operate CW, FT8 and SSB on

80-10 metres with three stations. QSL via 4Z5LA.

5T - Tom, DL7BO is expected to be active as 5T700

from Mauritania until around 20 December. He will operate CW, SSB, RTTY and FT8 on various bands, provided the airline can find the antenna mast that was missing when he arrived in Nouak-

chott on 9 December. QSL via DJ6TF (direct or bureau) and LoTW. [TNX The Daily DX]

5U - Adrien, F4IHM expects to be back in Niger and be active as 5UAIHM (not 5U4IHM as initially announced) early next year, possibly between 7 January and 11 February, The Daily DX reports. He will operate CW using a straight key on 40 and 20 metres. QSL via home call, direct or bureau.

CN - A team from the Association Royale des Radio-Amateurs du Maroc (ARRAM) will be active as CN1M between 24 and 31 December while travelling from the city of Casablanca to the outpost of Guerguerat through Moroccan Sahara. QSL direct to RW6HS.

CP - Once again Antonio, EA5RM will be working on a non-governmental organization's project in Bolivia on 9-26 January. In his spare time he will operate SSB and digital modes as CP1XRM. QSL via LoTW. [TNX OPDX Bulletin]

DL - Members of DARC Ortsverband Mainz (DL0MZ) will be active as DR165TESLA throughout 2021 to commemorate the 165th anniversary of the birth of Nikola Tesla (10 July 1856). QSL via DK8ZZ.

DL - Celebrating DARC Ortsverband Traunstein's 70th anniversary, special callsign DL70TRS will be active from 1 January to 31 December. QSL via the bureau.

DL - Celebrating DARC Ortsverband Salzgitter-Lebenstedt's 60th anniversary, special callsign DR60SZL will be active from 1 January to 31 December. QSL via the bureau, or direct to DJ9PH.

DL_ant - Felix, DL5XL will be a member of the Antarctic summer season's team at Neumayer III station. The RV *Polarstern* will be leaving Bremerhaven, Germany on 20

December, and during the long voyage Felix will operate mainly CW and digital modes as DP0POL/mm (QSL via DL5EBE). From mid-January to mid-March 2021, he expects to be QRV as DP1POL (QSL via DL1ZBO) from

Neumayer III. The club call DP0GVN (QSL via DL5EBE) may also be used by other operators: in particular Theresa, DC1TH, who will be part of the 2021-22 overwintering crew and will operate DP0GVN via the QO100 satellite. [TNX DX World]

EA - In celebration of the 40th anniversary since its foundation, URE San Fernando will be active as EG40URF on 5-6 and 12-13 December. QSL via EA7URF.

EA - Special callsign AO50UPC will be active on 15-30 December to celebrate the 50th anniversary of the Universitat Politècnica de Catalunya (Polytechnic University of Catalonia). A certificate will be available for download: <http://50aniversario-upc.dxfun.com>.

F - TM110P is a special callsign for Les Emetteurs Biterrois (F6KEH) to pay a tribute to Louis Paulhan (1883-1963) between 28 November and 12 December. Paulhan was a pioneering French aviator, known for winning the first *Daily Mail* aviation prize for the first flight between London and Manchester in 1910. QSL via the

bureau to F6KEH.

F - Special callsign TM8AA will be active during the first weekends of January, February, March, April, May and June to celebrate the 100th anniversary of the first officially assigned amateur radio callsign in France (8AA, issued to Andre Riss from Boulogne-sur-Mer). QSL via eQSL, or direct to F5SLD.

G - GB100H (Golf Bravo One Oscar Oscar Hotel) is a special callsign for the Hull and District Amateur Radio Society to celebrate its centenary throughout 2021. QSL via MOGPN.

HB9 - In celebration of the 40th anniversary of the International Police Association Radio Club's Swiss Section, special event station HB40POLICE will be active from 1 January to 31 December. QSL via the bureau or eQSL.

