GOOD TO KNOW

5Z4/RW1AU I Valery, 5Z4/RW1AU, is now QRT from Nairobi, and is back home in St. Petersburg. His work assignment spanned almost one year, from August 2008 through June 2009. During that period, Val used the 5Z4RS club station in Nairobi as time allowed between work responsibilities to make almost 12,000 QSOs on 40-10 metres, using both CW & SSB. His logs have been uploaded to LoTW. Paper QSL to either RW1AU (direct and bureau) or K5XK. [TNX K5XK]

DX SUMMIT I In the process of making the DX Summit service more focused on younger user segments and non-amateur radio population, two features have been added recently to the Radio (OH8X) DX Summit portal (<http://www.dxsummit.fi/>). Each spotting and spotted call sign is automatically linked to qrz.com, providing a more human link to the personal profiles of people and to their pictures. Additionally, each line carries the name of the DXCC country spotted. In a few months time, custom selected filters will be provided to the public allowing users to receive personalized spots. While initially the selected spots will be sent to your personal e-mail address, the ultimate aim is to offer an SMS (short message service) option to DX Summit users. This service is a non-profit exercise for Radio Arcala, but donations will be gratefully accepted. A Help Desk for regular users and for S/W developers is being set up, and support is currently channelled through the relevant button: donations will be used to help fund exclusively the DX Summit Help Desk function, and OH8X will send you a Radio Arcala wall calendar postpaid to those who donate. Support related to the calendar is limited to the months of July and August 2009. [TNX OH8X]

E51SC I The Daily DX reports that Nigel, E51SC (G4KIU) has had to leave Rarotonga, South Cook Islands [425DXN 943] and return to England for family reasons. All of the QSOs (about 600) he made during his stay have been uploaded to LoTW.

HV5PUL I A video of the early June activity from HV5PUL is available at <http://www.youtube.com/watch?v=wuRbBc4GyP0> [TNX IZ2LSC]

INTERNATIONAL LIGHTHOUSE LIGHTSHIP WEEK I The highly popular annual Lighthouse Weekend has been extended to a full week, including two on-going activities: the ILLW Special Event (1-9 August) and the ILLW QSO Party Contest (1-2 and 8-9 August). Complete information can be found at <http://ialhp.org/>

LOGS I The TZ6EI web page (<http://www.w0sd.com/mali/mali.htm>) now has post DXpedition information (statistics, distances, pictures, etc.), as well as the link to the on-line logs. This was primarily a 6m DXpedition (546 unique calls), but TZ6EI also worked on the HF bands (over 1000 uniques on RTTY). [TNX W0SD]

MS CONTEST I The VHF-DX-Portal MMonVHF, in co-operation with the magazines DUBUS and Funk-Telegramm (by Joachim, DL8HCZ), organizes the second edition of the 144 MHz Meteorscatter Sprint Contest, which will take place on 12 August (from 00.00 UTC through 23.59 UTC). Details and rules can be found at <http://www.mmmonvhf.de/ctest.php> [TNX DL8EBW]

NCDXF I The Northern California DX Foundation Board of Directors is pleased to announce the appointment of Ed Muns, WOYK, as an Advisor to the NCDXF Board of Directors. Ed's primary duty, along with Doug Bender, WW6D, will be working with the NCDXF website (<http://www.ncdxf.org>). Since May 2008, NCDXF has provided financial help to 4W6R (Timor Lorosa'e), VK9XWW (Christmas Island), VK9CJW (Cocos-Keeling), OJOB (Market Reef), VK9DWX (Willis Island), A5100A (Bhutan), E44M (Palestine), FW5RE (Wallis & Fortuna), K5D (Desecheo Island), VK9LA (Lord Howe Island) and S04R (Western Sahara). Contributions can now easily be made on-line using a SSL secured web server (<https://www.ncdxf.org/donate>). [TNX W0GJ]

QSL 4S7BRG I The new QSL route for Mario, 4S7BRG is via LZ3HI. Cards can be requested direct (Emil Stoikov, P.O. Box 8, 6000 Stara Zagora, Bulgaria) or via the bureau.

QSL EK6LP I Antonello, IK2DUW reports that effective 1 July he is no longer the QSL manager for EK6LP. He can still confirm QSOs made through 30 June 2009; cards for contacts made after that date should be sent direct to Aram R. Manvelyan, P.O. Box 47, 3102 Gyumri, Armenia.

