AU2K & AU2S ---> Plans are to upload both logs to Club Log immediately after Cezar's return on 16 December. Requests for QSLs will be accepted as soon as these operations have been approved by the IOTA management. QSO matching via LoTW will be open on 2 January for AU2K (AS-179) and on 9 January for AU2S (AS-153), starting with those requesting direct confirmation via Club Log's OQRS. More information will be published on <https://au2k.weebly.com/>.

CANADA POST ON STRIKE ---> Canada Post's operations have been disrupted since 15 November, when the Canadian Union of Postal Workers began a national strike. Mail and parcels are not being processed or delivered, and no new items will be accepted until the national disruption is over. Acceptance of international mail and parcels has been suspended since 27 November until further notice. All mail and parcels already in the postal network will be delivered as quickly as possible on a first-in, first-out basis once operations resume.

CQ DX HALL OF FAME ---> "When Dick Ross, K2MGA (Publisher of CQ Communications, Inc) became a Silent Key, in April 2024, many wondered about the numerous award programs that were run by CQ Magazine. One very important program was the CQ DX Hall of Fame.

Prior to his passing, Dick gave his blessing for the International DX Association (INDEXA) to carry on with this prestigious award, with my guidance, if the magazine ever ceased functioning. As such, I am pleased to announce that INDEXA will begin the stewardship of the Heritage CQ DX Hall of Fame starting with the 2025 inductees.

Established in 1967, the CQ DX Hall of Fame honors those amateurs who have made exemplary contributions to DXing and DXpeditioning; including both on-air and off-air activities and accomplishments.

The activities and accomplishments that qualify one for membership in this

elite group called the CQ DX Hall of Fame involves considerable personal sacrifice and can usually be described by the phrase 'above and beyond the call of duty'.

It is not enough to just be a DXpedition team member a number of times. To be in the DX Hall of Fame you might need to have the foresight to organize DXpeditions to the very hard to reach entities around the globe, or perhaps work on ways to open Amateur Radio in the countries where politics exclude it.

Other accomplishments could also be to create or provide new and/or important techniques that support the DX chaser. Other important attributes to be considered include 'integrity', 'perseverance', 'good will', 'honesty' and 'being noncontroversial'.

Nominations will be open January 1, 2025 through March 1, 2025. Please send to Bob Schenck, N200 (n200@comcast.net). Make sure to put CQ DX HALL OF FAME in the subject line.

Inductees will be announced at the SWODXA - Dayton DX Dinner". Bob Schenck, N200 is the Vice President of the International DX Association, a member of the CQ DX Hall of Fame and former DX Editor of CQ Magazine.

DX MENTOR RECOGNITION PROGRAM ---> The Southwest Ohio DX Association, SWODXA in conjunction with ICOM America, Inc. announces the DX Mentor Recognition Program "to recognize and reward amateur radio operators who have played a key role in helping other amateur radio operators achieve DXCC" (note that "those amateurs receiving the mentoring must be under 30 years of age during the calendar year for the award"). The award will be presented at the SWODXA DX Dinner, held annually in conjunction with the Dayton Hamvention. The judging committee will be staffed by SWODXA representatives, as well as a representative from both the Northern California DX Foundation (NCDXF) and the International DX Association (INDEXA).

See <https://www.swodxa.org/DX-Mentor-Program/> for more information and the application form. [TNX AJ8B]

RAEM CONTEST ---> This year's RAEM Contest (<https://raem.srr.ru/>) will be held on 22 December, from 00.00 UTC until 11.59 UTC, on 80, 40, 20, 15 and 10 metres CW. Organized by the Russian Amateur Radio Union (SRR), the annual event memorializes Ernst T. Krenkel (1903-1971), the legendary Arctic explorer and radioman (callsign RAEM) on various polar stations and on the first drifting ice station North Pole-1.

+ SILENT KEY + Antonio Gonzalez, EA5RM passed away on 8 December, aged 56. An accomplished DXer with a number of achievements under his belt (e.g. DXCC Phone #1 Honor Roll, DXCC CW and DXCC Digi Honor Roll, 5 Band WAZ with 200 zones), he was an active DXpeditioner, often organizing and leading teams to operate from difficult and challenging locations, and as such he was inducted into the CQ DX Hall of Fame (2020). Notable DXpeditions include TZ6RD (Mali 2003), 9X0R (Rwanda 2008), E4X (Palestine 2010), ST0R (South Sudan 2011), 5J0R (San Andres 2013), 5U5R (Niger 2017), TN5R (Congo 2018) and HD8R (Galapagos 2021), as well as three operations from Western Sahara (S05X 2003, S01R 2006 and S04R 2009), and four activities as 1A0C from the Sovereign Military Order of Malta (2012, 2014, 2019 and 2023). Over the years, he made a dozen trips to Bolivia to establish and maintain HF communications links between medical facilities and remote villages in the Amazon rainforest, and operated as CP1XRM during his free time. His

volunteer work in support of Solidaridad Medica Espana (NGO) and on behalf of Radioaficionados Sin Fronteras (NGO) earned him the ARRL International Humanitarian Award (2015) and the Intrepid Humanitarian Award (2017).