HK - Due to Covid-19 restrictions, Lothar, DK8LRF (HK3JCL) is remaining in Colombia until late April 2021. QSL via the bureau to home call. [TNX DX Newsletter]

HZ - HZ18SAT is a special callsign for the Saudi Amateur Radio Society (HZ1SAR) to celebrate the 18th anniversary of the launch of the Saudi satellite 1C SO-50 (20 December 2002). Look for activity on SO-50 on 17-27 December; see qrz.com for more information.

(Marina Militare Italiana). QSL via operator's instructions. See <http://www.assoradiomarinai.it/> for more information.

I - Defined by Gabriele D'Annunzio as «the white ship that sails through miracles and animates the ethereal silences of the world», the *Elettra* was Guglielmo Marconi's steam yacht, from which he conducted many experiments with wireless telegraphy, wireless telephony and other communication and direction-finding techniques. ARI Fidenza will use a series of special callsigns

throughout 2021 to commemorate twelve major events related to the ship: II4BLD (January), II4BLY (February), II4RDF (March), II4DNZ (April), II4REG (May), II4SWE (June), II4DXS (July), II4MWS (August), II4SML (September), II4RDP (October), II4BLN (November) and II4DTH (December). See <http://www.arifidenza.it/> for detailed information about the *Elettra*. The Miracle Ship award. QSLs via IQ4FE, bureau or direct.

JA - Kenji, JA4GXS will be active as JA4GXS/4 from Kasado Island (AS-117) on 5 December, between 7 and 22 UTC. He will operate CW, SSB and FT8 on 40-15 metres. QSL via home call. [TNX DX World]

JA - Kenji, JA4GXS will be active as JA4GXS/4 from Otsu Island (AS-117) on 25-26 December. He will operate

CW, SSB and FT8 on 40, 30 and 20 metres. QSL via home call. [TNX DX World]

JD1_oga - Once again Harry, JG7PSJ will be active as JD1BMH from Chichijima (AS-031), Ogasawara from 14

December to 9 January 2021. He will operate CW, SSB and RTTY on 40-10 metres. QSL via JD1BMH (bureau) or JG7PSJ (direct). He does not use LoTW or PayPal. Logsearch on <http://jd1bmh.webcrow.jp/>.

OA - OA900 is the special callsign for the Radio Club Peruano (OA40) to celebrate its 90th anniversary until 31 December. Peru's IARU member society, RCP was founded on 6 December 1930. QSL via OA40.

OH - OH9SCL is once again active from Finnish Lapland ("Santa Claus Land") during the month of December. QSL via LoTW, eQSL, or direct to OH9FKJ.

100 vuotta

1921-2021

OH - Special callsign OH100SRAL will be in use throughout 2021 to celebrate the 100th anniversary of the Finnish Amateur Radio League (SRAL), Finland's IARU member.

QSL via LoTW; bureau cards will be sent in early 2022.

ON - The Belgian regulator has extended the expiry date for Covid-19 special callsigns OO7STAYHOME, OP19MSF, OQ5BECLEVER, OR20STAYHOME, OT4LIFE and OT6SAFE until 31 January. Also active until 31 December 2020 is OR20STAYS SAFE.

S5 - S520SAFE is a special callsign for members of Radioklub Elektron Brezice (S59ACP) to promote the "Be Safe Stay Safe" campaign in order to stop the spread of Covid-19. Look for activity between 8 December and 31 January 2021. QSL via LoTW, eQSL, or direct only to S56IPS.

SM - The Boras Radioamatorer Club (SK6LK) will be active as SF400B from 1 January to 31 December to celebrate the 400th anniversary since Boras received its city privileges (29 June 1621). QSL via LoTW and the bureau. Realtime logbook and map to keep track of the countries they work can be found at <https://www.sf400b.se/>.

SM - 7S60BQ is the special callsign for the Kristianstad Radioamateur Club (SK7BQ) to celebrate its 60th anniversary throughout 2021. QSL via SM7BHM and LoTW.

SP - Celebrating the New Year, members of the Radio Club Enigma (SP2PBM) will be active as HF2021HY between 19 December and 10 January. QSL via Club log's OQRS, LoTW, or via SP2PBM.

