QSL 9M0C ---> QSL manager G3SWH reports that he has received 5,735 items of mail, and is dealing with them strictly in their order of arrival. So far, he has opened 4,115 of them and 9,037 QSOs have been confirmed. Please note that many replies to Australia, New Zealand and the Far East have been sent by surface mail due to insufficient return postage (while an IRC covers basic rate postage to all destinations, from the UK this is only for items up to 10g. The double-side card, along with inserts which he is obliged to include on behalf of various sponsors, takes the weight over this, especially where the return envelope is heavy of itself). Please do not send second requests at this stage. <TNX G3XTT>

QSL VK8AN & VK8AN/P (OC-154) ---> Please note [as published in 425DXN 368] that Dan's *new* QSL manager is VK4AAR (Alan Roorcroft, c/o Post Office, Dalveen, QLD 4374, Australia). Alan is also the QSL manager for V63PD, VI0ANARE, VK8MI, YJ8AA, ZK2JJ and ZK2PJ (he does *not* handle cards for either VK9WM or VK9WY).
