Log checking will be available at <http://www.aurumtel.com/cook.html> as well as a unique feature prepared by Mike, N6MZ: it allows any DXer worldwide to determine when (best time of the day) and on what frequency he/she can best expect to have optimum conditions for contacting the DXpedition. QSL via WA4YBV, either direct (Robert Pond, 9 River Cove, Portsmouth, VA 23703, USA) or through the bureau.
