D4 - Harald, DF2WO as D44TWO and Adolf, DG9KAN as D44KAN will be active from Sao Tiago (AF-005), Cape Verde on 6-22 June. Look for D44TWO to be QRV "all modes, all bands" (6 metres included) and via QO-100, while D44KAN will operate mainly SSB on 80-10 metres. QSL D44TWO via M0OXO's OQRS; QSL D44KAN via eQSL, or direct to DG9KAN.

F - Commemorating the 80th anniversary of the D-Day landings, French special event stations include TM6DD, operated by members of the Association des Radioamateurs de l'Orne from Utah Beach on 3-8 June (QSL via F6IGY), and TM80DDAY, operated by a group of Dutch scouts (PA3EFR/J) from Omaha Beach on 4-9 June.

FS - John, K9EL will be active holiday style as FS/K9EL from St. Martin (NA-105) on 5-19 June. He will focus on 6 metres when the band is open, with limited activity on other bands. QSL via Club Log's OQRS (preferred), LoTW, or via K9EL.

GB - Commemorating the 80th anniversary of the D-Day landings, the RSGB's National Radio Centre at Bletchley Park will host the special event station GB2DAY on 6-9 June. Look for activity on 80 and 40 metres SSB and CW. QSL via eQSL.

HK - A five-man team (HK4C, HK4LPA, HK4SSI, HK4T and HK4X) will be active from Isla Gorgona (SA-017) on 7-11 June. They will be QRV as homecall/0, or with a special callsign TBA. The latest operation from this IOTA group dates back to 2009 (5K5T). Plans are to operate SSB, FT8 and FT4 on 80-6 metres, and also via satellite. QSOs will be uploaded to Club Log, eQSL, QRZ Logbook and LoTW.

HR - Mike, AB5EB will be active as HQ9EB from Roatan Island (NA-057), Honduras on 5-11 June. He will participate in the ARRL June VHF Contest (8-10 June), with "some HF operating during the week". QSL via AB5EB. [TNX The Daily DX]

I - Domenico, IK1MNF will be active again as IK1MNF/IA5 from Isola d'Elba (EU-028) from early June through the end of September. He will operate SSB on 20-6 metres. QSO will be uploaded to Club Log and LoTW; QSL via home call.

KH0 - Tony, JA6CNL will be active as KH0N from Saipan (OC-086) on 6-12 June. He will operate mainly FT8 and FT4. QSL via home call, direct or bureau. [TNX The Daily DX]

SM - Lars, SM6CUK will be active holiday style as SA6G/7 from Ven Island (EU-137) on 3-9 June. He will operate mainly CW on 40-6 metres. QSL QSL via SM6CUK; QSOs will be uploaded to Club Log and LoTW.

SP - Special callsigns SP900CPZ, 3Z1OTTON, HF1OTTON, SN1OTTON, SO1OTTON, SP1OTTON and SQ1OTTON will be active from 3 June to 2 July to mark the 900th anniversary of the first mission to Pomerania undertaken by Otto, bishop of Bamberg. A certificate will be available, see https://sp1kze.pzk.org.pl/900.html#en for information.

VK9L - Yuris, YL2GM will be active as VK9LA from Lord Howe Island (OC-004) on 14-24 June. He will operate CW, SSB and FT8 on 160-10 metres. QSL via Club Log's OQRS (preferred), or via YL2GN; full LoTW upload six months after the end of the DXpedition. Updates will be posted to https://lral.lv/vk9la/index.html. After Lord Howe, Yuris is expected to be QRV as K8K from American Samoa for another week between 26 June and 9 July. The Northern California DX Foundation has granted its financial support to Juris ("one of the most prolific DXpeditioners today"), as "wherever he goes with a radio, he can be counted upon to create quite a commotion on the bands".

VP2V - Rikk, WE9G will be active as VP2V/WE9G from Tortola, British Virgin Islands (NA-023) on 9-12 June. He will operate FT4, FT8, SSB and possibly CW on 80-6 metres; he also plans to be QRV from three National Parks. QSL direct to home call; QSO will be uploaded to Club Log, QRZ Logbook and LoTW. [TNX The Daily DX]
