# GOOD TO KNOW

**AGB AWARD PROGRAMME** • Detailed information on the wide range of awards (colourful certificates and trophies) sponsored by the Activity Group of Belarus can be found at [http://ev5agb.com/award/awards\\_e.htm](http://ev5agb.com/award/awards_e.htm) [TNX EU1EU]

**CLUB LOG OQRS AND BUREAU CARDS** • Club Log is conducting a survey about bureau cards requested through its Online QSL Request System. At present, two important rules apply to all users who wish to use CL OQRS: (1) Bureau cards must be offered, and (2) No-one may charge for a bureau card in CL OQRS. Club Log is now considering allowing users to

choose to charge for bureau cards, or choose not to offer bureau cards. Please complete the survey at <https://cdxc.wufoo.eu/forms/bureau-cards-via-oqrs/> and let them know what you would prefer.

**CQ WW DX CONTEST** • The rules have been completely rewritten for 2013 and can be found at [www.cqww.com/rules.htm](http://www.cqww.com/rules.htm) - read carefully!

**CROATIA 28TH EU STAR AWARD** • Issued by the Croatian Amateur Radio Association (HRS), this award celebrates the accession of Croatia to the European Union as the 28th member State. The rules can be downloaded at [http://www.hamradio.hr/download/CROATIA\\_28\\_EU\\_STAR\\_ENG.pdf](http://www.hamradio.hr/download/CROATIA_28_EU_STAR_ENG.pdf) [TNX 9A3SM]

**H44IOTA** • Reference the notice posted on the IOTA website on 25 June [425DXN 1156], "we have noted the subsequent posting on the H44IOTA qrz.com website to the effect that a validation of OC-168 'may not be possible due to computer hardware failure and human error'. This is indeed the case as we understand that with the non-availability of the logs for the land-based part of this operation, QSOs cannot of course be confirmed for IOTA. Should the missing logs become available, we will reconsider the position. In the meantime we can confirm that we have accepted documentation showing land-based operations from OC-149, OC-047 and OC-158 and credits will be given for valid cards submitted. As a reminder, operations by yachtsmen with on-board amateur radio stations present IOTA Management with particular challenges with regard to rule compliance and they are routinely asked to provide validation in accordance with the detailed requirements outlined in Section F of the IOTA Directory Rules. In the case of the recent H44IND operation and forthcoming H40IOTA ones it is suggested that until acceptable validation is reported as having been received, the sending of QSLs be delayed". [TNX rsgbiota.org]

**ILLW** • The 16th annual International Lighthouse/Lightship Weekend, conducted under the sponsorship of the Ayr Amateur Radio Group, will take place from 00.01 UTC on 17 August until 23.59 UTC on the 18th. Complete information on this popular event, including a list of participating stations, can be found at <http://illw.net>

**KOSOVO** • Boyan, LZ1BJ is currently active as Z6/LZ1BJ from Pristina (Kosovo) until 24 June 2014. He is QRV in his spare time on the HF bands using CW, SSB and digital modes. QSL via the LZ bureau. [TNX LZ1BJ]

**LAGUNARIA DX GROUP** • The intention of the newly born group "is not to support other DXpeditions rather than to carry out its own ones. Besides having fun and going on DXpeditions as the main goals, the Lagunaria DX Group also supports international understanding, shares technical ideas with others and makes use of high and bullet-proof technical standards. The group members (DJ5IW, DJ7EO, DJ9RR, DL1MGB, DL3DXX, DL5CW, DL5LYM, DL6FBL, DL8OH, DL8WPX and SP5XVY) are not only all known from a lot of DXpeditions in the past, but also passionate contesters of the Bavarian Contest Club (BCC)". Please have a look at <http://lagunaria-dx-group.org/> to learn more about the group, its history and their DXpeditions. [TNX DL1MGB]

**P5 PROJECT** • BBC has interviewed Paul Ewing, N6PSE regarding the efforts of the Intrepid DX Group to operate from DPRK (North Korea): <https://soundcloud.com/bbc-world-service/ham-radio-in-north-korea>. "We have added two new video slide shows from our recent visit to the Democratic People's Republic of Korea. The first video shows the children of the DPRK. The second video slide show shows many aspects of our travels throughout the DPRK. You can find the videos by going to [www.intrepid-dx.com](http://www.intrepid-dx.com) and select videos from the main menu". [TNX N6PSE]

**QSL GALLERY** • The large collection of QSL cards on Les Nouvelles DX's web site has been updated. Fifteen different galleries include 11,166 cards for the ten Most Wanted DXCC Entities (2004-12), the 61 deleted DXCC Entities, obsolete prefixes, stations from Maghreb from 1945 to 1962, Allied Forces stations in Germany (1946-69), special stations commemorating ITU and IARU, Antarctic bases & TAAF (Terres Australes and Antarctiques Francaises), the various French DXCC island Entities in the Pacific Ocean, the Indian Ocean and the Americas (from 1945 to 1970), pre-1945 countries,

French Departments and CONUS, plus a gallery for cards not accepted by DXCC. Your participation is encouraged - please visit [www.LesNouvellesdx.fr](http://www.LesNouvellesdx.fr) [TNX F6AJA]

**QSL GB4RS** • The call GB4RS is used by the President of the Radio Society of Great Britain during his period in office. For QSOs between 1 July to 31 December 2013, QSL direct to G3PJT (IRCs not accepted) or request your bureau card by sending an email to [g3pjt@btinternet.com](mailto:g3pjt@btinternet.com)