SV - SX2500S is a special callsign commemorating the 2500th anniversary of the naval Battle of Salamis, fought in 480 BC between an alliance of Greek city-states under Themistocles, and the Persian Empire under Xerxes the Great. Look for activity to take place on all bands and modes on 1-31 December.

QSL via LoTW, Club Log's OQRS, or via the bureau. Certificates will be available for download (<https://xromio.gr/SX2500S/>) for contacts made on at least three different bands.

SV - Special callsign SX40ARES will be active on 5-20 December to celebrate the 40th anniversary of the Hellenic Amateur Radio Emergency Service (ARES). QSL via Club Log's OQRS, LoTW, eQSL, or via the bureau.

TI - David, KM3A and Scott, N0OI will be active from Costa Rica on 3-9 January. Plans are to climb and be QRV as TI2/AB3G, TI3/AB3G and

TI5/AB3G from several different summits. They will operate mainly CW on 40, 30, 20, 17 and 15 metres. QSL via LoTW and Club Log's OQRS (preferred), or direct to KM3A.

UA - Special callsigns R2021NY, R21HNY, RA21NY, RC21NY, RD21NY, RG21NY, RJ21NY, RK21NY, RL21NY, RM21NY, RN21NY, RO21NY, RQ21NY, RT21NY, RU21NY, RV21NY, RW21NY, RX21NY, RY21NY and RZ21NY will be active from 25 December to 14 January for the *Russian New Year 2021* radio marathon organized by the Miller DX Club (<https://mdxc.ru/>). QSL via RQ7L. A number of certificates will be available, see <https://hamlog.online/club/mdxc>.

UA_ant - Alexei, RX6A will be active as RI01ANT from Progress Station and Vostok Station, Antarctica approximately between 25 December and 30 May 2021. He will operate mainly CW and FT8 on 40 metres «and higher». QSL via RX6A.

UR - EN50WZA is the special callsign for club station UT7WZA (ex UK5WBG and UB4WZA) to celebrate its 50th anniversary on 1-31 January. QSL via UT7WZA and LoTW.

W - Brad, N9EN will be active as W4A on 18-20 December. He will operate CW only mainly on 40 and 20 metres. This activity is to commemorate the 130th anniversary since the birth of Edwin H. Armstrong (1890-1954), the inventor who laid the foundation for much of modern radio and electronic circuitry, including the regenerative and superheterodyne circuits and the frequency modulation (FM) system. QSL via N9EN, direct or bureau.

W - The Straight Key Century Club's annual on-air event, commemorating the club's founding in 2006, will run on 2-31 January. Look for K3Y to be aired from the ten US

call areas (K3Y/0 through K3Y/9), plus /KH6, /KL7 and /KP4. Information on the event and QSLing instructions can be found

on <https://skccgroup.com/k3y/k3y.php>.

YB - Members of ORARI Polewali Mandar and the Tupalayo DX Club will be active as 7C8M from Gusung Toraja Island (OC-236) on 26-30 December. QSL direct to YB8BRI (see qrz.com for PayPal instructions).

YB - Members of ORARI Nusa Tenggara Barat (<https://ordantb.or.id/>) are active as 7C9N until 31 December from the Ampenan lighthouse in the neighborhoods of Mataram on Lombok Island (OC-150). QSL direct to HA3JB. Recent activities conducted by the same regional branch of ORARI include 7C9B from Kolo Beach, Sumbawa Island (OC-150, QSL via DL3KZA), and 7C9T from Gili Marangkik, a small satellite of Lombok (OC-150, QSL via HA3JB).

Z8 - Diya, YI1DZ expected to be back in Juba, South Sudan on 16 December. Hopefully he will be QRV again in his spare time as Z81D before the end of the year. He will operate SSB and FT8 on 80-6 metres. QSL via Club Log's OQRS, LoTW, eQSL, or via OM3JW. [TNX OPDX Bulletin]

ZD8 - Tev, TA1HZ will be on a working assignment on Ascension Island (AF-003) throughout 2021. He plans to be QRV as ZD8HZ on 80-10 metres in his spare time. QSL via LoTW, eQSL, or direct to home call (please refrain from mailing before 2022); he will also upload his log to Club Log.

