GOOD TO KNOW

8P6DR MISSING RTTY LOGS • There is a problem with logs for the 2015 activity, Richard G3RWL (8P6DR) reports. Some RTTY QSOs were lost in the backup process. If you think you had an RTTY QSO with 8P6DR during the following dates: 25 March to 2 April, 4-8 April and 9 April (from 16.22 UTC) to 13 April, but the QSOs do not appear in Club Log, then please contact him immediately (g3rwl[at]amsat.org). After a few days (to correct any broken, or missing, call signs) he will upload to LOTW. Later amendments will not get onto LOTW. Other information is on his qrz.com page. [TNX G3RWL]

BOUVET 2016: FINAL PRESS RELEASE • "After press release #3 (www.on4ww.be/bouvet2016_pr3.html), I was optimistic in terms of securing the required funding for the 'one-man three-month concept' DXpedition", Mark, ON4WW says. "Thanks to so many of you, the necessary up-front expenses were getting close to being covered by the pledges received at that time. I was also hopeful that the larger DX associations and foundations would step forward to contribute as we were getting close to realization. At this point in time, I have no other choice than to report that the funding is not sufficient to move forward. As I am sure you know, there are a number of large DXpeditions being arranged for late 2015 and early 2016, and they are more or less competing for the same resources. I didn't manage to create sufficient interest among potential external (non-ham) donors, and my one-man concept is of course somewhat controversial by nature. Though, I am still convinced that - even if my particular approach is not necessarily the solution - future DXpeditioning has to find other forms in order to remain sustainable. After having received permission for Bouvet from NPI (Norwegian Polar Institute), my wife (!), my employer (5 months leave without pay) and getting close to the sufficient up-front funding, this is a bitter pill to swallow. But I am extremely grateful to all of you for having lived this dream with me. And not the least to my angel sponsor who kept things going. As I stated from the beginning, don't be sad, someone else will activate Bouvet!"

CQ WW CONTEST PROPOSED RULES CHANGES • The CQ WW Contest Committee provides a preview of the rules for the 2015 CQ WW DX Contest SSB & CW. The direct link to the draft can be found at <http://cqww.com/blog/>. This is a public review period to invite any comments before the final rules are announced on 1 June. Please send any feedback to questions[at]cqww.com before 30 May.

FT5ZM DVD • The DVD of the 2014 FT5ZM DXpedition to Amsterdam Island is now available: "this was a truly international DXpedition with 14 operators from eight different countries, a seven-week adventure culminating in an amazing 140,000 QSOs from the middle of the southern Indian Ocean". Details can be found at www.k4uee.com/dvd.

HEARD ISLAND 2016 ● The VK0EK expedition to Heard Island has been postponed to March-April 2016. On 13 May Cordell Expeditions signed a new contract with Nigel Jolly, owner and operator of the "Braveheart". The ship will depart from Cape Town (South Africa) on 6 March and return to Fremantle (Australia) on 20 April, with a nominal 21-day stay at Heard Island (16 March-8 April). While the radio operation is the primary goal, the team will also carry out a limited scientific programme. "Obviously, the conversion to the new vessel and schedule will require adapting the team and the project activities, but the major goals of the expedition remain unchanged. We are grateful to the Northern California DX Foundation and numerous other organizations, and many, many individuals for their generous support of this project. We will update the various documents and websites in the near future". The official website for the DXpedition is at www.vk0ek.org, while www.heardisland.org is the website for the scientific project. [TNX KY6R]

NEW IOTA CHECKPOINTS APPOINTED ● RSGB IOTA Management is pleased to announce the appointment with effect from 9 May 2015 of two new checkpoints to cover the central East European countries previously covered by Alex HA7UW (SK). George Szabadkay, HA5WA (geos[@]upcmail.hu) has agreed to take on checkpoint duties for Hungary, Czech Republic, Romania and Slovakia. Augustyn Wawrzynek, SP6BOW (sp6bow[@]poczta.onet.pl) has agreed to accept a similar task for Poland, Estonia, Latvia and Lithuania. Their mailing addresses are OK in QRZ.com. We welcome George and Augustyn to the team and look forward to an increase in IOTA awareness in their areas. IOTA Participants in these countries, please note your new checkpoint. [TNX G3KMA]

OC-274 ● Departure was delayed for 12 hours, and YB4IR and YB8RW left Ambon around 2 UTC on 27 April. Apparently bad weather conditions prevented them from landing for quite some time, as they started activity as YB4IR/8 and YB8RW/p from Pulau Bingkudu, Penyau Islands (OC-274, new one for IOTA) on 29 April around 5 UTC. Then "a bad storm hit the islands", and they were off the air for over 24 hours as they "spent the entire day drying their equipment". Operations resumed around 8 UTC on 1 May. The latest report on <https://lucipara2015.wordpress.com> adds that Imam and Din now plan to stay on the island until 3 May.

