GOOD TO KNOW

DXCC

THE DEATH OF THE ANNUAL LIST DEADLINE

The ARRL DX Century Club Program (DXCC) has announced that, effective immediately, there no longer will be a submission deadline for the DXCC Annual List. 30 September used to be the traditional cutoff date to compile entity totals for the DXCC Annual List. Under the deadline-free system, complete lists on the ARRL Web site will replace the lists of DXCC standings that customarily have appeared in the DXCC Yearbook. The new Web-based lists should be on-line early in the first quarter of 2005. After an initial posting, DXCC will regularly update the Web lists. These listings also will include the standings of all DXCC members, not just those who made a submission in the previous year, as had been the practice. ARRL will publish a scaled-down version of the DXCC Yearbook that will contain highlights of the standings, along with other features.

3YOX • The 2005 Peter I DXpedition [425DXN 696] has been awarded a major sponsorship grant by the Northern California DX Foundation, Inc. (NCDXF). The DXpedition is funded principally by the contributions of its twenty-one members plus this very generous grant; however, because of the extraordinary cost of chartering the vessel and its helicopter to travel safely to and from this remote location, additional assistance is still being sought from the world-wide DX community. For further information on the DXpedition, and how to contribute to its success, please visit www.peterone.com [TNX N4GN]

AUSTRALIAN POSTAL RATES • "All DXers should be aware that Australian postal rates increased by 10% starting 6th September 2004", Alan Roocroft, VK4AAR reports. "Please make allowances for this when enclosing reply postage. Also, it is not a good idea to attach Australian stamps to your SAE because 95% of DXers get the wrong series of stamps and the wrong value. Please let us do it ourselves. We know the system best and it is different to most countries".

+ **SILENT KEY** + Captain Lee E. Reisenweber, K3RGD/VP2VE passed away on 21 February at the San Juan VA Medical Center, San Juan, Puerto Rico. He is interred at Puerto Rico National Cemetery Bayamon. First licensed at the age of 12, Lee was president of the BVI Amateur Radio League. During the Vietnam War he served in the United States Marine Corps. Lee's family asks that anyone knowing Lee that have pictures or stories they can share to please send them to D. L. Borgman, 11111 NE 105th Avenue, Archer, Florida 32618, USA or email to dlb@borgmangroup.com

+ **SILENT KEYS** + The Daily DX reports that Frank Turek, DL7FT passed away on 17 August. Over the years he visited and operated from many DX locations, usually with FT suffixes (e.g. TT8FT, ZK2FT, A35FT, etc). The DL7FT Post Office Box will not be closed, as Frank's wife Siegrid (DL7CN) will be handling QSL duties. Mike, ZP5YW informs that Gary, ZP5ZR passed away on 8 September. He was a well known DXer, with special interest for 6 metres and the satellite bands (www.sistemas.com.py/zp5yw/zp6m/zp5zr.htm).

BARTG • BARTG (the British Amateur Radio Teledata Group) announces the Oceania award, the last in its series of continental awards. It is available in three classes (for 10, 25 and 45 countries), the claim can be endorsed as "All RTTY" or "All PSK", or can be mixed digital modes, and it also possible to claim single band or mixed bands. Please visit the awards pages on www.bartg.demon.co.uk for the full rules. [TNX GU0SUP, pcooper@quernsey.net]

CDXC • At the recent annual general meeting of Chiltern DX Club, The UK DX Foundation (www.cdxc.org.uk), the following committee was elected: Neville

Cheadle/G3NUG (President), John Butcher/G3LAS (Chairman), Peter Hart/G3SIX (Secretary), Nigel Cawthorne/G3TXF (Treasurer), Martyn Phillips/G3RFX (Digest Editor), Jim Kellaway/G3RTE, David Gould/G3UEG, Mark Haynes/MODXR (Committee members). CDXC has recently made an Award of Merit to the 3B9C team. The Award of Merit programme enables CDXC, on behalf of the UK amateur community, to give recognition to deserving amateurs "For outstanding and unselfish contributions to the field of HF amateur radio and DXing". Recent winners are: 2001 D68C Comoro Islands, 1999 ZL9CI Campbell Island, 1998 9MOC Spratly Island and 1997 VK0IR Heard Island DXpeditions. [TNX G3XTT]

