DXPEDITION OF THE YEAR TIMING UPDATE ---> The Southwest Ohio DX Association's DX Committee met to clarify the timing of eligibility for the DXpedition of the Year Award (<https://www.swodxa.org/dxpedition-of-the-year/>).

"The current eligibility dates are not well aligned with the timing of Hamvention and the DX Dinner", Bill Salyers (AJ8B), SWODXA President says. "We currently only consider DXpeditions that complete by February of the award year. This gap between our closing date and Hamvention has been a point of confusion for DXers in the past. We have given careful thought to adjusting the eligibility period closer to May in a way that is fair and equitable.

We have decided that for the DXpedition of the Year Award in 2027 the eligibility period will be 1 March 2026 through 31 March 2027.

For 2028 and later, the eligibility period will become 1 April through 31 of each successive year.

We hope this is clear to all of you who would be eligible for DXpedition of the Year awards over the next several years".

RI1FJZ ---> The team has been active from Alexandra Land, Franz Josef Land since 14 September. Due to the presence of several polar bears and the associated safety risks, a mandatory curfew restricts all outdoor work between 6:00 p.m. and 10:00 a.m. Additionally, local power restrictions are currently keeping the stations from operating at full capacity. Internet access is available, though limited and unstable. RI1FJZ now expects to be QRV until 29 September.

WRTC 2026 ---> The WRTC 2026 Awards Ceremony will take place on 3 October in Porec, Croatia, as part of the 5th annual Istra Contest Conference. Running from 1-4 October, the conference features a comprehensive lineup of lectures on various contesting topics. Full details and the complete schedule are available at <https://istracontestconference.com>.
