3C0R ---> The Daily DX reports first hand information about the recent operation from Annobon. The operators left the island two days earlier than expected due to a forecast storm which would have made it difficult to get

back on time. All of the 23,800 QSOs were made by Elmo/EA5BYP and Vic/EA5YN, as Roberto/3C1RV was very sick and unable to operate while Ramon/3C1GS had other duties that had to be done. Hopefully the logs will be available on line in about two weeks, but it should be noted that, due to computer problems, the QSOs had to be handwritten. Plans are being made for a future activity with more operators. QSL via EA5FVY (Angel Garcia Mendoza, P.O. Box 3045, 03080 Alicante, Spain). The web page for the operation is at <http://web.jet.es/lynx/annobon/annobon.htm>

NEW ORLEANS INTERNATIONAL DX CONVENTION ---> The following announcement comes from Don, W5FKX: "After several weeks of review and soul-searching, the Board of Directors of the New Orleans International DX Convention voted to dissolve the convention. Faced with a financial deficit and a flat attendance for the last several years, a majority of the Board were no longer willing or able to justify the extensive amount of work and effort that was required to maintain a quality program. It was with great sadness that this final step was taken. The Board extends its sincere thanks to all of our friends and supporters, as well as to all those who have attended over the last 8 years." /EX

THE DAILY DX SEARCH PAGE ---> The engine can search through old issues of this most valuable DX bulletin born in 1997. As The Daily DX is distributed on a subscription basis, the search page will always be 6 to 8 weeks behind - however, if you are looking for an older piece of information, it is really worth a try at <http://www.dailydx.com/search.html>

V31KQ ---> Due to a paperwork mishap, the callsign for the 10-16 October operation from from Ambergris Cay (NA-073) was V31KQ and not V31HK as reported in 425DXN 440. QSL via WA0ETE. [TNX K9RZ]

VK9RS ROWLEY SHOALS QSLs ---> The following statement has been issued by Martin Atherton, G3ZAY, RSGB IOTA Committee Chairman, and Roger Balister, G3KMA, IOTA Manager, on behalf of the RSGB IOTA Committee: "The RSGB IOTA Committee regrets that there seems to have been some confusion regarding the handling of bureau cards for this DXpedition. The Committee's understanding was that an agreement had been reached with Mal, VK6LC, that, as part of the arrangements for providing significant funding for the expedition, the IOTA Committee would take on the task of locating a QSL manager for bureau cards. It is now apparent that Mal did not understand it that way and has decided to handle bureau cards himself. We welcome that and this matter is now resolved. We do want to make it clear that our previous appointment of Mauro, I1JQJ, as QSL manager had the full authority of the Committee and was based on our understanding of the agreement with Mal at that time. We were grateful to Mauro for agreeing to take this on. We congratulate Mal and his team on the fine operations they mounted." Please note that Mal, VK6LC has now announced his QSL arrangements as: QSL VK9RS direct to I1HYW, bureau cards to VK6LC.

+ SILENT KEYS + Bruce, K1AJ reports the death of CQ WAZ Award Manger James L. Dionne, K1MEM, on 12 October. Luis, CT4NH reports the passing of Julio Vera-Cruz, D44BC. He had an heart attack on 16 September and died in Lisbon on 14 October.