**QSL Z81X** • Some 400 OQRS envelopes were mailed on 16 July and the rest will be completed within the next few days. Direct QSLing has also started and several hundred envelopes are mailed out daily. Turnaround times for both OQRS and direct are just a day or two. OQRS bureau cards will be answered only after this initial phase. Traditional direct cards should be sent to OH0XX: Olli Rissanen, Salmelankuja 14, FI-90940 Jaali, Finland. It is also reported that plans for the upcoming South Sudan CQWW and low-band operations remain on track and the operator roster will be finalized this month. [TNX OH2BH]

**QSL VIA G3SWH** • With immediate effect, Phil G3SWH is the new QSL manager for G0ORH, M3I and MM3I (which will be QRV from the Isle of Arran, EU-123, during the IOTA Contest). There are already pages with log searches on Phil's website ([www.g3swh.org.uk](http://www.g3swh.org.uk)). OQRS is preferred, but traditional mail or RSGB bureau will also work. [TNX G3SWH]

**QSL VIA W2FB** • Those who still need a card for the October 2011 operation by YB9WZJ/p and YB0MWM/9 from Doom Island (OC-239) can send their request to Steve, W2FB, who has recovered the logs and has some blank QSL cards. [TNX W2FB]

**W4DXCC** • Sponsored by the SouthEastern DX and Contesting Organization, Inc. All of the 25 stations will be on CW on certain bands and times with their beams in a specific direction: the schedule is at <http://www.wrtc2014.org/station-test-schedule-for-signal-testing/>

**YASME SUPPORTS EQUIPMENT ACQUISITION FOR NEW ETHIOPIAN AMATEURS**

• Ethiopia came back on the air May 30, 2011 with the re-opening of the Ethiopian Amateur Radio Society station ET3AA. To support the re-establishment of amateur radio in Ethiopia, the Yasme Foundation ([www.yasme.org](http://www.yasme.org)) made a grant to pay for the fees associated with the license examination for 25 club members. Many were successful but under Ethiopian regulations could not receive a license without proof of ownership of an amateur radio station. To further support amateur radio in Ethiopia, the Board of Directors is pleased to announce that it has made an additional grant to be used to purchase amateur radio transceivers for three club members so that they can satisfy the requirements of the Ethiopian licensing process. The Board acknowledges with appreciation the substantial efforts of Ken Claerbout, K4ZW, in facilitating the acquisition of the equipment and mentoring the EARS

members, as shown here with club member Adula at the microphone during the 2013 IARU HF Championship contest. [TNX W6SZN]

# RSGB IOTA'S 50TH ANNIVERSARY CONVENTION

## Beaumont House, Windsor

### 4-6 July 2014

We are currently looking at the possibility of holding the celebration of IOTA's 50th Anniversary at Beaumont House over the weekend of 4-6 July 2014. Many of you will remember the annual HF and IOTA Convention at the Beaumont from 1991 to 2001 and will recall its beautiful setting in 40 acres of countryside just by the River Thames. Nearby is Magna Carta Island where the famous charter of civil rights was sealed, with Windsor and its attractions just up the road. The Beaumont has undergone major refurbishment and is now one of the most popular conference centre/hotels in the area ... (and we are assured that double-beds now sleep two, not one and a half, people!) Travel connections are easy, with London Heathrow Airport just 10 miles away (special taxi rates available if arranged through the Beaumont). The City of London itself is just 25 miles distant.

#### **TEAR-OFF SLIP FOR RETURN TO ROGER BALISTER, G3KMA (OR EMAIL G3KMA@DSL.PIPEX.COM)**

Please record me as interested in attending the IOTA 50th Anniversary Celebration at Beaumont House in Windsor, 4-6 July 2014.

Name ..... Callsign ..... Accompanied by wife/partner: Yes/No

Email Address ..... Staying at Beaumont House overnight: Yes/No

Subject to sufficient expressions of interest, we will go ahead and organise a truly international celebration of IOTA friends. We believe that there are many IOTA participants who will want to experience again the pleasure of a convention in such attractive surroundings as well as new island chasers and DXpeditioners who look forward to experiencing it for the first time.

We are currently working on the finances and envisage packages at the following prices (E&OE):

Cost of one person, one night (arrives Saturday morning, leaves Sunday morning)	£155.00
Cost of two persons, one night (ditto)	£220.00
Cost of one person, two nights (arrives Friday late afternoon, leaves Sunday morning)	£265.00
Cost of two persons, two nights (ditto)	£385.00

Depending on package these figures include Friday night dinner, Saturday breakfast, lunch and Gala Dinner and Sunday breakfast. However there may be scope for some price adjustment when we get into negotiations, for instance over making lunch optional. A rate for day visitors will also be available.

A full programme of interesting IOTA talks will be organised with speakers well-known to the IOTA Community. At the Saturday Gala Dinner prizes will be presented to IOTA Marathon winners who make the trip. A partners' programme will also be organised. For those not leaving on Sunday morning an interesting excursion locally is planned for the morning and afternoon.

Overseas visitors note: If you are intending to attend Friedrichshafen 2014 (27-29 June) why not make it a longer summer holiday by travelling across to Britain afterwards?

What we need are serious expressions of interest in attending, not firm commitments at this stage. We have set target figures for certain dates rolling forward. If we reach these, the event will go ahead. If not, the event will not proceed.

If you are interested, please let Roger, G3KMA know on the attached tear off slip or via email to [g3kma@dsl.pipex.com](mailto:g3kma@dsl.pipex.com), indicating the number attending and an email address. This is a one-off non-repeatable event to celebrate IOTA's 50th Anniversary and will not replace the October RSGB Convention. Please consider if you can come and help make this happen.