CIS DX RTTY CONTEST • The Scottish-Russian ARS (srars@srars.org) sponsors the CIS DX RTTY Contest, which will be held from 12 UTC on 11 September to 12 UTC on the 12th. The objective of the contest is to establish as many RTTY contacts as possible between radio amateurs around the world and radio amateurs in the Commonwealth of Independent States (Armenia, Azerbaijan, Belarus, Georgia, Kazakhstan, Kyrgyzstan, Moldova, Russia, Tajikistan, Turkmenistan, Ukraine and Uzbekistan). Full information can be found at <http://www.srars.org/cisdxcm.htm> [TNX MMODFV]

DX MAGAZINE MOST WANTED SURVEY • The DX Magazine's annual Most Wanted Survey is being conducted now through 31 October. The survey form is available at http://www.dxpub.com/dx_survey2004.html and the overall results will be published in early 2005. [TNX N4AA]

DXCC NEWS • The following operations have been approved for DXCC credit:

HTC-QRP SPRINT CONTEST ● This CW only event, organized by the Helvetia Telegraphy Club (HTC), will take place (on 20, 40 and 80 metres) from 13 to 19 UTC on 11 September. Details can be found at <http://www.htc.ch/> [TNX F5QNL]

MIA CONTEST ● The Mediterranean Islands Contest, organized by the Mediterraneo DX Club, will take place from 12 UTC on 18 September to 12 UTC on the 19th. The MIA Contest software, for both licenced amateurs (thanks to IK6CAC) and SWLs (thanks to I5-1990), can be downloaded at <http://www.mdx.org/contestmia/>

NCDXF ● At its Board of Directors meeting on 11 September, the Northern California DX Foundation re-elected the following officers and directors: Len Gerald/K6ANP (President), Al Burnham/K6RIM (Vice President), Tom McShane/NW6P (Secretary), Bruce Butler/W6OSP (Trasurer), Rusty Epps/W6OAT, Dave Pugatch/KI6WF, Chuck Ternes/N6OJ, Glenn Vinson/W6OTC, Steve Merchant/K6AW, Ken Anderson/K6TA and Tim Totten/N4GN (Directors). Information pertaining to the

Northern California DX Foundation is available at <http://www.ncdxf.org/> [TNX K6RIM]

NCDXF ● The Northern California DX Foundation, Inc. (www.ncdxf.org) announced on 18 September at the W9DXCC DX Convention that it has awarded major sponsorship grants, for the 2005 Kerguelen Islands (FT/X) and Peter I (3Y0X) DXpeditions. Together, these grants exceed \$100,000, and represent the largest grants made in the history of the NCDXF. "These exceptional grants were awarded in light of the rarity of operations from these locations, the significant individual contributions being made by the participants themselves, as well as the very high cost of mounting DXpeditions to such remote locations," said NCDXF President Len Gerald, K6ANP. [TNX N4GN]

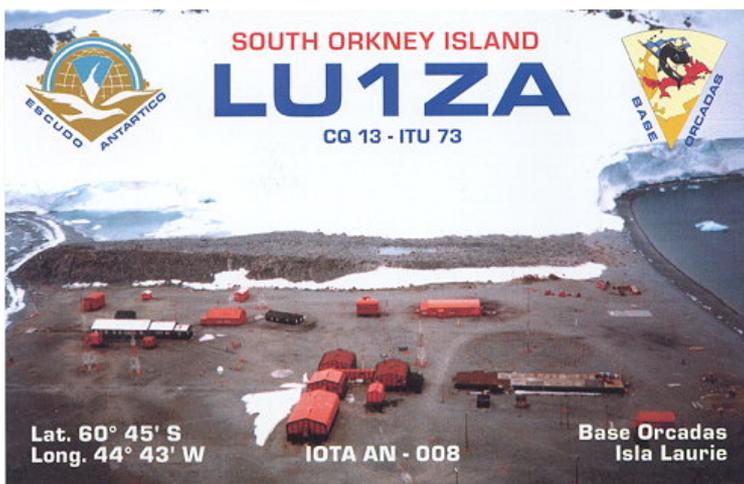

NOT THE MANAGER ● Fred, DL1DBF is receiving 3V8 cards for which the correct QSL route is via Mustapha, DL1BDF. [TNX DJ2YA]

NOT THE MANAGER ● Marco, IV3NCC says he is receiving cards for Omani stations (A47RS included) for which he is not and has never been the QSL manager. He can confirm only contacts made during his own A4/IV3NCC and A4/IV3NCC/p (Suwadi Island, AS-112) operations.

