+ IK2YCR SILENT KEY + We sadly have been informed about the death of our
friend Andrea, IK2YCR, the 29th of August, due to a non-curable illness. He
was a great key and a Delta Mike member. We will regret him.

+ VP2MN SILENT KEY + "Mae" Martin, VP2MN, the wife of Bobby Martin (VP2MO),
was killed in a car accident Sunday 27 August in Montserrat. In the
accident Bobby, who was back home after leaving it due to the volcanic

tal in Antigua; his conditions are slowly improving.

***** BUONO A SAPERSI... *****

NEW SOLAR CYCLE! -> As reported by Paul, NA5N, from National Radio Astro-
nomy Observatory of Socorro (New Mexico), the Cycle 23 has begun last 12 Au-
gust 1995, when a solar spot was photographed from the scientists in the
Sun Observatory of the California Institute of Technology in Big Bear City;
that sunspot was at 21 degrees latitude north, with an opposite magnetic po-
larity respect of those viewed from 1984, the start date of Cycle 22. The
position and polarity difference are useful to identify the end of a cycle
and the begin of another. Paul believes that an improvement of HF conditions
is expected for the next spring/summer, depending on the speed of the Sun
activity increasing.

USA/CANADA ISLANDS CONTEST -> The first edition of this contest is planned
from 17.00 UTC of Saturday 23 to 23.00 UTC of Sunday 24 September. Stations
working from USA or Canadian Islands, both maritime, or fluvial or in lakes
will be accepted. Further details to N0ISL, John Douglas, 19164 147th Street
NW, Elk River MN 55330, USA.

3V8BB/G0UCT -> QSL for the recent 3V8BB activity, by G0UCT, can be sent
both via bureau or direct, to G0UCT: Brendan O'Brien, 47 Hartscroft, Linton
Glade, Croydon, Surrey CR0 9LB, England.

EX8F, EX8W -> Alex DL8FCU that collects card for direct QSL to EX8F and EX8W
reports his new address: Alex Sudermann, DL8FCU, Mehlemer Str. 18, D-53343
Niederbachem, Germany.

K8EFS -> Bob, W8ERD, reports that K8EFS (QSL manager of CN8NS, CN8ST, V51KC, V51E, YV4DSB, YV5ZZ, YV5/DL3ZM, ZS3E, 7P8DX, 9K2USA, 9K2ZR) is refusing QSL via bureau; the cards are sent back to the senders.

QSL received -> T32J, 9Q2L, D61NW, IL6/IK4CIE (AN-01), IL6/IK4XQM (AN-01), IM0/IS0BDF (EU-165), IQ7J, IT9GNG/IT9 (EU-166), YW0RCV, VQ9QM, HH2HM/F, 9K2HN, TU4EX, FM5GX, TR8SF.

PIRATE -> Bob, IK2MRZ, reports that the 3A0DX station, giving him as QSL manager is a pirate. Don't contact him and don't send QSL to IK2MRZ. Antoine (F6FNU), QSL manager of FR5HG, confirms that recent operations from FR5HG/G, /T, /J, are pirates. Michel, the "real" FR5HG, is currently in Malagasy. Antoine reports also that recent activities by FW0DX (asking QSL via F6FNU) are pirate. Last, LA7DFA is receiving many QSLs for JX7DFA dated 15 January 1995; unfortunately, Per-Einar was not QRV between 05.00 UTC of 14 January and 07.00 UTC of 19 January.
