QSL ZL8X ---> "We got our first boxes with QSL cards from the printer. We already started to send the first QSL cards. DX clubs with a special QSL service for their members (GDXF, SDXF and DDXG) were the first who got them. Followed by another 1000 letters last week we continue working on the over 4000 direct request which came through OQRS". All QSOs were uploaded to LoTW the very same day the cards were received from the printer. The latest information from the ZL8X team (10 March) can be found at www.kermadec.de