OQRS WEBSITE ● Has developed "a very simple, easy and convenient" OQRS website for "small DXpeditions, holiday types, casual operations, etc" that might like to offer an OQRS for direct cards "without some of the complications": www.QSLNOW.com. "You are invited to check this out, and if you're interested in more, contact me by email (rrowe61[@]sbcglobal.net)". [TNX N4AA]

PY0NY ● This is Godoi, PY4NY, was granted special permission to operate as PY0NY from Fernando de Noronha on 2-9 May. QSL via home call (Janio de Souza Godoi, Rua Bom Jesus da Penha 659 BL 47 Ap. 1103, Santa Terezinha, Belo Horizonte - MG, 31365-190, Brazil), eQSL and LoTW.

QSL GALLERY ● The large collection of QSL cards on Les Nouvelles DX's web site has been updated. Fifteen different galleries include 12,810 cards for the ten Most Wanted DXCC Entities (2004-14), the 61 deleted DXCC Entities, obsolete prefixes, stations from Maghreb from 1945 to 1962, Allied Forces stations in Germany (1945-70), special stations commemorating ITU and IARU, Antarctic bases & TAAF (Terres Australes and Antarctiques Francaises), the various French DXCC island Entities in the Pacific Ocean, the Indian Ocean and the Americas (from 1945 to 1970), pre-1945 countries, French Departments and CONUS, plus a gallery for cards not accepted by DXCC. Your participation is encouraged: www.LesNouvellesdx.fr. [TNX F6AJA]

QSL RU9CZD ● With immediate effect G3SWH is the QSL manager for RU9CZD. As Igor is not a member of the RSGB, paper cards are only available direct with adequate return postage. "Those logs that I have available have been uploaded to LoTW and Club Log, and there is also a log search at www.g3swh.org.uk/ru9czd.html". [TNX G3SWH]

QSL VIA NR6M ● NR6M is the new QSL manager for ZS6WN and ZR9C. He has all the logs and will handle all direct and bureau requests. Club Log's OQRS has been enabled and the QSL cards are being designed.

SV2/YL7A ● A group of Latvian operators had announced plans to be QRV from Mount Athos on 19-28 May, but on the 21st the operation was cancelled. See www.dx-world.net/sv2-yl7a-mt-athos/, as the preliminary reports that was published on www.lral.lv/exped/sv2/yl7a/ is no longer available.

US ISLANDS ● "One-Day Getaway" [425DXN 1245] is a US Islands (USI) Awards Program's new operating activity that will take place on 9 May (from 00.00 UTC through 23.59 UTC). More than 70 islands have been registered for activation, including the following IOTA groups: NA-055 (N1QLL), NA-058 (K8CQ), NA-079 (KG4DRP), NA-083 (N3JS), NA-099 (WP4I), NA-106 (KP2XX), NA-112 (N2COP), NA-140 (KA3UNQ), NA-142 (KC4ERT) and NA-213 (KK4BJV). Complete information on the event and the US Islands Program can be found on www.usislands.org. [TNX NS4J]

VP8SGI & VP8STI ● "The fourteen members of the VP8STI/VP8SGI team have committed to paying \$210,000 of the \$425,000 needed to carry out this DXpedition. To date, we have raised \$315,000 which includes our team contribution; North America Clubs & Foundations have provided 87% of our support, while 12% comes from Europe and less than one percent from Asia. We still have a significant deficit of \$110,000. The VP8STI/VP8SGI team needs the support of the worldwide DX Community to help make this DXpedition a success". The last major operations from South Georgia and South Sandwich Islands took place in 2002. Since that time, these islands have steadily climbed the most wanted list and are currently the #3 (South Sandwich) and #8 (South Georgia) most wanted DXCC Entities. The VP8SGI/VP8STI team's goal is to conduct two 8-10 day DXpeditions to each of these island groups: "to effectively do that, we need your assistance no matter what level of donation you can make. We encourage you to visit www.intrepid-dx.com/vp8 and donate via the PayPal link".

