Access to the main functions of www.425dxn.org is provided by the 425DXN App for Android. It is available on Google Play - free of charge, no ads. Enjoy!

RI1FJL ---> Rough seas, wind, and fog slowed the team's navigation toward Heiss (Hayes) Island, Franz Josef Land. They finally reached their destination in the late morning UTC on 21 August.

VP0SG ---> The Northern California DX Foundation (<https://www.ncdxf.org/>) has announced a \$145,000 grant to the VP0SG DXpedition (South Georgia, March 2027). "The VP0SG team is perfectly aligned with NCDXF's vision of cultivating the next generation of DXers by including several young amateur radio operators on their team. This initiative builds on the momentum of our youth engagement efforts and is structured to provide hands-on mentoring in a challenging DXpedition environment. These young operators will be integrated into the full cycle of planning, operating, and reporting, giving them both technical exposure and personal growth in the true spirit of amateur radio". [TNX AA7A]

WW DIGI DX CONTEST ---> This year's edition of the World Wide Digi DX Contest ("WW Digi") will take place on 29-30 August (from 12:00 UTC to 11:59 UTC). The objective is for amateurs around the world to contact as many other amateurs in as many Maidenhead Grid Fields as possible using the FT4

and FT8 modes on 160, 80, 40, 20, 15 and 10m. See <https://ww-digi.com/> for complete information. WW Digi is a collaboration between the World Wide Radio Operators Foundation (WWROF) and the Slovenia Contest Club (SCC).
