Access to the main functions of www.425dxn.org is provided by the 425DXN App for Android. It is available on Google Play - free of charge, no ads. Enjoy!

FOC MEMORIAL DAY QSO PARTY --- > Sponsored and managed by the First Class CW Operators' Club, the Memorial Day QSO Party is open to all licensed amateurs and is intended to provide an opportunity for participants to pay tribute to amateur radio operators who are now Silent Key. This CW-only event will run from 09:00 UTC on 1 November to 08:59 UTC on 2 November. Certificates will be available for all participants submitting an ADIF log. Complete information can be found on <https://www.g4foc.org/memorial-day-qso-party/>.

PY0FF ---> The team on Fernando de Noronha will not use FT4, preferring "to invest every precious minute to work new stations in SSB, CW and FT8". However, in an effort "to support the classic RTTY community", they will operate RTTY on 19 October after about 9 UTC. Look for PY0FF on +/- 21105 kHz, listening split up 2 kHz and more.

YASME FOUNDATION GRANT ---> The Board of Directors of the Yasme Foundation has announced a grant to the Association of Tunisian Radio Amateurs (ATRA) in support of the 2024 YOTA (Youth On The Air) Sub-regional Camp to be held in Tunisia. [TNX K4ZW]

+ SILENT KEY + Henry "Doc" Van Kets, ON4IZ passed away on 29 September at the age of 86. Born in 1938 and licensed since he was 16 years old, he was a gynecologist at the University of Ghent Medical School. His studies and a demanding professional life limited his involvement in the hobby, and it was not until he retired in 1998 that he had more time for amateur radio. He was still very active in SSB and particularly CW (FOC member #2069), and his primary interests were HF DXing and IOTA chasing. He was on the DXCC Honor Roll with 340/381 (current/total) credited Entities in the Mixed standings, and on the IOTA Honour Roll with 1114 island groups confirmed. [TNX ON5NT]