QSL HQ9R I It seems that quite a few people are still sending cards for HQ9R to the former QSL manager (N6FF), who has been a Silent Key since August 2007. Please note that the correct QSL route is via K5WW. [TNX K5WW]

QSL R1ANL I "Since most of the QSL requests for the 1997-99 R1ANL operation by Nikolay Zinin (RW6ACM) from Novolazarevskaya Base (Antarctica) remained unprocessed by the previous QSL manager (UA6AH), I took over the QSL management of this activity", Dominik, DL5EBE says. "After some delay, I finally managed to enter the handwritten log (14000 QSOs) into the computer and upload all contacts to LoTW". Those who need a paper QSL card can send their request to DL5EBE, direct (see qrz.com) or bureau (e-mail requests for bureau cards can be sent to weield@mac.com). [TNX DL5EBE]

QSL ST2R I Those who still need a card for ST2R (January-April 2007) can request it by e-mail (s57dx@yahoo.com) and get it through the bureau. Direct cards should be sent to Slavko Celarc, Ob Igriscu 8, 1360 Vrhnika, Slovenia (return postage is USD 2 ore EUR 1). [TNX S57DX]

QSL VK9LA I "After much haggling with the Australian Customs Department, we have finally received the QSL cards from Czech Republic", Bill Horner, VK4FW says. He had planned to have all direct QSLing done by the end of June, but this is no longer possible. On 2 July Bill left home for a two-month family holiday. He processed and mailed as many cards as he could before leaving, so "many of you will receive your cards within a few days, but there will be also many that will not". Please be patient.

QSL VK9NI I Please note that the QSL route for the current VK9NI operation from Norfolk Island [425DXN 947] has changed and is no longer via W3HMK. The new route is via VK3HR (Hellenic Amateur Radio Association of Australia Inc., P.O. Box 57, Richmond, VIC 3121, Australia). The website for the operation is at <http://www.vk9ni.com>; a log search is up and running at <http://www.clublog.org/expeditions/VK9NI>

QSL VIA TA3J I Nilay Mine Aydogmus, TA3YJ has transferred all of her duties as a QSL manager to her husband Berkin, TA3J. Affected callsigns are listed at <http://www.aydogmus.gen.tr/ta3j/qsbservice.htm> [TNX TA3J]

QSL GALLERY I The large collection of QSL cards on Les Nouvelles DX's web site has been updated. Twelve different galleries include cards for the ten Most Wanted DXCC Entities (306 QSLs), the 58 deleted DXCC entities (961 QSLs), obsolete prefixes (2613 QSLs), stations from Magrebh from 1947 to 1962 (315 QSLs), Antarctic bases (768 QSLs) & TAAF (Terres Australes and Antarctiques Francaises, 248 QSLs), the various French DXCC island Entities in the Pacific Ocean (251 QSLs) & the Indian Ocean (96 QSLs), pre-1945 countries (631 QSLs), French Departments (535 QSLs) and USA (50 QSLs), plus a gallery for cards not accepted by DXCC (107 QSLs). Several cards are still needed and your participation is encouraged - please visit <http://LesNouvellesdx.fr> and send your comments to lesnouvellesdx@free.fr [TNX F6AJA]

TOP LISTS I The latest Topband, Topmode and Toplist listings are now available at <http://www.425dxn.org/awards/toplist/index.html>. Please note that QSOs confirmed through LoTW or included in on-line logs are eligible for listing. Send send your scores, as well as any request for further information, to Erminio Pandocchi, I2EOW (I2eow@fastwebnet.it)

UKRAINIAN LIGHTHOUSES I Several activities from lighthouses in Ukraine are expected to take place between now and mid-August. Details can be found on the Ukrainian Lighthouses on the Air programme's website at <http://www.lights.in.ua/> [TNX US4LGW]

VY1JA QRT I Jay, VY1JA (N8JA) says his work stint in VY0 has concluded, and he is back home in the Yukon. His last logged QSO was made on 19 October 2008 and he is retiring from amateur radio. His station has been dismantled, and he is giving/selling everything to "younger Yukon hams". Steve, N3SL will continue to keep his logs and answer QSLs, while Akio, JA3JM handles QSLing for Japan. [TNX N3SL]

WHQS AWARD I "QTC", the Polish Amateur Radio Journal, sponsors the 2009 W-HQ-S award for working at least ten HQ stations during the upcoming IARU HF Contest. Rules can be found at <http://www.skjkc.pl/pgs/index.php?go=news&dzial=swiat&id=362> [TNX SP2FAP]

ZK2V I Chris, ZL1CT reports that, despite "flat" band conditions, he made 15817 QSOs (including 1279 QSOs on RTTY) 160, 80, 60, 40, 30, 20, 15 and 12 metres during his recent ZK2V DXpedition to Niue (<http://www.zk2v.com/>). Jeff, N8CC was the overall leader with 16 band-slots out of a possible 20. QSL via N3SL, direct or bureau. All QSOs have been uploaded to LoTW, resulting in more than 2000 QSO matches.