GOOD TO KNOW

Access to the main functions of www.425dxn.org is provided by the 425DXN App for Android. It is available on Google Play - free of charge, no ads. Enjoy!

425 DX NEWS MAGAZINE • The November 2020 issue is now available for download at <http://www.425dxn.org/index.php>. [TNX IZ3EBA]

BANDS ALIVE: THE 2021 CW/SSB ULTRA-MARATHON • The True Blue DXers Club announces *Bands Alive*, a year-long "ultra-marathon" to be run from 1 January through 31 December 2021. «As the new solar cycle is now under way and conditions on the HF bands are expected to gradually improve throughout 2021, this unprecedented initiative is launched to give DXers a further motivation to get on the air and therefore support, improve and promote amateur activity using person-to-person modes of communication such as CW and SSB. This initiative, which we call 'ultra-marathon' for a reason, is indeed unprecedented - its

aim, reflected in its format, is to get people on the air and make as many unique contacts as possible over the duration of a full year, and not simply to work as many countries as possible». Participation is open to all amateurs: you do not need to sign up for TBDXC membership, but you have to register for the marathon on the dedicated section of the TBDXC website: <https://www.tbdxc.net/marathon>. Official registration will be opened on 31 December, so that starting at 00.00 UTC on 1 January 2021 everybody can start entering their results.

CQ DX MARATHON • The CQ DX Marathon is a year-long DX hunt, with participants competing to see who can work the greatest number of countries ("entities") and CQ zones during the calendar year. The 2021 edition will start at 00.00 UTC on 1 January and will end at 23.59 UTC on 31 December. Complete details

can be found at <http://www.dxmarathon.com/>.

IOTA NEWS: 2021 HONOUR ROLL & ANNUAL LISTING • The last date for sending score updates to checkpoints, both online or by QSL cards, for inclusion in the 2021 Honour Roll and Annual Listings is 31 January 2021. If cards are postmarked after that date, they will be processed in the normal way, but the scores will be held over to the following year's listing. The current disruption to postal services as a result of coronavirus suggests that, where cards are to be sent, they should be sent in good time to enable credit to be given. Participants who have not updated since the 2016 annual listings and wish to remain listed should make a submission before 31 January 2021. Furthermore, those who have not logged into their record for more than two years, will need to

revalidate their registration through info@iota-world.org. Do not leave it to the last moment as you may run out of time. [TNX G3KMA]

IOTA NEWS: OC-298 • «New IOTA OC-298, Tatakoto Atoll has now been confirmed following the opening up of QSO matching on LoTW for contacts with Cezar, VE3LYC's recent TX0T operation (30 October-5 November 2020)», IOTA General Manager Roger Balister (G3KMA) posted to the IOTA website on 10 December (<https://iota-world.org/management-news.html>). «This has enabled credits made previously with the island by FO5RH, FO0CLA and TX5TES and credited to OC-066 to be transferred to the new number OC-298 where the evidence is clear. Record holders may wish to check if they now need to restore credit for OC-066 with a replacement card. Requests arising from this change of group number should be made using the normal update procedure through checkpoints».

transferred to the new number OC-298 where the evidence is clear. Record holders may wish to check if they now need to restore credit for OC-066 with a replacement card. Requests arising from this change of group number should be made using the normal update procedure through checkpoints».

KH6VV/KH4 • «Recently the US Fish & Wildlife Service became uncomfortable with our proposed expedition date [second half of February 2021, Ed.] due to the forecast of a second virus wave», Ron, KH6DV posted to KH6VV's qrz.com page on 20 December. «We are now in that second wave, and the latest news is that Europe is seeing a new strain of the virus that is 70% more contagious. We agreed to change the date to September 2021 and submit a new Supplemental Use Permit application. A new management team is expected on-island once the holidays are over. Once that team is in place, we will submit our revised application».

