CY9C ---> The St. Paul Island Team welcomes Scott (NE9U, who replaces K4ZLE) and Adrian (KO8SCA) as an additional member. CY9C will be QRV from 26 August to 5 September.
The airlift of "infrastructure gear over to the Northeast Island of St. Paul will take place on 24 August. Six airlifts are currently planned and they will be taking the tents, tables, chairs, generators, fuel, electrical cables, coaxial cables and all other necessary gear to build the CY9C camp. As with most DXpeditions, weather will play a factor in the schedule. Preparations for the airlift will commence on 5 August, with the arrival of the first load of gear in Dingwall. The estimated cost of just the helicopter airlifts is CAD 48,300. Any support to help with this expense will be greatly appreciated: https://t-rexsoftware.com/cy9c/donate.htm".