W4DXCC • Sponsored by the SouthEastern DX and Contesting Organization, Inc. (SEDCO), the 11th W4 DX and Contest Convention will be held at the MainStay Suites Conference Center in Pigeon Forge, Tennessee on 25-26 September. Complete details can be found at www.w4dxcc.com. [TNX K4SV]

+ **SILENT KEY** + Former Vice President of the Radio Amateur Society of Thailand Ray Gerrard, HS0ZDZ (**G3NOM**) passed away on 20 May, aged 75. He had only partially recovered from a heart attack that he had suffered in November 2004. Ray became actively involved in the activities of RAST shortly after his arrival in Thailand on a work assignment around 1990. He also operated as 9M2OM and participated in several DXpeditions, including XZ0A in 2000 (Thahtay Kyun, AS-144), E29AL in 2001 (Koh Tarutao, AS-126) and XW1HS in 2002.

CQ HALL OF FAME 2015

On 15 May CQ magazine announced its 2015 Hall of Fame inductees, adding two members each to the CQ DX and Contest Halls of Fame, as well as nine new members of the CQ Amateur Radio Hall of Fame.

The **CQ Amateur Radio Hall of Fame** honors those individuals, whether licensed hams or not, who have made significant contributions to amateur radio; and those amateurs who have made significant contributions either to amateur radio, to their professional careers or to some other aspect of life on our planet. The 2015 inductees (listed alphabetically) are:

- **Tim Allen, KK6OTD** - Actor and star of the ABC comedy, "Last Man Standing," on which his character is also a ham, Mike Baxter, KA0XTT.
- **Charles Apgar, ex-2MN (SK)** - Uncovered German spy transmissions from Telefunken shore station WSL in New York during WWI.
- **Dan Benishek, KB8TOW** - Member of Congress from Michigan. Medical doctor and advocate for veterans.
- **Olof Lundberg, G0CKV** - Leader of the communications satellite industry for a quarter-century. Founding Director General of Inmarsat; founder, CEO and Chairman of ICO Global Communications and CEO of Globalstar, Inc.
- **Bre Pettis, W2BRE** - 3D printing pioneer and founder of MakerBot.
- **Alvino Rey, W6UK (SK)** - A leading musician of the swing era, Rey is considered the father of the electric guitar and inventor of the talk box, pickups and other electronic musical devices. He combined his love for music with his love of radio to transform the music world.
- **Bob Twiggs, KE6QMD** - Co-inventor of the cubesat design standard.
- **Greg Walden, W7EQI** - Member of Congress from Oregon. Chairman of the House Communications and Technology Subcommittee.
- **Joko "Jokowi" Widodo, YD2JKW** - President of Indonesia.

The CQ DX and Contest and DX Halls of Fame honor those amateurs who not only excel in personal performance in these major areas of amateur radio but who also "give back" to the hobby in outstanding ways.

The 2015 inductees to the **CQ DX Hall of Fame** are:

- **Yasuo "Zorro" Miyazawa, JH1AJT** is a DXer, DXpeditioner, educator and philanthropist. Zorro is the founder and CEO of the Seisa Group, which runs schools in several countries; and founder/CEO of the Foundation for Global Children, which provides medical and educational support for children in Japan, Bhutan, Myanmar, Cambodia and Bangladesh. Zorro has also helped promote or re-introduce amateur radio to many of these places, and has donated money and/or equipment to help amateurs in rare locations get or stay on the air.
- **Michael Wells, G7VJR** is founder of Club Log, an online DXpedition log-hosting tool that has changed the face of DXpedition operating by, among other things, allowing operators to upload their logs while still on the air and permit hams around the world to know if they are "in the log" on a given band or mode. Michael is a DXpeditioner himself, having been part of a half-dozen major operations and having operated from 25 different DX entities over the past 10 years.

The 2015 inductees to the **CQ Contest Hall of Fame** are:

- **Doug Grant, K1DG** is not only a world-class contester, but has not hesitated to share his knowledge and skills with others. He has built or helped to build several championship contest stations, is a founding member of the Yankee Clipper Contest Club, a founding director of the World Wide Radio Operators Foundation, is a regular instructor at Contest University and has run the Contest Forum at the Dayton Hamvention® for the past 20 years. In addition, Doug has competed in five World Radiosport Team Championships (WRTCs), and has medaled three times.
- **Ward Silver, N0AX** has been a contester for over four decades and has operated from some of the world's top contest stations, spanning four continents. A founder of the World Radiosport Team Championship (WRTC) competitions in 1990, Ward is currently Secretary of the WRTC Sanctioning Committee. He is also president of the YASME Foundation, which supports DXpeditions and contest operations around the world, QST contesting editor and author of Ham Radio for Dummies and Circuitbuilding Do-It-Yourself for Dummies.

Formal inductions to the CQ Contest and DX Halls of Fame are scheduled for the Dayton Hamvention®. More detailed descriptions of inductees will appear in the official announcement in the July 2015 issue of CQ magazine.
