ILLW ---> The 17th annual International Lighthouse/Lightship Weekend, conducted under the sponsorship of the Ayr Amateur Radio Group, will take place from 00.01 UTC on 16 August until 23.59 UTC on the 17th. Complete information on this popular event, including a list of participating stations, can be found at http://illw.net/

NC1L ---> ARRL DXCC and Awards Manager Bill Moore, NC1L, was seriously injured in a single-car accident on 3 July [425DXN 1212]. Bill suffered a broken neck and other injuries and is paralyzed from the chest down. He is stable and recuperating in a Newington rehabilitation facility. There is no timetable for his return to work at ARRL Headquarters. DXCC and awards questions that would normally be handled by Bill should be sent to one of the e-mail addresses listed on the DXCC Contacts web page (www.arrl.org/dxcc-contacts). Cards and get-well wishes are appreciated, and should be sent to Bill Moore, 92 Reservoir Rd, Newington CT 06111, USA. [TNX ARRL]

W1AW WAS ---> Look for ARRL Centennial station W1AW/5 from Oklahoma to be on the air starting at 00.00 UTC on 13 August until 23.59 UTC on the 19th. Only one state will be active during that week. Complete information on the ARRL Centennial QSO Party can be found at www.arrl.org/centennial-qso-party.

YB4IR/5 ---> Imam on OC-122 had to QRT around 20 UTC on 5 August, much earlier than planned, "due to a change in the ferry schedule" (and understandbly he did not want "to be stranded on the island for another 10 days"). During the final couple of days he had to rely on his vertical, as "a very strong wind damaged his Yagi antenna and one of the tubings was lost in the sea". [TNX W2FB]