QSL 4K6DI ● Effective 1 September, W3HNK is no longer the QSL manager for Andrew, 4K6DI. The new QSL route is via DL7EDH (Alexander Spielmann, Hubertus Str. 5, D-85095 Denkendorf, Germany), who is able to confirm also past QSOs. [TNX 4K6DI]

QSL 8J1RL ● The QSL cards for contacts made with Syowa Station (AN-015, JA-02 for the Antarctica Award) from February 2004 to January 2005 will be forwarded to JARL Bureau in April 2005 after the operators return to Japan. On-line logs at http://www.jarl.or.jp/English/4_Library/A-47_8j1rl/frame.htm

QSL EO150JPO ● All of the contacts with this special event station will be confirmed automatically via the bureau. Those who need a direct card should send their requests to P.O. Box 330, Sevastopol 99057, Ukraine. [TNX UT5JDS]

QSL LU1ZA ● The new address for LU2CN is: SARA - Servicio Auxiliar de Radioperadores de la Armada, Avda Comodoro Py 2055, Piso 12, Oficina 42, 1105 Buenos Aires, Argentina. LU2CN is the QSL route for LU1ZA, the Orcadas del Sur Navy Detachment (LU-14) on Laurie Island, South Orkneys (AN-008). [TNX LU1BW]

QSL RAOFN ● UA9OR is the current callsign of Viacheslav Davidenko, formerly known as RAOFN. He has moved to the UA9 area and his current address is: Viacheslav Davidenko, P.O. Box 222, Novosibirsk-34, 630034, Russia. Logs and QSL cards for RAOFN are still available.

QSL ST2T ● Dane, ST2T (S57CQ) will remain in Sudan for the next two months, and QSL cards will not

be printed before the end of his activity. His QSL manager (S57DX) also reports that many are sending useless old style IRCs to cover return postage expenses. So please be patient, do not send second cards and above all do use new style coupons. [TNX S57DX]

QSL TR8CX • Please note that the new address for Xavier, F5PBQ/TR8CX is: Xavier Cholat, Les Thermes, Domaine Saint-Jean, 73230 Saint-Jean d'Arvey, France. [TNX F5PBQ]

QSL VK9CJ • Uwe, DJ9HX reports he is receiving lots of cards for the November/December 2003 VK9CJ operation. Please note that Uwe can confirm contacts made during his own operation (July/August 1995), while the QSL route for last year's activity is via JA1KJW.

QSL ZK3DX • Erik, SMOAGD can confirm only contacts made with ZK3DX (and ZK3CW) in October 1999. The callsign has been reissued and the QSL route for the current ZK3DX is via EB2AYV.

QSL VIA EA7FTR • Please note that Fran, EA7FTR will be the QSL manager for the 17-21 September operation by HC4CB and HC4/EA9CP from Isla Cojimies (SA-056) only. All of the other calls that Antonio, EA9CP will be using during his South America trip [425DXN 696] will be managed by EA9CP himself. [TNX EA7FTR]

