*** Most Wanted in Italy ***
=====

Thanks to the over 300 DXers who, answering to the 425 DX News invitation, sent their most wanted through Packet, e-mail or snail mail. Thanks also to the "big guns" who, notwithstanding they contacted all the countries (except P5) expressed their appreciation about our initiative, offering useful suggestions for the future. The following list, which considers the 48 most wanted Countries, reports at first three places, as it was foreseeable, North Korea, Heard Island and Bhutan. This situation is to be changed by the forthcoming operations of VK0IR, which, if the expedition is succesful, will delete Heard from the Most Wanted list. About Scarborough Reef a probable activity on a grand scale is planned by OH2BH in May. No short-time activity from Bhutan, but for Auckland (presumably in the next first three Countries after the VK0IR operations) a DXpedition is on the way, planned for 1999, by ZL8RI group. Patience is a virtue - the Bouvet expedition, organized by the South Sandwich Island Antarctic DX Group, will not take place until December 1997 (but it is possible a delay to 1998), but it should be a successful one. Another imminent change should come from the forthcoming operations from St.Peter & St.Paul Rocks (currently at the 10th place).
