- A6 - Members of the Emirates Amateur Radio Society will be active as A60PC (QSL via EA7FTR) on 17-30 June. Also expect activity by A60PC/0, A60PC/1, etc. (see <https://www.grz.com/db/A60PC> for the QSL routes for the various suffix extensions). The special call-sign's suffix stands for Pledge and Commitment, a national initiative that brings together UAE citizens and residents to express their loyalty to the nation, allegiance to its leadership, and pride in the UAE's development journey and its humanitarian values.
- D4 - Ger, EC1A will be active holiday style as D44EC from Sao Tiago (AF-005), Cape Verde on 17-24 June. He will be QRV on 40-6 metres from his main QTH in Praia (locator HK84), hopefully with a side trip to Fogo Island (AF-005) to activate the locators HK75 and HK74. See <https://www.d44ec.ecla.es/> for updates. QSL via EC1A; QSOs will be uploaded to Club Log and LoTW.
- DL - DQ40CNP is a special callsign to be in use between 12 June and 11 July to commemorate the 40th anniversary of the Chernobyl Nuclear Power Plant disaster (26 April 1986). This activation also shines a light on a lesser-known piece of history: the GDR (East Germany) radio amateurs who discreetly used their stations to share information and contribute to public health protection during the crisis. QSL via DL1EAL; QSOs will be uploaded to LoTW, eQSL, DCL (DARC Community Logbook), QRZ, HRDLog and Club Log.
- F - Michel, F8GGZ will be active as TM23CM (Coupe du Monde) on 11-25 June during the FIFA World Cup's group stage. QSL via eQSL.
- HL - Team 6M6M will be active from Anmyon Island (AS-080, WWL PM36DQ) on 20-21 June. They will operate "all modes" on 6 metres only. QSL via DS2GWM, direct or bureau.
- JD1/O - Aki, 7M1KJW will be active holiday style as 7M1KJW/JD1 from Chichijima (AS-031), Ogasawara between 13 and 16 June. He will operate mainly FT8 on various HF bands and 6 metres: "the main goal this time is to test a minimal setup and check out potential operating locations", he says. QSL via LoTW, eQSL, or via the bureau.
- OE - Bernhard, OE6HLF will be active as OE2026WM (Weltmeisterschaft, i.e. World Championship) on 16-28 June, during the FIFA World Cup's group stage featuring the Austrian national football team. QSL via home call.
- T8 - Nobu, JA0JHQ will be active again as T88PB from Koror (OC-009), Palau on 19-22 June, with main activity during the CW leg of the All Asian DX Contest. QSL via LoTW (preferred) or direct to JA0JHQ.
- UA - A fifth island stop has been added to the "Arctic Legends 2026" expedition itinerary [425DXN 1823]. The team will operate as RT25AA from Cape Zhelaniya, Novaya Zemlya (EU-035), indicatively around 8 July. Bookmark <https://www.rt9k-club.ru/en/index.html> for updates.

- VU4 - Sarath, VU2RS will be active as VU4R from Port Blair (AS-001), Andaman Islands on 22-27 July. He will operate mainly SSB on 40-10 metres, and will participate in the OTA Contest. This will be a preparatory trip and operation in anticipation of the main event, which will take place on 17-30 December alongside the 49th SEANET Convention. See <https://www.dxindia.in/VU4R/> for more information.
- W - This year's Youth on the Air summer camp for young radio amateurs aged 15-25 in the Americas will be held in Huntsville, Alabama on 14-19 June. Campers will operate the special event station W4Y between sessions as well as during dedicated time slots (details on <https://www.qrz.com/db/W4Y>). QSL via LoTW, or send requests to KC3UII.

Access to the main functions of www.425dxn.org is provided by the 425DXN App for Android. It is available on Google Play - free of charge, no ads. Enjoy!

3Y0K QSL STATUS UPDATE ---> "Things were progressing very well with the Bouvet QSL mailing until today [10 June]", M00XO says, "when it became clear from a package that arrived a few days ago that my stock of 4-sided (folded) cards was way too low.

I had been on schedule to begin mailing cards early next week, but unfortunately this will now need to be delayed until the end of the month or the first week of July. While I could proceed next week using the supply of single (2-sided) cards, I feel that would be unfair to those who are expecting the folded version. Therefore, I have decided to wait for the next batch of folded cards to arrive from UX5UO before I mail them.

I understand that many of you will be as disappointed as am I, but regrettably this situation is beyond my control. Hopefully the new cards will be waiting for me when I return from Friedrichshafen, and processing them will then become my top priority.

Please do not ask me to bring cards to the Ham Fair in Germany, as that will not be possible. Everyone will receive their cards at the same time - there will be no favourites and no exceptions. I am sure you will understand and appreciate the fairness of this approach".

MEME APPRECIATION MONTH 2026 ---> This is an amateur radio event by young hams, to celebrate youth culture, "have some fun, use a cool callsign and do a neat activity together" (<https://mememonth.org/>). This year's edition will run between 15 June and 15 August, with announced participating stations from Brazil (PQ5NOOB and PT5DOGE), Bulgaria (LZ01MIKU), Canada (VB2F and VB3NAHIDA), England (GB0DOGE and GB00TY), Germany (DL0LOL and DP6SEVEN), Israel (4X0Y), Poland (SN0RLAX, SO2NIC, SP0FENNEC), Romania (Y00DA and Y00F), Sweden (8S0D and SB1AHAJ), USA (K0K, K2V, K3K, K4B, K4F, K9CUM, N2U, W2F, W8M), and maybe others. A certificate will be available for download on <https://hamawardz.app/>.

NCDXF NEWSLETTER ---> The Spring 2026 issue of the Northern California DX Foundation's Newsletter is now available for download on the NCDXF website:

<https://www.ncdxf.org/pages/newsletter.html>. Highlights include:

- * "3Y0K - Bouvet Island. The Impossible Mission" by Ken Opskar, LA7GIA
- * "3Y0K - Bouvet Island. A Youth's Perspective" by Max Freedman, N4ML
- * "Opening the Door for All. Desecheo KP5/NP3VI & Remote DXpeditioning" by Eric M. Guzman, NP3A
- * "CY0S Running Wild on Sable Island" by Patrick Dolan, N2IEN
- * "S21WD - Bangladesh 2026" by Philipp Springer, DK6SP
- * "AU7RS - Agatti Island, Lakshadweep DXpedition" by Sarath Rayaprollu, VU2RS

VP0SG ---> The VP0SG team, featuring operators from across Europe and North America, recently met at the LN8W contest station. This preparatory session allowed the team to test equipment, fine-tune operational plans, and address critical logistics - such as camp and antenna assembly, biosecurity, safety, and environmental compliance. The gathering also strengthened team cohesion and morale ahead of their March 2027 DXpedition to South Georgia.

YASME FOUNDATION GRANTS ---> The Board of Directors of the Yasme Foundation has announced two grants - one to Ashwin Mandary (3B8GL), to replace defective hardware for the Reverse Beacon Node (RBN) in Mauritius, and one to the Korean Amateur Radio League in support of Youth On The Air (YOTA) activities. The Yasme Foundation (<https://www.yasme.org>) supports scientific and educational projects related to amateur radio, with an emphasis on developing the hobby in emerging countries and encouraging youth participation.
