JG8NQJ/JD1 LOG ---> Available at URL <<http://www.asahi-net.or.jp/~nb8k-mtd/>>.

MALYJ VYSOTSKIJ ---> OH5AB/MVI and R1MVI [425DXN 317] went QRT at 03.30 UTC on 16 June. Propagation was very poor and they made 30,000 QSOs.

MUKAISHIMA ISLAND ---> Recent operation by Sam, JR4GPA (24-25 May and 21-22 June) took place from Mukaishima (given as AS-117, but NO-REF). He will be active again on 12-13 July during the IARU HF World Championship.

QSL 5A1A ---> Les, WF5E reports the following: "In a letter I received from 5A1A, Abubaker said he can QSL any 5A1A contacts since July 1995 on. He said it's not possible for him to use any QSL manager. For a QSL with 5A1A there is only one way that can be used: it has to be sent registered air mail, send green stamps (two per QSL), do not send any IRCs (they are not usable in Libya and have no value). The address is: Mr. Abubaker Alzway, P.O.Box 74421, Tripoli, Libya)". Les adds that "Abubaker is 25 years old, single and employed as a electronics engineer. His hobbies are Radio Amateur DXing and football. He collects stamps of football events, materials of football clubs and teams from all over the world (posters, flags, caps, mufflers, t-shirts etc.). Also likes correspondence 'pen pals' with people from all over the world (his English is excellent)."

QSL 5K3W ---> QSLs are handled by HK3SGP (Francisco Hennessey, P.O.Box 170030, Bogota D.C., Colombia).

QSL 9K2F ---> 9K2RA is \*not\* the QSL manager for 9K2F [425DXN 320]. Cards

should go to 9K2HN either direct (Hamad J. Al-Nusif, P.O. Box 29174, 13152 Safat, Kuwait) or through the bureau.

QSL FK/F5PXQ ---> The OPDX reports that QSL requests should be addressed to Didier Lavisse, Caserne Normandie, B.P. 12, 98842 Noumea Cedex, New Caledonia. Please note that one green stamp does not cover return postage from FK-land.

QSL FR5HR ---> F6BUM is \*not\* the QSL manager for FR5HR [425DXN 320], QSL is via F5RRH (F6BUM is the QSL manager for \*FG5HR\*).

QSL V63KU ---> JA1ELY and KQ4YI report that the address for direct requests is Isam Kamibeppu, P.O.Box 1679, Chuuk, FM 96942, Micronesia. Bureau cards are via JA6NL.

QSL VK0IR ---> The following message has been received from Bob, KK6EK: "Almost all of the VK0IR cards are out, and I hope yours were received and are correct. The VK0IR team is especially grateful to John W4FRU and Bob K4JDJ for handling this enormous task. [...] Now and then I see a question about the cards from someone who has not received theirs yet. While the QSLing process is working just fine, it is possible that a small number of cards have been lost somewhere or are still in process. [...] If you are still waiting for your cards and are concerned, I invite you to write back to me (directly please). Please be brief; I don't need a huge explanation, just your callsign and the vitae of your contacts. I will make a special personal effort to track them down for you. Please note that the internet log server is current. Log into <<http://www.ccnet.com/~cordell/HI>> and press the red button "Am I in the log?" If your QSO is not on the server, it is not in the log per se. In a very few cases, it is possible the log is wrong, so if you have a reasonable story, please forward that to me and I will see what we can do. Also please note that this is not a promise to give cards where they are not deserved. We must be able to find a log entry that is clearly yours in order to issue the card."
