Access to the main functions of www.425dxn.org is provided by the 425DXN App for Android. It is available on Google Play - free of charge, no ads. Enjoy!

DX INDIA FOUNDATION ---> The newly born DX India Foundation is "a non-profit organization dedicated to promoting amateur radio and DXing activities in India. Our mission is to activate rare IOTA islands, conduct DXpeditions, and participate in international contests, while promoting amateur radio awareness and community building in India". An account has been created at Groups.io to serve "as a platform for discussion, planning, and coordination of DX India Foundation's activities": <https://groups.io/g/DXIndiaFoundation>. Future plans include AU2M from AS-169 (see above) and "an epic international DXpedition" to the Lakshadweeps (VU7) in late 2025 (ten days, five stations with a focus on the low bands, details will be given in due course).

IOTA HONOUR ROLL ---> The 2025 Honour Roll and Annual Listings have been posted on the IOTA website <https://iota-world.org/>: click on PERFORMANCE LISTINGS in the dropdown menu under PROGRAMME INFORMATION. They show the position as of 31 January 2025.

The Honour Roll lists the stations with a checked score equalling or exceeding 50% of the total of numbered IOTA groups, excluding those with provisional numbers, at the time of preparation. The Annual Listing lists the stations with a checked score of 100 or more IOTA groups but less than the qualifying threshold for entry into the Honour Roll.

IOTA rules limit inclusion in the listings to those participants who have updated their scores at least once in the preceding five years (i.e. since February 2020) and have opted to have their scores published.

WSJT-X 2.7.0 ---> The WSJT Development Team has announced the WSJT-X 2.7.0 General Availability (GA) release. This is the first GA release since version 2.6.1, two years ago. Major enhancements include a new companion program called "QMAP", new Special Operating Activities called "Q65 Pileup" and "SuperFox", and a new "Message System" feature designed for sending requests to change to another band or mode. Direct links for downloading pre-built installation packages for Windows, Linux, and macOS can be found on the WSJT-X web page: <https://wsjt.sourceforge.io/wsjitx.html>.

YASME FOUNDATION ELECTION ---> The Board of Directors of the Yasme Foundation (<https://www.yasme.org/>) is pleased to announce election of the following Officers and Directors for 2025: Ward Silver N0AX (President and Director), Ken Claerbout K4ZW (Vice-President, Secretary and Director), Rusty Epps W60AT (Treasurer and Director), Hans Blondeel Timmerman PB2T, Martti Laine OH2BH, Robert Vallio W6RGG, Marty Woll N6VI, James Brooks 9V1YC, Dave Sumner K1ZZ (Directors).