QSL VIA IZ8CCW • Antonio is the QSL manager for the following stations: 5B/IT9SSI (AS-004 and AS-120), 5B/IZ8CCW (AS-004 and AS-120), 8A3M (OC-250) CO8TW (NA-015), CU3X (AF-014), ED8MDC (AF-004), H40AT (OC-065), H44AT (OC-149), IB0DX (EU-045), IB0MDC (EU-045), IC8/IZ8CCW (EU-031), ID8/IZ8CCW (EU-144), I18CS, I18MDC, IL7M (EU-050), IO8MDC (EU-144), IQ8ARI, IQ8BP, IQ8CS, IQ8MDC, IR1MDC, IR2MDC, IR5MDC, IR6MDC, IR8CS, IR8M, IR8MDC, IR9MDC, IT9/IZ8CCW (EU-025), IU8MDC, IU8W, J3/F4TVY (NA-024), J6/F4TVY (NA-108), J79TUJ (NA-101), KB5GL/5 (NA-089, Apr 03), RI0CM (AS-172), UN8GDR, UN8GF, UN8GU, UP7GMDC, V8AQZ (OC-088), VU2DPM (AS-153, Jan 02), VU2HFR (AS-153, Jan 02), VU2JSH (AS-153, Jan 02), VU2KFR (AS-153, Jan 02), VU2SKD (AS-153, Jan 02), YB3ZES (OC-021), YB3ZES/P (OC-237), YB3ZMI (OC-237), YC0IEM (OC-021), YC0IEM/7 (OC-088), YC0IEM/9 (OC-022), YC0IEM/P (OC-145 and OC-148), YCOLND (OC-021), YCOUTC (OC-021), YC3BDJ (OC-021), YC3DIK (OC-021), YC3DIK/P (OC-237), YC3IZK (OC-021), YC3MM, YC3MM/5 (OC-075 and OC-245), YC3MM/P (OC-197 and OC-237), YC3OX (OC-021), YC7SKM (OC-088), YC9MB (OC-151), YC9MT (OC-151), YE3M (OC-021), YE5A (OC-262), YE5X (OC-075), YE5XMD (OC-075) and Z38M. Antonio will attend the HF-DX Convention in Bologna next weekend those who need one or more cards are invited to get in touch with him (iz8ccw@mdxc.org). [TNX IZ8CCW]

QSL VIA VK4AAR • Alan is the QSL manager for the following stations: 9VOA, 9V1DX, C21RH, KH2VM, P29RH, V63PD, V10ANARE, VKOMM, VK6AN (OC-266), VK6BM (OC-234), VK6BSI (OC-243), VK6LI (OC-071), VK8AN/6 (OC-154), VK8AN/8 (OC-229), VK8AV/3 (OC-136), VK8DP, VK8MI (OC-173), VK8RH, VK8XC, VU3RSB, YJ8AA, ZK2JJ, ZK2PJ. QSL direct only to Alan Roorcroft, P.O. Box 421, Gatton 4343, Australia.

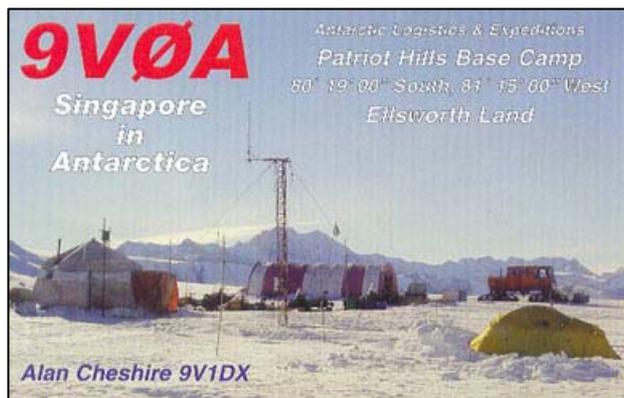

RDA • The Russian Districts Award (RDA), sponsored by the Tambov Award Group, is available to either licenced amateurs and SWLs for confirmed contacts made with the various districts of the Russian Federation after 12

June 1991. Full information can be found at http://rdaward.org/rda_eng.htm

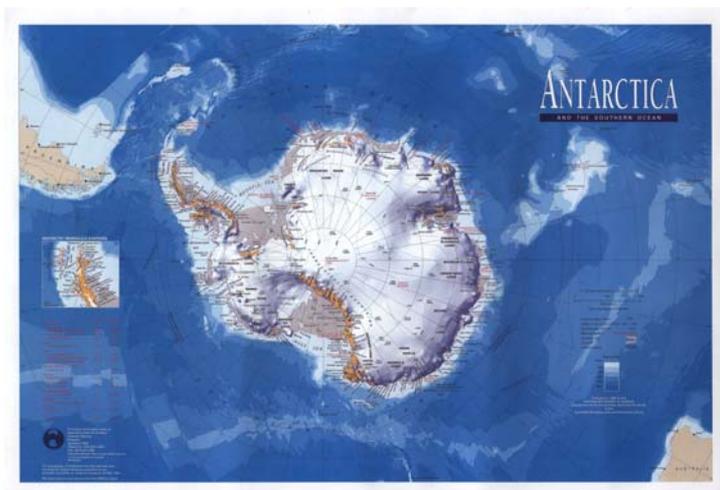

SRT EVENT • The Strange Radio Team special event will run from 00.00 UTC on 22 October through 24 UTC on the 24th. Proceeds beyond out-of-pocket expenses will be donated to charity. Information is available at <http://www.strangeradioteam.com> or from the Event Manager Marco De Carlo, IZ7DOK (iz7dok@libero.it) [TNX IZ8EDJ]

