DANISH POSTAL RATES ---> Allis, OZ1ACB reports that as of 1 January 2004 the cost of a letter from Denmark to Europe will be Dkr. 6.00 (which is the current exchange rate for 1 USD), while from Denmark to outside Europe it will be Dkr. 7.00.

FATHER MORAN MEMORIAL STATION ---> Back in April 1998 [425DXN 363] Satish
Kharel (9N1AA) and Charles H. Harpole (K4VUD/9N7UD) began to establish a memorial club station in Father Moran's (9N1MM) memory and for the furthering of amateur radio in Nepal. Now Charles reports that their efforts are "on indefinite hold due to disturbed social and political conditions there. All radios and other gear and cash that was donated some years ago have been distributed to the existing licensed native 9N hams (cash used immediately upon donation to purchase needed items like coax and Morse keys, etc.). That gear will come back to a club station someday".

IOTA 2004 ---> IOTA 2004, the IOTA 40th Anniversary Awards Programme, starts on 1 January and will run through 31 December [425DXN 652]. A set of files for downloading, as well as full rules and a list of FAQ, are now available on the Chiltern DX Club Web pages at http://www.cdxc.org.uk (follow the IOTA 2004 links). Questions may also be sent direct to Don Field, G3XTT (don@g3xtt.com).

NEW WAZ AWARDS MANAGER ---> Effective 1 January 2004 Floyd Gerald, N5FG will succeed Paul Blumhardt, K5RT as CQ Worked All Zones (WAZ) Awards Manager. WAZ applicants are requested to refrain from sending applications to Floyd until 1 February, in order to allow for an orderly transition and transfer of records. After 1 February, WAZ applications and cards should be sent to Floyd Gerald, 17 Green Hollow Rd., Wiggins, MS 39577-8318, USA.

PIRATE ---> Martin, OK1RR reports that his callsign is often pirated as OK1RR/QRP on 40 metres CW by a pretty operator who gives "Jan" as his name and "nr Usti" as QTH. The genuine Martin Kradoska, OK1RR is from Prague, is a 30-50 wpm operator and never uses QRP equipment/call. [TNX IT9MRM]

QSL REPLIES FROM NEW ZEALAND ---> Ken Holdom, ZL4HU – the QSL manager for ZL8RI (May 1996), ZL9CI (January 1999) and ZL7C (October 2002) – and the Kermadec DX Association advise that whereas one IRC is still sufficient to cover return mail costs, with the very strong New Zealand Dollar the way it is at the present, one green stamp no longer covers the cost of Economy post replies to QSL cards. The Kermadec DX Association will respond directly to all requests posted to them before 1 January 2004 where there has been only one green stamp included. All cards mailed to them on and after 1 January 2004 which do not include sufficient for Economy Class return mail will be replied to via the bureau. [TNX ZL4HU]

QSL TX4PG ---> Graham, M5AAV reports he has now received the logs and cards for the TX4PG (Marquesas) DXpedition and is in a position to handle BUREAU REQUESTS ONLY [425DXN 659]

QSL VK9XG ---> W0XG is receiving a lot of QSL cards (especially from Japan) for the recent VK9XG operation. Please note that the correct QSL route is via the operator himself, W0YG (direct only). [TNX W0YG]

QSL VIA N4AA ---> Carl, N4AA says he only has partial logs for 9N1AA. They are fairly complete for 1998 and 1999, but other dates are not available. As for HK3JJH, please note that N4AA is no longer handling ANY cards for Pedro. Cards should be sent direct only to Pedro J. Allina, P.O. Box 81119, Bogota, Colombia. [TNX QRZ-DX]
UA2 QSL BUREAU ---> Victor Loginov, UA2FM (ua2fm@gazinter.net) reports that on 6 December, during the UA2 annual meeting, Kalinigrad decided to start their own incoming QSL bureau (which means that they will stop receiving cards from the Moscow QSL bureau). The new address is: UA2 QSL Bureau, ROSTO Technical School, ul. Ozyornaya 31, Kaliningrad, 236029, Russia.

TO4E: The TO4E team went QRT on 20 December around 20 UTC and arrived to Saint Denis (Reunion) in the late afternoon of the 21st. More than 34,000 QSO have been logged from Europa. On line logs for either TO4E and TO4WW are now available at http://europa2003.free.fr/ (they were "temporarily suspended" as they included a wild card call search feature which could affect QSLing integrity).