LOTW QUICK START GUIDES • The *New User Guide* and *Quick Start Guides - Submitting QSOs to LoTW* (from Windows, MacOS & OS X, Linux) are available: <http://www.arrrl.org/quick-start> and <http://www.arrrl.org/logbook-of-the-world>. «There are a lot of updates that are still needed to Logbook Help», Greg Widin, K0GW (ARRL Logbook of The World Committee, Chair) says. «However, the Guides are likely to attract the attention and use of exactly those who can most benefit from them».

OH8X NODE ACTIVITY • «As part of the Yasmie Foundation project to provide additional Reverse Beacon Network nodes in underserved areas, equipment has been provided to a team in northern Finland. The latest node to become active is currently hosted by Radio Arcala (OH8X), very close to the Lapland (OH9) Region.

A mysterious propagation mode called Polar Path exists in Northern Europe during the winter season. At and above the Arctic Circle in the middle of the night this propagation offers a footprint covering the entire North American continent for many hours. This occurs in spite of the stations being within the Aurora Oval. Only 100 miles to the south, there is no such propa-

gation at all. Carl Luetzelschwab, K9LA, has tentatively studied the Polar Path and expects that two independent propagation scenarios need to co-exist to create this interesting path. The OH8X RBN node would further help the study of the Polar Path in which Radio Arcala will be cooperating with the northern scientific community».

Launched on 22 December, the RBN node receiver is currently located at the Radio Arcala station, OH8X (65 11 03N - 26 14 53E), but may later move even farther north to be at the heart of this unique Auroral Region of the Arctic Circle. [TNX OH2BH]

QSL EP2HAM • Charles, M0OXO is the new QSL manager for Arash, EP2HAM. New, full colour QSL cards are being printed and will be available in early 2021. QSL via M0OXO's OQRS: <https://www.m0oxo.com/oqrs/logsearch.php>.

QSL VK9NC, VK9NE & VK9NG • «Unfortunately, due to the ongoing serious restrictions on the delivery of letters sent abroad (due to COVID) by Polish Post Office, and the fact that our cards sent to many countries returned with the words 'no delivery' (and stamps cancelled), our manager SP7VC had to resign from sending QSL cards from Poland», Jacek, SP5EAQ (ex VK9NE) says. «In this situation, Willi, DL8MAN came to our aid by successively sending cards from Mainburg. Willi always ensures delivery after making sure the country is served by the German Post Office. Previously, some cards could be delivered in bulk by road transport according to lists provided by the main sponsors». VK9NC, VK9NE and VK9NG were active from Norfolk Island in October-November 2019. [TNX DX World]

RAEM CONTEST • This year's RAEM Contest (<https://raem.srr.ru/>) will be held on 27 December, from 00.00 UTC until 11.59 UTC, on 80, 40, 20, 15 and 10 metres CW. Organized by the Russian Amateur Radio Union (SRR), the annual event memorializes Ernst T. Krenkel (1903-1971), the legendary Arctic explorer and radioman (callsign RAEM) on various polar stations and on the first drifting ice station North Pole-1.

RI0Q 2021 • The Arctic Legends Expedition 2021 [425DXN 1534] is set to start on 10 March from Talnakh (Norilsk). The trip to Bol'shoy Begichev Island (AS-152) will depend on weather, as the team will be using snowmobiles. Indicatively, RI0Q is expected to be QRV no sooner than 17 March. [TNX UA1QV]

SOLAR CYCLE 25 • «In direct contradiction to the official forecast, a team of scientists led by the National Center for Atmospheric Research (NCAR) is predicting that the Sunspot Cycle that started this fall could be one of the strongest since record-keeping began»: see <https://news.ucar.edu/132771/new-sunspot-cycle-could-be-one-strongest-record>. [TNX HB9PL]

VA6/VE6: NEW QSL BUREAU MANAGER • Jerry, VE6TL is the new manager of the Incoming QSL Bureau (<http://www.buro.ve6hams.com>) for the Canadian province of Alberta (VA6/VE6). The mailing address is Jerry Spring, 206 Hampstead PL NW, Calgary AB T3A 5J2, Canada. [TNX OPDX Bulletin]

