AVES 2006 ---> The YX0LIX/YX0A operation from Aves Island was expected to come to an end by Friday 28 April, earlier than originally planned. Logs will be available at http://www.yv0.info/ once the team gets back to Caracas, as they were unable to upload the logs during the operation. There was no RTTY activity, because the late Jose, YV5LIX was the one who was going to operate on that mode and the rest of the team was not experienced enough. [TNX W4DTA/YV5DTA]

6O0M ---> Michael, PA5M left Somalia on 23 April and has moved to Kenya. He made some 2500 QSOs on 80-10 metres SSB, CW, RTTY and PSK31. Michael works for the UN World Food Programme and at this stage it is unknown if he will return to Somalia. QSL via PA7FM (please do keep in mind that 1 US$ no longer covers postage for extra-European destinations). [TNX PA7FM]

QSL VU4AN/VU2MYH ---> Giovanni, I5JHW reports he operated under Mohan's

US LICENCE ---> An ARRL/VEC test session will be held at 13.30 local time on 29 April during the Amateur Radio Fair at Pordenone. Further details can be found at http://www.ik1pmr.com/vec/

YE6N ---> John Van Putten, WD8MGQ is collecting donations from US amateurs the YE6N (OC-261) group. John will wait until 17 May, then he will send to the QSL manager (YB9BU) whatever money he has received through Western Union. Send a SASE return envelope, QSO data and your donation; when Kadek sends the cards back to John, he will then put them into the individual SASEs. For further information, please contact John at wd8mgq@adelphia.net

+ SILENT KEY + Geo Longden, G3ZQS passed away on 25 April. In 1987 Geo founded FISTS (http://www.fists.co.uk/), the International Morse Preservation Society that boasts a membership in the thousands world-wide.