UKRAINIAN DX CONTEST • Sponsored by the Ukrainian Contest Club (UCC) and the Ukrainian Amateur Radio League (UARL), it will take place on 160-10 metres (WARC bands excluded) CW, SSB and RTTY, from 12 UTC on 6 November through 12 UTC on the 7th. Full rules and results are available at <http://urcc.com.ua/> or <http://www.qsl.net/ut1ia/> [TNX UY5ZZ]

AY1ZA, SOUTH ORKNEY ISLANDS

29 January - 22 February 2004

by Horacio "Henry" Ledo, LU4DXU

South Orkney archipelago is located near the north boundary of the Argentine Antarctica. It is composed of forty islands and islets, being one of the most important places Coronación Island at the west and Laurie Island at the east. On February 22nd, 1904, the centennial history of the Argentine Republic in the Antarctica has begun precisely in the Laurie Island due to the permanent occupation of the White Continent by our country and by humanity.

Laurie Island

In 1904, a continuous scientific activity started in the magnetic and meteorological observatory located in the South Orkney. Scientific studies on meteorology are particularly interesting because streams of polar air interact here, affecting the weather conditions of all the South Hemisphere. Thus, weather forecast is performed for the

Antarctic region. The earth's magnetic field is observed and measured in the Orkney Base. The relevant data obtained is transferred to the World Geomagnetic Chart, used in sea and air navigation. Geological and geodesical studies along the Scotia Arch are also carried out. Due to a scientific agreement between Argentine and Italy, a seismological station participating on the Antarctic Seismological Net is working in the Orkney Base since 1997. Research on glaciology and ice conditions, monitoring of penguin colonies, and fauna observation, among other activities, are also performed.

The first post office in the Antarctic, named " Orcadas del Sud", was founded on February 22nd, 1904, the same day the observatory was created. Therefore, one of the main requisites for the sovereignty was full filled: the post as an essential juridical form to actively be in contact with the country central administration. In 1927, radiotelegraph communication started with the continent. Fifteen years later, a new post office called "Islas Orcadas del Sud", was inaugurated, rendering continuous services since then. This post office has turned into a Radio/Post Office in 1949.

Admiral Julio Hector Alvarez

One of my dreams was to be there in the Orkney Base, were many hams need the island for a new entity, so I started connecting with those people who could help me to go to the island. The first one was my neighbour, Admiral Mr. Hector Julio Alvarez who informed me the way to begin to contact the responsible people in charge of the trip to the Summer Antarctic Campaign.

I started talking about this voyage two years ago when I got in touch with Claudio Stanich operator of LU1ZA 2001/2002 and he said "Henry you have to be here, this is a paradise and very good for ham activity". Thinking that in 2004 the century at the Orcadas Base was coming in due time it was very nice to use a special call for the event, at last my trip to South Orkney Island was coordinated and the call was to be AY1ZA.

Then I carried out all my body checking and waited until the Navy called me to departure. On January 14th, Cristina my wife, helped me to carry out all my wood bags and the two tubes were the antenna was to be delivered to the airport, the day after my departure to Ushuaia. There I waited to aboard the icebreaker that took me to the South Orkney Islands.

Departuring Ezeiza

I departed from Ezeiza at 08:00 local time and arrived to Ushuaia the most austral city of Argentina at mid-day where Navy personal were waiting and took me to the Air Naval Base as well as my wood-bags and the two tubes .

As soon as I installed in my room, Pupi LU8XP phoned me and that night we had a good dinner. The day after he showed me the very nice city where he lives and every day until the ship departure I moved with him from one place to another.

On Friday 23rd, I saw the icebreaker coming along the Beagle channel and it made me feel better, knowing that in a few days I was on my way to South Orkney. Monday January 26th the ship left Ushuaia and started the 1500 km voyage through the strait of Drake.

