ARRL SYSTEMS SERVICE DISRUPTION: UPDATE (9 JULY) ---> "As previously reported, ARRL Logbook of The World (LoTW) returned to service on Monday, July 1, 2024. As anticipated, there was a significant rise in use to catch up on processing logs following the outage. It took 4 days for normal processing times to return.
The ARRL Radiosport Department has resumed processing applications for most awards. The systems for Worked All States (WAS), VUCC, and issuing credits for CQ WAZ and CQ WPX awards have returned to service. These award applications are being processed on a 'first in/first out' basis.
WAS applications submitted through July 4 and VUCC applications submitted through July 1 have been processed. CQ awards applications are processed by CQ and not ARRL.
While we can process these ARRL awards and update records, the ability to print and deliver certificates, endorsements, and other material has not yet returned.
The online DXCC application is unavailable at this time and DXCC awards are not able to be processed. Work continues to return the DXCC systems to service. All DXCC data is secure".

YOTA CONTEST 2024 ---> The second session of this year's YOTA Contest, organized by the IARU R1 Youth Working Group in cooperation with the Hungarian Amateur Radio Society (MRASZ), will take place on 20 July (1000-2159 UTC) on the five classic bands CW and SSB. Everyone can work everyone. The complete rules can be found on https://ham-yota.com/contest.
