- 3B7 - The various logistical arrangements for the 7-24 September 3B7C operation from St. Brandon have been confirmed, a detailed site survey of the QTH (Isle du Sud) has been made, the container of gear has been shipped and everything is looking good. Amateur radio activity on 6 metres is not normally allowed from Mauritius and its outlying islands, but the group has been able to gain a short-term permit, limited to three fixed frequencies: 50090 (CW), 50102 (CW), 50145 (USB). Bob, N6OX has joined the team, but they still have a vacancy for one team member to bring the total team to 20. "We are seeking a team player and an outstanding operator who is ideally known to one of the current 3B7C team members", says G3XTT (g3xtt@lineone.net). "A 6m specialist would be particularly welcome". Keep an eye on the web site (www.3b7c.com), which continues to be updated on a regular basis. BUREAU CARDS TO BELARUS ---> BFRR (Belarussian Federation of Radioamateurs and Radiosportsmen) Chairman Alexander Pantchenko, EU1PA would like to remind everyone that the BFRR QSL bureau service is for BFRR members only. The Belarus QSL bureau has limited financial resources, so that QSL cards sent to non members are not returned to sender. The BFRR members list can be found at <http://www.bfrr.net/>

DXCC NEWS ---> 9U0X (Burundi, February 2007) has been accepted for DXCC credit. Those who had cards rejected for this operation, can send an e-mail to dxcc@arrl.org and they will be placed on the list for update. [TNX NC1L]

NA-231 ---> Ken, G3OCA and Cezar, VE3LYC had to cancel their attempt to go and operate from East Pen Island (NA-231, 20-22 July), due to various problems encountered on arrival at Ft. Severn in northern Ontario. Basically, the unusual number of polar bears on the island and the walrus colonies "extremely protective" towards their cubs made the crossing to and the staying on East Pen too dangerous.

NOT THE MANAGER ---> Corrado, IT9DAA reports he is not the QSL manager for YV1CTE, YV1RDX and YY1JGT any longer. Cards should be sent direct only to the respective addresses (see www.qrz.com). Corrado still handles the cards (direct and bureau) for 4M5DX, 4M5R, YV1FM, YV5MSG, YV5SSB, YV5TX, YW0DX (NA-020, 8-13 February 2007), YW1DX (SA-089, 26-29 July 2007), YW4C (SA-058, 7-10 July 2005), YW5CQ, YX5IOTA (SA-044, 26 September-1 October 2006) and YY4RN.

QSL BS7H ---> The first QSLs were mailed on 23 July. Steve, KU9C, has received over 10,000 envelopes, so it is expected it will take approximately two months before every card is answered. Please do not send for a second card until we announce all cards have been answered. Steve will also upload QSOs to LOTW as he processes the cards so, if you utilize LOTW, you can expect your QSOs to show up roughly the same time you receive your card. This will allow you to avoid mailing in your physical QSL card for verification. A small number of QSL cards were received with either no SASE, or a SASE with old style IRCs that are no longer valid. KU9C will attempt to contact you via email, but if he cannot contact you, these will be returned by the bureau. Steve will also upload bureau card QSOs to LOTW as they are processed. [TNX N1DG]

QSL N8S ---> All of the requests received before 1 June have been processed and sent out. They are about 14,500 direct cards (the last batch of 2,500 cards was mailed on 25 July) and 1,000 bureau QSLs. There are still some 2,500 direct requests, received after 1 June, that will be processed within the next couple of weeks. Keep an eye on www.ytlad.info/n8s/news.html [TNX YT3W]

QSL VIA 9M2TO ---> Tex now has a Post Office Box, and his new mailing address is: Tex Izumo, P.O. Box 125, GPO 10710, Penang, Malaysia. Use this address when QSLling direct for 9M4SDX, 9M4DXX and 9M4SIX (otherwise use the 9M2 QSL bureau). Cards for QSOs made with 9M2TO himself go via JA0DMV, direct or through the JARL bureau. [TNX 9M2TO]

QSL VIA SM5DQC ---> Georges, 9Q1EK is the only one currently active from the Democratic Republic of Congo. His log has been updated on www.logsearch.de (if you do not find a QSO you are sure of, please e-mail sm5dqc@areteadsl.se). Phillipe, 9Q1TB is on vacation until early August, and Osten (SM5DQC) says he is still waiting for his latest log to arrive. QSLs direct only to Osten B. Magnusson, Nyckelvagen 4, SE-59931 Odeshog, Sweden (and do not forget that 1 USD does not cover return postage from Sweden to anywhere).

+ SILENT KEY + Bert "Axel" Rohrbeck, DL7PR, passed away on 25 July at 65 years of age after a short illness. Licenced in 1969, he earned his 5-Band DXCC as early as 1971 and he was one of the most active and famous DXers in southern Germany. "His longpath signal on 40m CW", says Mike, DJ5AV, "was an indicator of propagation between Europe and Stateside nearly every day during European winters".

QSLs received direct or through managers: 1A4A, 3B7SP, 3C0M, 3D2RI (OC-189), 3DA0EI, 3XD2Z, 3XM6JR, 4L3Y, 4O3M, 5H3EE, 5W0RE, 5Z4/9A3A, 6V7E, 6W/IZ2DPX, 6W1SE, 6Y5/K3TEJ, 6Y5IC, 7X2LS, 7Z1UG, 8J1RL (AN-015), 8P6SH, 9K2MU, 9M2/PG5M, 9M8PSB, 9Q1EK, 9U0X, A25KDJ, A61AJ, BP0A, BS7H, BU2AI, BV0L, C56NN, CU3EQ, CW6V, DU9/G4UNL, ED7SPI (EU-143), EP3HF, FM5AA, FM5BH, FO/N6JA, FS/AH8DX, FY5KE, HH2FYD, HP3/K1YJ, HS0ZGQ, II4SDP (EU-155), IR2IPY, J20MM, J20RR, J70J, J79RV, J8/W6JKV, JD1/JE2HCJ, K8HLM, KH6ND/KH5, KL7CQ, KL7HBK (NA-050), KL7J, KP4SQ, KP4WW, LT1F, N8S, NH6P, NP4A, NP4U, OA4SS, OD5NH, OH8T