SILENT KEYS

Marcello Cassinelli, IK2DIA passed away unexpectedly on 1 December. Between 2001 and February 2020 he teamed up with Silvano, I2YSB & Friends and operated from Niger (5U2K and 5U4R), Marquesas (TX4PG), Samoa (5W0SB), Tokelau (ZK3SB), Somalia (6O0CW and 6O0N), Djibouti (J20MM/J20RR), Sierra Leone (9L1X), Ghana (9G5TT/9G5XX), Togo (5V7TT), Liberia (5M2TT and A82X/A82Z), Ivory Coast (TU2T), Chad (TT8TT), Mayotte (TO2TT), Burkina Faso (XT2TT), Benin (TY1AA), Zambia (9J2T), Kenya (5Z0L), Democratic Republic of the Congo (9Q0HQ), Guinea (3XY1T), Guinea Bissau (J5T), Central African Republic (TL8TT), Cameroon (TJ2TT), Rwanda (9X0T/9X0Y), Uganda (5X3C/5X3E) and Tanzania (5I5TT/5I4ZZ). As a member of the Italian DXpedition Team he was inducted into the CQ DX Hall of Fame in 2019.

Halim Dani Hidayat, YB2CW passed away on 12 December. Born in 1963, he was first licensed as YD2DVM in 1982, then switched to YC2DVM (1984), YC2TJV (2003), YB2TJV (2007) and finally YB2CW in December 2018. He served as President of ORARI Lokal Kebumen and Chairman of the IARU Region 3 Disaster Communication Committee, and gave his services also to the Scout movement and the Indonesian Red Cross. Dani was renowned for producing logos for many major DXpeditions (e.g. K1N, Navassa 2015) and IOTA operations, as well as for organizations and individuals (e.g. the M0OXO QSL Manager and OQRS logos).

Franz Berndt, DL9GFB (ex Y25JA) passed away on 22 December, one day after his 68th birthday. The Chairman of DARC's Mecklenburg-Vorpommern District, over the past 25 years he participated in many DXpeditions, notably C56R & C53M (The Gambia 2002), 4S7FBG (Sri Lanka 2003), ZD7F (St. Helena 2004), VU4AN/VU3RYE (Andamans 2006), VU7RG (Lakshadweep 2007), VU7SJ (Lakshadweep 2008), VP2EFB (Anguilla 2008), 9N7AN (Nepal 2011), 5W0M (Samoa 2013), V73D (Marshall Islands 2015) and XX9D (Macao 2019). Most recently he was a team member of HU1DL (El Salvador, January-February 2020) and Z66DX (Kosovo, October 2020).

YOTA STATIONS: QSL INFORMATION

Due to the huge amount of QSOs that are being made throughout this event, receiving QSL is hard to handle. As of this year, we are **only** sending QSL cards if you request them via Club Log's OQRS (<https://clublog.org/logsearch.php>). You do not need to send us your QSL card. Received cards will **not** be answered. OQRS supports:

QSL via the Bureau - free of charge

QSL Direct - 3 USD

QSL Direct more than 5 cards- please email [qsl\[.\]ham-yota.com](mailto:qsl[.]ham-yota.com) for a custom postage price.

Announced participating stations in DYM 2020 (December YOTA Month: <https://events.ham-yota.com/>) included

7X2YOTA	DB0YOTA	HA6YOTA	K8Y	ON4YOTA	YL20YOTA
7X3YOTA	DX8YOTA	HG0YOTA	LY5YOTA	PA6YOTA	YO0YOTA
9A0YOTA	E71YOTA	HL0YOTA	LZ0YOTA	PB6YOTA	YT20YOTA
9A20YOTA	EF4YOTA	II1YOTA	OD5YOTA	R20YOTA	Z30YOTA
AP20YOTA	EI0YOTA	II9YOTA	OE0YOTA	SH9YOTA	Z39YOTA