26 January: departing Ushuaia

My stop was Laurie Island located in the South Orkney Group, Lat. 60° 45' S Long. 44° 43' W. Fortunately, I had a quiet voyage when crossing the strait of Drake during three days of navigation and arriving January 29th evening and anchored in the Scotia Bay waiting for the helicopter to load the antennas, boxes etc.

When I finished my lunch, I started to install the 80 and 40 mts. dipoles, repair a multiband antenna installed in the base, which was used for 30, 17 and 12 mts., the four elements 20, 15 and 10 mts. were installed with the help of Navy boys because the weather was very cold, windy and snowy. As soon I put on the air the IC-751 A, the first qso was with LU9DO John, who answered my CQ call on 14.290. More than 100 entities were contacted on the bands and about 4.600 QSO's were made and I had the chance to talk to many old friends around the world, that I couldn't reach from Buenos Aires since a long time, due to very

poor conditions.

Although my objective was to double the score, unfortunately everybody was talking to the main land with their parents and communications took long time. Remember that this is the only way to contact them; there are no telephones in the island. Sometimes I passed 15 hours without transmitting and time to time due to the bad propagation.

The two operators helped me giving me free space in the air for the amateur hams. I started at 05:00 gmt and 11:00 gmt when conditions start to dim my bed was waiting for me and woke up at 16:00 gmt for lunch, then it had a free space and with good propagation I transmitted up to 18:30 gmt were the Navy operator started with his transmission and ended out 00:00 gmt, then, I had free space again, so I returned to the radio up to 02:00 gmt at the end I slept until 05:00 gmt and start al again with my unforgettable day hi hi !!!

I remember about two years ago, with Claudio and also Jose Luis, we worked at 22:00 gmt 15, 17 and 12 mts band with very good conditions and sometimes 10 mts. between USA and Japan, but this year propagation changed too much. I hope I will return again to communicate and give the chance to those who are looking forward the South Orkney Islands.

Something to Remember

About radio ham activity, LU1ZA is the call sign that the Secretary of Communications assigned to South Orkney Island, but radio operators are working every day in their private frequencies connecting who want to talk to their parents in the continent, so that's why they do not appear on the amateur bands. On 2001/2002 I started with Claudio having schedule time/freq. putting the island on the air, that was wonderful! Same thing with Jose Luis on 2002/2003, unfortunately Anibal the 2003/2004 operator was very busy due to the centenary of the Base, and everybody worked hard in everything. I want to give a special thanks to Hito JA8FCG, Masa JE1LET and Max IK6RUM, they support qsl cards for LU1ZA.

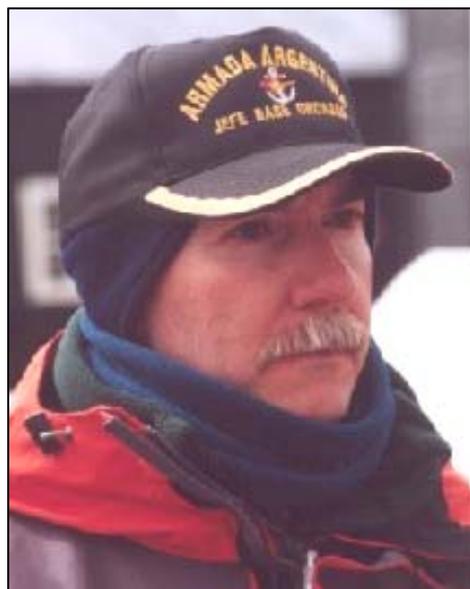

First of all I would like to thank the ARGENTINE NAVY who made this trip possible. Captain Mr. RICARDO GARDE, the base commander, welcomed me as soon as I arrived and made me feel at home.

My special thanks go to MULTIRADIO S.A. who lent me the backup rigs. Thanks also to the many organisations and individuals who made this short DX-Pedition possible, successful an unforgettable experience: GDXF, EUDXF, NCDXF, MDXC, 425 DX News, 59 Magazine, IT9EJW Alfio print shop, LU1BR, LU2AH, LU8ADX, LU8XP, LU9DO, DL1AXL, DL5EBE, DK7AO, F5FPF, F8DVD, GM3UCH, I1HYW, SWL Andreas Ibold, I1-12387 and many others...
