5V7VJ & 9G5VJ ---> Andy, G4ZVJ made 15083 CW QSOs (including over 1000 QSOs

on 80 metres) as 5V7VJ during a 7 day operation from Lome, Togo. 1140 CW QSOs were made as 9G5VJ from Accra, Ghana. QSL via G4ZVJ either direct (Andy Chadwick, 5 Thorpe Chase, Ripon, HG4 1UA, UK) or through the bureau. [TNX G4ZVJ]

HF0POL ---> Marek, SP3GVX/HF0POL sends us a resume of his activity from King George Island, South Shetlands. He has been at Arctowski Base since December 1999 and will be there through December 2000. He also operated as R1/HF0POL from Bellingshausen Base (12-13 February and 4-13 August), as LU1ZI/HF0POL from Jubany Base (3-7 June) and as KC4/HF0POL from Peter J. Lenie Base, aka Copacabana (21-23 July). The QSL manager for all QSOs is SP3WVL, either direct or through the bureau. Marek reports both the following addresses for SP3WVL are all right: Tomasz Lipinski, ul. Wodna 7A/6PL, 69-100 Slubice Poland or Tomasz Lipinski, P.O. Box 78PL, 69-100 Slubice Poland. Marek was also active between December 1996 and December 1997; please note that cards for contacts made with HF0POL during this time frame should be sent to SP3FYM.

KOREA DX CONVENTION ---> Organized by Korea DX Club, it will be held in Chonan City on 4-5 November. For full details please contact DS2BHE (centaurs@hitel.net) or HL1IWD (hlliwd@yahoo.com). [TNX HL1IWD]

QSL 3V8BB ---> DF2UU & DK9IP and I4UFH & IK4UPB visited club station 3V8BB on 6-13 September, and operated together during the WAE SSB Contest. Cards for contacts made during this time frame only should go to DK9IP via the DARC bureau. Online log search (some 8,000 QSOs) and further information are now available at <http://www.dk9ip.de> [TNX DK9IP]

QSL 4W/N5KO, 4W/W3UR & TX0DX ---> All U.S. and Canada direct QSL requests for TX0DX, 4W/N5KO and 4W/W3UR received at OH2BN prior to 1 August have been released for the U.S postal network. For the rest of the world, some 95% of the cards received as of 1 August have been mailed. The remaining cards include HL and all calls beginning with the letters R, S, T and U. These QSLs are in the works and should be released before 1 October. Because of the pirate problems with Japan, some 200 JA envelopes are still on hold but those will also be released before 1 October. The QSL team will begin on 1 October to process envelopes received after 1 August. They will also address any outstanding QSL issues at that time, including cards lost or damaged in the mail. [TNX N4GN]

QSL VE2ICM ---> "Anyone wanting a QSL card from Conrad, VE2ICM should please send it direct, because his health is failing fast", John, WD8MGQ reports. "The buro cards he has in hand are only 20% done, and is much more time consuming than what Conrad can devote to. No more cards will be answered from the buro, and direct will only be answered for another 2 months".

QSL YI1BGD: Rodger, G0TLC is now back in the UK. He operated from YI1BGD (the club station in Bagdad) between 4 and 12 September (QRT at 18 UTC). QSL via G0MMI (for these dates only). [TNX G0MMI]

QSL VIA W3HC ---> If you are waiting for a QSL from any of the several stations managed by W3HC, please be patient and do not submit second cards, as sad family occurences currently prevent Mac from dedicating his time and

thoughts to QSLling. All mail received is being stored in boxes until he can get to them.

QSL MISCELLANY

- Gabriele, IK3GES reports direct cards for his recent IOTA activity from Scandinavia have been processed (direct cards without return postage have been given to the bureau). Requests including cards for IQ3JAC will be processed when the latter are printed.

+ SILENT KEYS + Ted Marks, W2FG, popular RTTY DXer who occupied a No .2 spot on the RTTY DXCC Honor Roll, died on 13 September at the age of 56.
